- Easy to use!

Directions for Use:
The Directions for Use of this product must be followed carefully. It is impossible to eliminate all risks inherently associated with the use of this product. Injury, illness, or other unintended consequences may result because of such factors as manner of use or application, weather or crop conditions, presence of other materials or other influencing factors in the use of the product, which are beyond the control of Seller or BIOSAFE SYSTEMS, LLC. Any risks shall be assumed by Buyer and User, and Buyer and User agree to hold BIOSAFE SYSTEMS and Seller free for any claims relating to such factors. BIOSAFE SYSTEMS warrants that this product conforms to the chemical description on the label and is reasonably fit for the purposes stated in the Directions for Use, subject to the inherent risks referred to above when used in accordance with directions under normal use conditions. This warranty does not extend to the use of the product contrary to label instructions, or under abnormal conditions or under conditions not reasonably foreseeable to or beyond the control of Seller or BIOSAFE SYSTEMS, and Buyer and User assume the risk of any such use. To the extent consistent with applicable law, BIOSAFE SYSTEMS MAKES NO WARRANTIES OF MERCHANTABILITY OR OF FITNESS FOR A PARTICULAR PURPOSE, NOR ANY OTHER EXPRESSED OR IMPLIED WARRANTY EXCEPT AS STATED ABOVE.

To the extent consistent with applicable law, in no event shall BIOSAFE SYSTEMS or Seller be liable for any incidental, consequential or special damages resulting from the use or handling of this product. TO THE EXTENT CONSISTENT WITH APPLICABLE LAW, THE EXCLUSIVE REMEDY OF THE USER OR BUYER AND THE EXCLUSIVE LIABILITY OF BIOSAFE SYSTEMS AND SELLER FOR ANY AND ALL CLAIMS, LOSSES, INJURIES OR DAMAGES (INCLUDING CLAIMS BASED ON BREACH OF WARRANTY, CONTRACT, NEGLIGENCE, TORT, STRICT LIABILITY OR OTHERWISE) RESULTING FROM THE USE OR HANDLING OF THIS PRODUCT, SHALL BE THE RETURN OF THE PURCHASE PRICE OF THE PRODUCT, THE REPLACEMENT OF THE PRODUCT, BIOSAFE SYSTEMS and Seller offer this product, and Buyer and User accept it, subject to the foregoing Conditions of Sale and Limitation of Warranty and Liability, which may not be modified except by written agreement signed by a duly authorized representative of BIOSAFE SYSTEMS.

**Physical and Chemical Hazards:** Strong oxidizing agent. Corrosive. Mix only with water in accordance with label instructions. Do not bring in contact with other pesticides, cleansers or oxidizing agents.

**Directions for Use:** It is a violation of federal law to use this product in a manner inconsistent with its labeling. Do not apply to water bodies where amphibians or fish are not well established. Regular maintenance treatments will prevent algae problems. GreenClean Tablets works best for preventive control of algae. For maximum control, treatments should be free of established algae problems.

- Add GreenClean Tablets according to the recommended application rates. When using more than one scoop in an application, distribute the product evenly throughout the water body.
- Skim any dead algae and organic matter that rises to the water’s surface after treatment. Dead algae and organs to sink and decay will provide a food source and additional nutrients that stimulate algae growth in the water body.

**General Treatment Notes:**
- Use for algae control in early spring and all season long.
- Control is most easily achieved when algae are not yet well established. Regular maintenance applications will prevent algae from appearing.
- Never mix GreenClean Tablets with aquatic herbicides or algaecides containing copper or boron. Always apply GreenClean Tablets first, and wait 48 hours before adding any other products.

**Application Rates Based on Gallon Size:**

<table>
<thead>
<tr>
<th>Gallons</th>

</tbody>
</table>

**Application Instructions:**
- GreenClean Tablets works best for preventing control of algae. For maximum control, treatments should be free of established algae problems.
- Always apply at higher than recommended rates. GreenClean Tablets is a slow-release for mula. Results will not be immediate, but will be prolonged.
- For spot treatments, use GreenClean Granular according to label directions. Wait at least 72 hours to apply GreenClean Granular before or after GreenClean Tablets application.
- GreenClean Tablets can be applied to water features such as fountains and ornamental water features containing fish when used at listed rates.
- If using in conjunction with other water additives such as bacteria or enzymes, always apply GreenClean Tablets first, and wait 48 hours before adding any other products.
- Never mix GreenClean Tablets with aquatic herbicides or algaecides containing copper or boron. Always apply GreenClean Tablets at least 48 hours prior to the application of these other products.

**Storage and Disposal:**
- Do not contaminate water, food, or feed by storage or disposal.

**Pesticide Storage:** Store in original containers in dry, cool, well-vented area. Do not allow product to get wet. Keep away from direct sunlight. Do not allow product to become overheated in storage. This may cause increased degradation of the product, resulting in reduced product effectiveness. In case of spill, flood area with large quantities of water.

**Container Disposal:** Nonrefillable container. If empty – Do not reuse or refill this container. Place in trash or for off-site recycling. If partly filled call your local solid waste agency for disposal instructions. Never place unused product down any indoor or outdoor drain.
