KEEP OUT OF REACH OF CHILDREN
DANGER PELOIGRO

FIRST AID: In case of emergency, call a poison control center or doctor for treatment advice. Have the product container or label with you when calling a poison control center or doctor, or going for treatment. IF IN EYES: Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. IF ON SKIN: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. IF SWALLOWED: Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by a poison control center or doctor. Do not give anything by mouth to an unconscious person. Call a poison control center or doctor immediately for treatment advice. IF INHALED: Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably mouth-to-mouth, if possible.

NOTE TO PHYSICIAN: Probable mucosal damage may contraindicate the use of gastric lavage.

PRECAUTIONARY STATEMENTS:
HAZARDS TO HUMANS AND DOMESTIC ANIMALS
DANGER, Corrosive. Causes irreversible eye damage and skin burns. Harmful if swallowed, inhaled or absorbed through the skin. Avoid breathing spray mist. Do not get in eyes, on skin or on clothing. Do not ingest. Wash goggles or face shield and rubber gloves and protective clothing when handling. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco or using the toilet. Remove contaminated clothing and wash before reuse.

ENVIRONMENTAL HAZARDS: This product is toxic to fish and aquatic invertebrates.

For use on milk storage and handling systems, coffee urns, coffee pots, hot water dispensers, tea dispensers and ice machines. For use in coffee shops.

FOOD CONTACT SANITIZING PERFORMANCE
This product is an effective food contact sanitizer in 1 minute at 1 oz. per 4 gal. of water. 1 oz. per 4 gal. (200-400 ppm active quat) (or equivalent use dilution) for at least 1 minute. Surfaces must remain wet for at least 1 minute. Allow sanitized surfaces to adequately drain before contact with food. Do not rinse.

DIRECTIONS FOR USE:
1. Shut off incoming water line to machine and turn off refrigeration. 2. Wash with a compatible detergent and rinse with potable water before sanitizing. (Note: Use this direction only if applicable). 3. Apply a solution of 1 oz. of this product per 4 gal. of water (200-400 ppm active quat) (or equivalent use dilution) by mechanical spray, direct pouring, or by circulating through the system. 4. Allow surfaces to remain wet or solution to remain in equipment for at least 1 minute. Drain thoroughly before reuse and allow sanitized surfaces to adequately drain before contact with liquid. 5. Return machine to normal operation.

PESTICIDE DISPOSAL:
Do not contaminate water, food, or feed by storage and disposal. PESTICIDE STORAGE: Store only in original container. Keep this product under locked storage sufficient to make it inaccessible to children or persons unfamiliar with its proper use. PESTICIDE DISPOSAL: Pesticides are acutely hazardous. Improper disposal of excess pesticide, spray mixture or rinsate is a violation of Federal Law. If these wastes cannot be disposed of by use according to label instructions, contact your State Pesticide or Environmental Control Agency, or the Hazardous Waste Representative at the nearest EPA Regional Office for guidance. CONTAINER HANDLING: Non-Refillable Container. Do not reuse or refill this container. Triple rinse container promptly after emptying. Triple rinse as follows: Fill the container 1/4 full with water and recap. Shake for 10 seconds. Drain for 10 seconds. Pour into sanitary landfill, or by incineration. Do not contaminate water, food, or feed by storage and disposal.

**PRECAUTIONARY STATEMENTS**

**HAZARDS TO HUMANS AND DOMESTIC ANIMALS**

**DANGER.** Corrosive. Causes irreversible eye damage and skin burns. Harmful if swallowed, inhaled or absorbed through the skin. Avoid breathing spray mist. Do not get in eyes, on skin or on clothing. Wear goggles or face shield when working with this product. Do not breathe spray. Surfaces must remain wet for at least 1 minute. Allow sanitized surfaces to adequately drain before contact with food. Do not rinse. Prepare a fresh solution daily or when visibly dirty. For mechanical application, use solution must not be reused for sanitizing applications.

**STORAGE AND DISPOSAL**

Do not contaminate water, food, or feed by storage and disposal. **PESTICIDE STORAGE:** Store only in original container. Keep this product under locked storage sufficient to make it inaccessible to children or persons unfamiliar with its proper use. **PESTICIDE DISPOSAL:** Pesticide wastes are acutely hazardous. Improper disposal of excess pesticide, spray mixture or rinseate is a violation of Federal Law. If these wastes cannot be disposed of by use according to label instructions, contact your State Pesticide or Environmental Control Agency, or the Hazardous Waste Representative at the nearest EPA Regional Office for guidance. **CONTAINER HANDLING:** Do not re-use or refill this container. Triple rinse container promptly after emptying. Triple rinse as follows: Fill the container 1/4 full with water and recap. Shake for 10 seconds. Drain for 10 seconds after the flow begins to drip. Follow Pesticide Disposal instructions for rinseate disposal. Repeat this procedure two or more times. Then offer for recycling if available or puncture and dispose of in a sanitary landfill, or by incineration.

**ENGLISH**

**DIRECTIONS FOR USE:**

Before using this product, food products and packaging materials must be removed from the room or carefully pre-cleaned.

**FOOD CONTACT SANITIZING PERFORMANCE**

This product is an effective food contact sanitizer in 1 minute at 1 oz. per 4 gal. of 500 ppm hard water on hard, non-porous food contact surfaces with a brush, cloth, mop, sponge, auto scrubber, mechanical spray device. For spray applications, spray 6-8 inches from surface. Do not breathe spray. Surfaces must remain wet for at least 1 minute. Allow sanitized surfaces to adequately drain before contact with food. Do not rinse. For articles too large for immersing, apply a use solution of 1-2 oz. of this product per 4 gal. of water (200-400 ppm active quat) (or equivalent use dilution) to sanitize hard, non-porous food contact surfaces with a brush, cloth, mop, sponge, auto scrubber, mechanical spray device. For mechanical application, use solution must not be reused for sanitizing applications.

**BEVERAGE DISPENSING AND SANITARY FILLING EQUIPMENT SANITIZER DIRECTIONS:** For sanitizing hard, non-porous bottling or pre-mix dispensing equipment and bottles or cans in the final rinse application. This product is to be proportioned into the final rinse water line of the container washer or rinser. Fill equipment with a solution of 1-2 oz. of this product per 4 gal. of water (200-400 ppm active quat) (or equivalent use dilution). Surfaces must remain wet for at least 1 minute or until operations resume at which time the sanitizing solution must be drained from the system. Allow sanitized surfaces to adequately drain before contact with liquid. Do not rinse.

**SANITIZATION OF INTERIOR HARD, NON-POREUS SURFACES OF ICE MACHINES:** Ice Machines - sanitation must occur after initial installation, after the machine is serviced and periodically during its use. Use a 1-2 oz. of this product per 4 gal. of water (200-400 ppm active quat) (or equivalent use dilution). Surfaces must remain wet for at least 1 minute. Allow sanitized surfaces to adequately drain before contact with liquid. 5. Return machine to normal operation.

**FOR USE AS A GENERAL CLEANER:** Apply use solution of 1 oz. of this product per 4 gal. of water to hard, non-porous surfaces. Allow to air dry. For heavy-duty use, add 2 oz. of this product per 4 gal. of water to clean hard, non-porous surfaces.

PRECAUTIONARY STATEMENTS
HAZARDS TO HUMANS AND DOMESTIC ANIMALS
DANGER: Corrosive. Causes irreversible eye damage and skin burns. Harmful if swallowed, inhaled or absorbed through the skin. Avoid breathing spray mist. Do not get in eyes, on skin or on clothing. Wear goggles or face shield and rubber gloves and protective clothing when handling. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco or using the toilet. Remove contaminated clothing and wash clothing before reuse.

ENVIRONMENTAL HAZARDS: This product is toxic to fish and aquatic invertebrates. For use on milk storage and handling systems, coffee urns, coffee pots, hot water dispensers, tea dispensers and ice machines. For use in coffee shops.

FOOD CONTACT SANITIZING PERFORMANCE
This product is an effective food contact sanitizer in 1 minute at 1 oz. per 4 gal. of 500 ppm hard water on hard, non-porous surfaces. It is suitable for use in general cleaning, sanitizing or pre-cleaned glassware, dishes, silverware, cooking utensils and other similar size food processing equipment in a solution of 1-2 oz. of this product per 4 gal. of water (200-400 ppm active quat) (or equivalent use dilution) for at least 1 minute. Allow sanitized surfaces to adequately drain before contact with food. Do not rinse. For articles too large for immersing, apply a use solution of 1-2 oz. of this product per 4 gal. of water (200-400 ppm active quat) (or equivalent use dilution) to sanitize hard, non-porous food contact surfaces with a brush, cloth, mop, sponge, auto scrubber, mechanical spray device. For spray applications, spray 6-8 inches from surface. Do not breathe spray. Surfaces must remain wet for at least 1 minute. Allow sanitized surfaces to adequately drain before contact with food. Do not rinse. Prepare a fresh solution daily or when visibly dirty. For mechanical application, use solution must not be reused for sanitizing applications.

BEVERAGE DISPENSING AND SANITARY FILLING EQUIPMENT SANITIZER DIRECTIONS: For sanitizing hard, non-porous bottling or pre-mix dispensing equipment and bottles or cans in the final rinse application. This product is to be proportioned into the final rinse water line of the container washer or rinser. Fill equipment with a solution of 1-2 oz. of this product per 4 gal. of water (200-400 ppm active quat) (or equivalent use dilution). Surfaces must remain wet for at least 1 minute or until operations resume at which time the sanitizing solution must be drained from the system. Allow sanitized surfaces to adequately drain before contact with liquid. Do not rinse.

SANITIZATION OF INTERIOR HARD, NON-POROUS SURFACES OF ICE MACHINES: Ice Machines - sanitation must occur after initial installation, after the machine is serviced and periodically during its use. 1. Shut off incoming water line to machine and turn off refrigeration. 2. Wash with a compatible detergent and rinse with potable water before sanitizing. (Note: Use this direction only if applicable). 3. Apply a solution of 1-2 oz. of this product per 4 gal. of water (200-400 ppm active quat) (or equivalent use dilution) by mechanical spray, direct pouring, or by circulating through the system. 4. Allow surfaces to remain wet or solution to remain in equipment for at least 1 minute. Drain thoroughly before reuse and allow sanitized surfaces to adequately drain before contact with liquid. 5. Return machine to normal operation.

FOR USE AS A GENERAL CLEANER: Apply use solution of 1 oz. of this product per 4 gal. of water to hard, non-porous surfaces. Allow to air dry. For heavy-duty use, add 2 oz. of this product per 4 gal. of water to clean hard, non-porous surfaces.

STORAGE AND DISPOSAL
Do not contaminate water, food, or feed by storage and disposal. PESTICIDE STORAGE: Store only in original container. Keep this product under locked storage sufficient to make it inaccessible to children or persons unfamiliar with its proper use. PESTICIDE DISPOSAL: Pesticides wastes are acutely hazardous. Improper disposal of excess pesticide, spray mixture or rinseate is a violation of Federal Law. If these wastes cannot be disposed of by use according to label instructions, contact your State Pesticide or Environmental Control Agency, or the Hazardous Waste Representative at the nearest EPA Regional Office for guidance. CONTAINER HANDLING: Non-Refillable Container. Do not reuse or refill this container. Multiple rinse cycles may be necessary to completely remove the use solution. Triple rinse as follows: Fill the container 1/4 full with water and recap. Shake for 10 seconds. Drain for 10 seconds after the flow begins to drip. Follow Pesticide Dispersion instructions for rinseate disposal. Repeat this procedure two more times. Then offer for recycling if available or puncture and dispose of in a sanitary landfill, or by incineration.

For use on milk storage and handling systems, coffee urns, coffee pots, hot water dispensers, tea dispensers and ice machines. For use in coffee shops.

**FOOD CONTACT SANITIZING PERFORMANCE**

This product is an effective food contact sanitizer in 1 minute at 1 oz. per gal. of 500 ppm active quat at 68°F (20°C), non-porous surfaces: Escherichia coli, Salmomella enterica, Staphylococcus aureus. For use as a general cleaner: Apply use solution of 1 oz. per gal. of water to clean hard, non-porous surfaces. Allow to air dry. For heavy-duty use, add 2 oz. of this product per gal. of water to clean hard, non-porous surfaces.

**STORAGE AND DISPOSAL**

Do not contaminate water, food, or feed by storage and disposal. PESTICIDE STORAGE: Store only in original container. Keep this product under locked storage sufficient to make it inaccessible to children or persons unfamiliar with its proper use. PESTICIDE DISPOSAL: Pesticide wastes are acutely hazardous. Improper disposal of excess pesticide, spray mixture or rinsate is a violation of Federal Law. If these wastes cannot be disposed of by use according to label instructions, contact your State Pesticide or Environmental Control Agency, or the Hazardous Waste Representative at the nearest EPA Regional Office for guidance. CONTAINER HANDLING: Non-Refillable Container. Do not reuse or refill this container. This product contains high levels of ingredients that are harmful to humans and animals. THIS PRODUCT IS TOXIC TO ANIMALS. IMMEDIATELY DISPOSE OF THIS PRODUCT IN IMPROPERLY Computes of this product, not in closed tanks, lagoons, or drainage ditches. If you know of accidental spills, report them immediately and follow local regulations for removal. If a spill occurs, notify your local OG. To add 4 oz. of this product per gal. of water to clean hard, non-porous surfaces.

**DIRECTIONS FOR USE**

1. Remove gross food particles and soil by a pre-rinse or pre-scrape and when necessary, presoak. Then thoroughly wash or flush objects with a good detergent or compatible cleaner, followed by a potable water rinse before applications of the sanitizing solution.

2. FOOD CONTACT SANITIZING PERFORMANCE:

- **BEVERAGE DISPENSING AND SANITARY FILLING EQUIPMENT SANITIZER DIRECTIONS:**
  - Apply a use solution of 1 oz. of this product per gal. of water to beverages or pre-mix dispensing equipment and bottles or cans in the filling process. For use as a general cleaner: Apply use solution of 1 oz. per gal. of water to beverages or pre-mix dispensing equipment and bottles or cans in the filling process.

- **SANITIZATION OF INTERIOR HARD, NON-POROUS SURFACES OF ICE MACHINES:**
  - Immerse pre-cleaned glassware, dishes, silverware, cooking utensils and other equipment in a use solution of 1 oz. of this product per gal. of water (200-400 ppm active quat) for at least 1 minute. Allow sanitized surfaces to adequately drain before contact with liquid. Do not rinse.

**BEVERAGE DISPENSING AND SANITARY FILLING EQUIPMENT SANITIZER DIRECTIONS:**

For sanitary hard, non-porous bottling or pre-mix dispensing equipment and bottles or cans in the final rinse application. This product is to be proportioned into the final rinse water line of the container washer or rinser. Fill equipment with a solution of 1-2 oz. of this product per gal. of water (200-400 ppm active quat) (or equivalent use dilution). Surfaces must remain wet for at least 1 minute or until operations resume at which time the sanitizing solution must be drained from the system. Allow sanitized surfaces to adequately drain before contact with liquid. Do not rinse.

**SANITIZATION OF INTERIOR HARD, NON-POROUS SURFACES OF ICE MACHINES:**

Ice Machines sanitization must occur after initial installation, after the machine is serviced and periodically during its use. 1. Shut off incoming water line to machine and turn off refrigeration. 2. Wash with a knowledgeable individual and rinse with potable water before sanitizing. (Note: Use this cleaner only if applicable.) 3. Apply a solution of 1-2 oz. of this product per gal. of water (200-400 ppm active quat) (or equivalent use dilution) by mechanical spray, direct pouring, or by circulating through the system. 4. Allow surfaces to remain wet or solution to remain in equipment for at least 1 minute. Drain thoroughly before reuse and allow sanitized surfaces to adequately drain before contact with liquid. 5. Return machine to normal operation.

**FOR USE AS A GENERAL CLEANER:**

Apply use solution of 1 oz. of this product per gal. of water to hard, non-porous surfaces. Allow to air dry. For heavy-duty use, add 2 oz. of this product per gal. of water to clean hard, non-porous surfaces.

**FOOD CONTACT SANITIZING PERFORMANCE DIRECTIONS (REGULATED BY 40 CFR 180.940(a)(c):**

Immerse pre-cleaned glassware, dishes, silverware, cooking utensils and other similar size food processing equipment in a solution of 1-2 oz. of this product per gal. of water (200-400 ppm active quat) (or equivalent use dilution) for at least 1 minute. Allow sanitized surfaces to adequately drain before contact with food. Do not rinse. For articles too large for immersing, apply a use solution of 1-2 oz. of this product per gal. of water (200-400 ppm active quat) (or equivalent use dilution) to sanitize hard, non-porous food contact surfaces with a brush, cloth, mop, sponge, auto scrubber, mechanical spray device. For spray applications, spray 6-8 inches from surface. Do not breathe spray. Surfaces must remain wet for at least 1 minute. Allow sanitized surfaces to adequately drain before contact with food. Do not rinse. Prepare a fresh solution daily or when visibly dirty. For mechanical application, use solution must not be reused for sanitizing applications.

**PESTICIDE DISPOSAL:**

Do not dispose of rinsate in lakes, streams, ponds, estuaries, oceans or other waters without in accordance with the requirements of a National Pollutant Discharge Elimination System (NPDES) permit and the permitting authority has been notified in writing prior to discharge. Do not discharge effluent containing this product into sewer systems without previously notifying the local sewage treatment plant authority. For guidance contact your State Water Board or Regional Office of the EPA.

**STORAGE AND DISPOSAL:**

Do not contain either water, food, or feed by storage and disposal. PESTICIDE STORAGE: Store only in original container. Keep this product under locked storage sufficient to make it inaccessible to children or persons unfamiliar with its proper use. PESTICIDE DISPOSAL: Pesticide wastes are acutely hazardous. Improper disposal of excess pesticide, spray mixture or rinsate is a violation of Federal Law. If these wastes cannot be disposed of by use according to label instructions, contact your State Pesticide or Environmental Control Agency, or the Hazardous Waste Representative at the nearest EPA Regional Office for guidance. CONTAINER HANDLING: Non-Refillable Container. Do not reuse or refill this container. For use as a general cleaner: Apply use solution of 1 oz. of this product per gal. of water to hard, non-porous surfaces. Allow to air dry. For heavy-duty use, add 2 oz. of this product per gal. of water to clean hard, non-porous surfaces.

**DIRECTIONS FOR USE:**

1. Remove gross food particles and soil by a pre-rinse or pre-scrape and when necessary, presoak. Then thoroughly wash or flush objects with a good detergent or compatible cleaner, followed by a potable water rinse before applications of the sanitizing solution.

2. FOOD CONTACT SANITIZING PERFORMANCE:

- **BEVERAGE DISPENSING AND SANITARY FILLING EQUIPMENT SANITIZER DIRECTIONS:**
  - Apply a use solution of 1 oz. of this product per gal. of water to beverages or pre-mix dispensing equipment and bottles or cans in the filling process. For use as a general cleaner: Apply use solution of 1 oz. per gal. of water to beverages or pre-mix dispensing equipment and bottles or cans in the filling process.

- **SANITIZATION OF INTERIOR HARD, NON-POROUS SURFACES OF ICE MACHINES:**
  - Immerse pre-cleaned glassware, dishes, silverware, cooking utensils and other equipment in a use solution of 1 oz. of this product per gal. of water (200-400 ppm active quat) for at least 1 minute. Allow sanitized surfaces to adequately drain before contact with liquid. Do not rinse.
