Ultra-Kote

Serious Protection for Heavy Fouling Areas
For Fiberglass, Wood or Steel Power Boats
Excellent Protection for Severe Fouling Areas
Hard Scrubbable Finish

ACTIVE INGREDIENT: PERCENT
CUPROUS OXIDE 57.03%
INERT INGREDIENT 43.02%
ELEMINTAL COPPER 0.02%

KEEP OUT OF REACH OF CHILDREN
WARNING
See Side Panel for Additional Precautionary Statements.

3669U BLUE

NET CONTENTS:
ONE U.S. GALLON (3.785 L)
ULTRA-KOTE

PRODUCT DESCRIPTION: This product is a hard, high-strength anti-fouling designed for minimum protection throughout the chemical and high friction conditions. This product has added benefits of excellent color homogeneity and stability. The fast dry formula of this product allows your boat to be painted and launched in the same day. This product is recommended for use on fiberglass, wood or properly primed steel and lead. Apply at least two coats with brush, roller or spray. Do not apply when temperature is below 50°F (10°C).

DIRECTIONS FOR USE: It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

COMPATIBILITY: This product is compatible with most other anti-fouling paints provided they are in sound condition and have been sanded. Soft anti-fouling paints and primers that are in poor condition will need to be removed or overcoated with Interlux® before applying this product.

V.O.C.: Less than 330 gram/liter (3.75 lbs/gallon)

THEORETICAL COVERAGE: 550 sq. ft./gallon

DRIED: 2 mil dry film thickness

DRIY TIME: Touch dry - 1 hour

BRUSHING LIQUID 333

THINNING: Thin only when necessary

Do not exceed 10% maximum.

CLEAN-UP: SPECIAL THINNER 331 or BRUSHING LIQUID 333.

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS AND DOMESTIC ANIMALS

WARNING

Carnes eye irritation. Harmful if absorbed through skin. Avoid contact with skin, eyes or clothing. Wear protective clothing such as gloves, long-sleeved cotton shirt, long pants and hat. May be lethal if swallowed or inhaled. Do not breathe vapor or spray mist. When spraying, keep area well ventilated and away from flammable surfaces. In case of safety, use a respirator approved by the Mining Safety and Health Administration and the National Institute of Occupational Safety and Health. Remove contaminated clothing and wash before reuse. Wash thoroughly with soap and water after handling.

FIRST AID:

If swallowed:

• Call a poison control center of doctor immediately for treatment advice.
• Have person sip a glass of water if able to swallow
• Do not induce vomiting unless told to do so by a poison control center or doctor
• Do not give anything by mouth to an unconscious person

If on skin or clothing:

• Take off contaminated clothing
• Rinse skin immediately with plenty of water for 15-20 minutes
• Call a poison control center of doctor for treatment advice

If inhaled:

• Move person to fresh air
• If person is not breathing, call 911 or an ambulance then give artificial respiration, preferably mouth-to-mouth if possible
• Call a poison control center or doctor for treatment advice

If in eyes:

• Hold eye open and rinse slowly and gently with water for 15-20 minutes
• Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye
• Call a poison control center of doctor for treatment advice

Other:

Keep the product container or label with you when calling a poison control center or doctor for treatment advice.

ENVIROMENTAL HAZARDOUS: This material is toxic to fish. Do not apply directly to water by draining of equipment of disposal of washings. Do not allow chips and dust generated during paint removal to enter water. Disposal of paint reclaim in an approved landfill. Do not discharge effluent containing this product into lakes, streams, ponds or other surface waters unless in accordance with the requirements of a National Pollution Discharge Elimination System (NPDES) permit and the permitting authority has been notified in writing prior to discharge. Do not discharge effluent to sewer system without previously notifying the local sewerage treatment plant authority. For guidance contact your State Water Board or Regional Office of the EPA.

PHYSICAL OR CHEMICAL HAZARD: Flammable. Keep away from heat and open flames.

STORAGE AND DISPOSAL: Do not contaminate water, food or feed by storage of disposal. Open dumping is prohibited.

PACKAGING DISPOSAL: Paint cans are disposable, but do not contain hazardous or improper disposal of excess paint or spray mixture in a violation of Federal Law. If these wastes cannot be disposed of by you, according to label instructions, contact your State Pesticide or Environmental control Agency, or the Hazardous Waste Representative at the nearest EPA Regional Office for guidance.

CONTAINER DISPOSAL: Nonrefillable containers. Do not reuse or refill this container. Disposal as hazardous.

PACKAGING DISPOSAL: Empty the remaining contents into application equipment or a mix tank and drain for 10 seconds after the flow begins to drip. Fill the container 1/4 full with water and recap. Shake for 10 seconds. Pour into application equipment or a mix tank and store container for later use or disposal. Drain for 10 seconds after the flow begins to drip. Repeat this procedure two or more times.
