**BUCKEYE WATCHDOG NF** is a no-rinse disinfectant cleaner that disinfects, cleans and deodorizes in one labor-saving step.

Kills Avian Influenza A Virus.

**BUCKEYE WATCHDOG NF** is an economical concentrate that can be used with a mop and bucket, trigger sprayer, sponge or by soaking. This product’s formulation will not harm most surfaces. This product is formulated to disinfect, clean and deodorize washable, hard, non-porous surfaces such as: plated- or stainless-steel, aluminum, chrome, glazed porcelain, glazed tile, laminated surfaces, vinyl and plastic.

**BUCKEYE WATCHDOG NF** cleans by removing dirt, grime, mold, mildew, blood, urine, fecal matter and other common soils found in animal housing facilities, livestock, swine or poultry facilities, grooming facilities, farms, kennels, pet stores, veterinary clinics, laboratories or other small animal facilities. This product also eliminates odors leaving surfaces smelling clean and fresh.

If it is a violation of Federal law to use this product in a manner inconsistent with its labeling.

**DIRECTIONS FOR USE**

This product is not for use on medical device surfaces.

**FOR USE AS A DISINFECTANT:**

1. Clean off contaminated clothing. Rinse skin immediately with plenty of water to remove any remaining liquid and clean up any spills. Apply a suitable disinfectant to all affected areas. 2. Apply solution of 1 oz. of this product per gal. of water (or equivalent use dilution) to disinfected, non-porous surfaces with a sponge, brush, cloth, mop, by immersion, mechanical spray device, or coarse trigger spray device. For soap applications, spray-spray mixture onto surfaces. Do not allow solution to dry. 3. Treated surfaces must remain wet for 10 minutes. 4. Wipe dry with a clean cloth or paper towel after application of product. This product is not for use on medical device surfaces.

**FOR USE AS AN ANIMAL PREMISE DISINFECTANT/VIRUCIDE:**

1. Apply solution of 1 oz. of this product per gal. of water (1:128) (270 ppm active) (or equivalent use dilution) to effectively against designated animal viruses on the label.

2. Apply solution to disinfected, non-porous surfaces with a sponge, brush, cloth, by immersion, mechanical spray device, coarse trigger spray device. For spray applications, spray 4-8 inches from surface. Do not breathe spray. 3. Treated surfaces must remain wet for 10 minutes. 4. Wipe dry with a clean cloth or paper towel after application of product. This product is not for use on medical device surfaces.

**PRECAUTIONARY STATEMENTS**

**HAZARDS TO HUMANS AND DOMESTIC ANIMALS**

**DANGER.** Corrosive. Causes irreversible eye damage and skin burns. Harmful if swallowed or absorbed through the skin. Do not get in eyes, on skin, or on clothing. Wear goggles or face shield and chemical resistant gloves and protective clothing when handling. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco or using the toilet. Remove contaminated clothing and wash clothing before reuse.

**ENVIRONMENTAL HAZARDS**

This product is toxic to fish, aquatic invertebrates, oysters and shrimp. Do not discharge effluent containing this product into lakes, streams, ponds, estuaries, oceans, or other waters unless in accordance with the requirements of a National Pollutant Discharge Elimination System (NPDES) permit and the permitting authority has been notified in writing prior to discharge. Do not discharge effluent containing this product into sewage systems without previously notifying the local sewage treatment plant authority. For guidance contact your State Water Board or Regional Office of the EPA.

**STORAGE AND DISPOSAL**

Do not contaminate water, food, or feed by storage and disposal.

**PESTICIDE STORAGE:** Store only in original container. Keep this product under locked storage sufficient to make it inaccessible to children or persons unfamiliar with its proper use.

**PESTICIDE DISPOSAL:** Pesticide wastes are acute hazardly. Improper disposal of excess pesticide, spray mixture or rinsate is a violation of Federal Law. If these wastes cannot be disposed of by use according to label instructions, contact the State Water Board or Regional Office of the EPA. Please consult an EPA-registered professional. Check with your State or Regional Office of the EPA to determine if this pesticide is contained in any institutional or commercial treatment systems. This product is not a National Pollutant Discharge Elimination System (NPDES) pollutant and the permitting authority has been notified in writing prior to discharge. Do not discharge effluent containing this product into sewage systems without previously notifying the local sewage treatment plant authority. For guidance contact your State Water Board or Regional Office of the EPA.

In case of emergency, call a poison control center or doctor for treatment advice. Have the product container or label with you when calling a poison control center or doctor, or going for treatment. IF IN EYES: Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. IF ON SKIN: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. IF SWALLOWED: Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by a poison control center or doctor. Do not give anything by mouth to an unconscious person. Call a poison control center or doctor immediately for treatment advice. IF INHALED: Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably mouth-to-mouth, if possible. REFER TO PHYSICIAN: Probable mucosal damage may compromise the use of medical emergency, call 800-303-0441. Outside North America call 661-482-1252.
