Alpine® Dust Insecticide

DIRECTIONS FOR USE

IT IS A VIOLATION OF FEDERAL LAW TO USE THIS PRODUCT IN A MANNER INCONSISTENT WITH ITS LABELING.

USE RESTRICTIONS:
- Kills pests on contact. Product must be in direct contact with the pest in order to be effective.
- In hospitals and nursing homes, remove patients before using. After treatment, ventilate rooms for 30 min before returning patients to rooms.
- Do not apply to classrooms when in use. Do not apply to institutions (including daycare, libraries, sport facilities, etc.), in the immediate area, when occupants are present.
- Do not apply in aircraft cabins.

PRODUCT INFORMATION:
- This product is a ready-to-use insecticide dust which has effective knockdown and kill of the listed pests.
- This product is for residential and commercial pest control in and around buildings and structures and their immediate surroundings and on modes of transport. This product is intended for application with hand/bulbous or powder duster, or other suitable equipment, to cracks and crevices, voids, harborage, roadway and nest areas, and places where listed pests are found. In living areas, make applications in such a manner as to avoid deposits onto exposed surfaces or introducing the material into the air. Treat a small area of the surface to be treated to observe for staining or other adverse reaction before making regular application. Apply lightly and uniformly to infested areas. Pay particular attention to cracks and crevices, service ducts, wall voids, around electrical and telephone fittings and equipment; around water and sewer pipes; under and behind cabinets, refrigerators and sinks; around window and door frames; along baseboards; in attics; and crawl spaces. Apply between 0.15 – 0.3 oz/yd². Repeat treatments as necessary.

CAUTION: Causes moderate eye irritation. Avoid contact with eyes or clothing. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, or using tobacco.

ENVIRONMENTAL HAZARDS
This pesticide is toxic to fish. Do not dispose directly to water, to sewers where a surface water is present or to any jurisdictional bodies before the mixed waste must be treated. Do not apply when weather conditions favor drift from treated areas. Off-drift and runoff from treated areas may be hazardous to aquatic organisms in wateradjacent to treated areas. Do not contaminate water by cleaning of equipment or disposal of equipment washwaters.

DIRECTIONS FOR USE
IT IS A VIOLATION OF FEDERAL LAW TO USE THIS PRODUCT IN A MANNER INCONSISTENT WITH ITS LABELING.

USE RESTRICTIONS:
Do not re-treat a product. Product must be in direct contact with the pest to be effective.

In hospitals and nursing homes, remove patients before using. After treatment, available rooms for 30 min before reoccupying by patients.

Do not apply to classrooms when in use. Do not apply to institutions (including daycares, libraries, sport facilities, etc.), in the immediate area, when occupants are present.

Do not use in automotive cabins.

PRODUCT INFORMATION
This product is a ready-to-use insecticide dust which has effective knockdown and kill of the listed pests.

This product is for residential and commercial pest control in and around buildings and structures and their immediate surroundings and in modes of transport.

The product is intended for application with hand or power dusters, or other suitable equipment, to cracks and crevices, walls, horizontal surfaces, and storage areas, and places where pests are found. Do not apply as a spray as this may result in deposits or dusting of surfaces that may not be removed. All pest control services should be in a manner such as to avoid deposits onto exposed surfaces or introducing the material into the soil. This product is designed for surface application to cracks and crevices of upholstered furniture, and other areas of a home in which pests may be present. Do not apply common dusting cloths to remove dust. Used after dust treatment at the walls and floor, in cracks, crevices, around baseboards, around doors and windows, behind and under refrigerators, cabinets and drawers, and in attics and crawl spaces. For cracks, crevices and voids under the eaves and overhangs, under flat roofing surfaces, in and around electrical and telephone fittings, in and around attics, wall voids and electrical rooms, and around horizontal and vertical framing, around windows and awnings and door frames, along baseboards, in attics, and around and in moldings.

AVERAGE DUST APPLICATION: Apply 0.015-0.030 g/yd² Per treatment as necessary.

NON-FOOD/FEED AREAS:
Includes areas such as storage rooms, closets, laundry rooms, basements, laundry rooms, bathrooms, cabinets, storage areas, garbage, roof and storage areas (after packaging, caring or bedding).

Avoid contamination of food or food-contact surfaces. Remove or cover food, dishes, utensils, food processing equipment, and food preparation surfaces, in and around food/feed areas.

Food/feed handling establishments: Place in trash or offer for recycling if available. Do not apply directly on food, utensils or food storage areas.

CARPET BEETS (Black, Furniture and Variety):
Cast, dust or spray on or around edges of floor covering, under rugs and furniture in closets. Do not apply on rugs and furniture and in closets. Apply a small amount on furniture and rugs to check for dusting before forming larger areas.

PHORID & FRUIT FLIES, HOUSE FLEAS AND STABLE FLIES:
Spray or dust where these pests rest. Do not spray or dust on or near areas where food is handled or stored. Do not apply on furniture and rugs and in closets. Apply in a manner such as to avoid deposits onto exposed surfaces or introducing the material into the soil. This product is designed for surface application to cracks and crevices of upholstered furniture, and other areas of a home in which pests may be present. Do not apply common dusting cloths to remove dust. Used after dust treatment at the walls and floor, in cracks, crevices, around baseboards, around doors and windows, behind and under refrigerators, cabinets and drawers, and in attics and crawl spaces. For cracks, crevices and voids under the eaves and overhangs, under flat roofing surfaces, in and around electrical and telephone fittings, in and around attics, wall voids and electrical rooms, and around horizontal and vertical framing, around windows and awnings and door frames, along baseboards, in attics, and around and in moldings.

AVERAGE DUST APPLICATION: Apply 0.015-0.030 g/yd² Per treatment as necessary.

NON-FOOD/FEED AREAS:
Includes areas such as garbage rooms, laundries, food storage rooms, and storage rooms.

Avoid contamination of food or food-contact surfaces. Remove or cover food, dishes, utensils, food processing equipment, and food preparation surfaces, in and around food/feed areas.

Food/feed handling establishments: Place in trash or offer for recycling if available. Do not apply directly on food, utensils or food storage areas.

Other restrictions: Do not contaminate water by cleaning of equipment or disposal of equipment washwaters.

Non-food/feed areas: Place in trash or offer for recycling if available. Do not apply on furniture and rugs and in closets. Apply in a manner such as to avoid deposits onto exposed surfaces or introducing the material into the soil. This product is designed for surface application to cracks and crevices of upholstered furniture, and other areas of a home in which pests may be present. Do not apply common dusting cloths to remove dust. Used after dust treatment at the walls and floor, in cracks, crevices, around baseboards, around doors and windows, behind and under refrigerators, cabinets and drawers, and in attics and crawl spaces. Prescription Treatment™
Alpine®

Dust Insecticide

For Crack & Crevice®, Spot and Void Treatment

USE RESTRICTIONS:
- This product must be directed in contact with the pest in order to be effective.
- In hospitals and nursing homes, remove patients before using. After treatment, ventilate rooms for 30 min before returning patients to rooms.

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS AND DOMESTIC ANIMALS

CAUTION: Causes moderate eye irritation. Avoid contact with eyes or clothing. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, or using tobacco.

ENVIRONMENTAL HAZARDS

This pesticide is toxic to shrimp. Do not apply directly to water, or to areas where surface water is present or to intertidal areas below the mean high water mark. Do not allow weather conditions favoring drift from treated areas. Drift and runoff from treated areas may be hazardous to aquatic organisms in water adjacent to treated areas. Do not apply when weather conditions favor drift from treated areas. Drift and runoff from treated areas may be hazardous to aquatic organisms in water adjacent to treated areas. Do not contaminate water by cleaning of equipment or other waste into water bodies.

IT IS A VIOLATION OF FEDERAL LAW TO USE THIS PRODUCT IN A MANNER INCONSISTENT WITH ITS LABELING.

PRODUCT INFORMATION

This product is a ready-to-use insecticide dust which has effective knockdown and kill of the listed pests.

Do not apply to classrooms when in use. Do not apply to institutions (including daycares, libraries, oper facilities, etc.), in the immediate area, when occupants are present.

Made forϑ Applied by: BASF Corporation

INCOME & OUTDOOR TREATMENTS

FOOD/FOOD HANDLING ESTABLISHMENTS: Food/food handling establishments are places other than private residences in which food is field, processed, prepared or served, including those operating under the Federal, state, and local regulations and egg products inspection programs. APPLICATIONS OF THIS PRODUCT IN FOOD/FOOD AREAS OF FOOD/FOOD HANDLING ESTABLISHMENTS ARE LIMITED TO CRACK & CREVICE, VOID OR SPOT TREATMENT ONLY. First individual treatments should not be made at 20' intervals. TOTAL AREA OF TREATMENT SHOULD NOT EXCEED 30% OF THE TOTAL SERVICE AREA. Application in the first 5 min, then continue rinsing. Call a poison control center or doctor for treatment advice.

IF IN EYES:
Wash eyes open and rinse slowly and gently with water for 15 – 20 min. Remove contact lenses, if present, after the first 5 min, then continue rinsing. Call a poison control center or doctor for treatment advice.

IF INHALED:
Remove to fresh air. If not improved, call a poison control center or doctor for treatment advice.

If you have the product container or label with you when calling a poison control center or doctor for going for treatment. You may also call 1-800-832-HELP for emergency medical treatment information.

CONDITIONS OF SALE AND WARRANTY
