**STORAGE & DISPOSAL:**

**PRODUCT DESCRIPTION:**

**WHY YOU SHOULD USE THIS PRODUCT:**

For crystal clear pool water, follow our 4 step hth® pool maintenance plan. Use hth® shock treatment weekly to maintain a chlorine residual of 1-4 ppm. This product controls algae, kills bacteria and destroys organic contaminants. These tablets are designed to be used in the skimmer basket and dissolve slowly. This product is a slow dissolving product that is easy and convenient to use. 

**HOW TO CALCULATE POOL CAPACITY IN U.S. GALLONS**

**FORMULA (Dimensions in feet)**

\[ \text{Di} \times \text{Di} \times \text{AD} \times 5.9 = \text{total gallons} \]

**STORAGE & DISPOSAL:**

Nonrefillable container. Do not reuse or refill this container. Offer surplus to a licensed Convenience Store or EPA Designated Site. 

**FIRST AID:**

**IF IN EYES:** Rinse with water for 15 minutes. 

**IF ON SKIN OR CLOTHING:** Rinse with water or soap and water. Change clothing if necessary. 

**IF INHALED:** Get fresh air to breathe. 

**IN CASE OF CONTACT:** Wash exposed area with plenty of water for 15 minutes. Do not induce vomiting unless told to do so by a poison control center or doctor. Do not eat, drink, chew gum, or smoke. 

**IF SWALLOWED:** Do not give water to drink. Do not induce vomiting unless told to do so by a poison control center or doctor. Do not eat, drink, chew gum, or smoke. 

**NOTE:** Follow label directions for each product and treatment advice.
