**REMEDIY**

**Kills Black Algae on Walls**

**For White Plaster Pools**

**Ideal for Use with Biolab UV System**

---

**DIRECTIONS FOR USE:**

1. Before using this product, shut off pump and brush all surface clinging algae. Wait four hours for the water to become stationary before product application. At night or when the pool is not in use, broadcast this product directly into the water in areas of heaviest algae growth. Use two pounds of this product per 10,000 gallons for medium to heavy algae growth and one pound per 10,000 gallons for light algae growth. Twelve to twenty-four hours after chemical treatment, turn pump on and vacuum dead algae through the filter. Brush any remaining algae and clean/bacwsh filter. If algae is still visible, repeat treatment. To restore filter performance, chemically clean filter following manufacturer’s directions using an appropriate filter cleaner.

2. Reentry into treated swimming pools is prohibited above levels of 4 ppm chlorine due to risk of body injury.

**STORAGE AND DISPOSAL:**

Keep this product dry in original tightly closed container when not in use. Store in a cool, dry, well ventilated area away from heat or open flame. Moisture may decompose this product and cause a violent reaction leading to fire and explosion. In case of decomposition, isolate container if possible and flood area with large amounts of water to dissolve all material before discarding this container. Do not contaminate food or feed by storage or disposal. CONTAINER DISPOSAL: Non-refillable container. Do not reuse or refill this container. Offer for recycling, if available. Triple rinse container (or equivalent) promptly after emptying.

**PRECAUTIONARY STATEMENTS:**

**HAZARDS TO HUMANS AND DOMESTIC ANIMALS:**

DANGER: CORROSIVE: Causes irreversible eye damage and skin burns. May be fatal if absorbed through skin. May be fatal if inhaled. Do not breathe dust or fumes. Irritating to nose and throat. Harmful if swallowed. Do not get in eyes, on skin, or on clothing. Wear goggles or safety glasses, protective clothing and rubber gloves when handling this product. Wash thoroughly with soap and water after handling and before eating, drinking or using tobacco. Remove contaminated clothing and wash before reuse.

**FIRST AID:**

1. **IF IN EYES:** Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control center or doctor for treatment advice.

2. **IF ON SKIN OR CLOTHING:** Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control center or doctor for treatment advice.

3. **IF INHALED:** Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably mouth-to-mouth, if possible. Call poison control center or doctor for treatment advice.

4. **IF SWALLOWED:** Call poison control center or doctor immediately for treatment advice.

**IN CASE OF MEDICAL EMERGENCY, CALL 1-877-800-5552.**

**Note to Physician:** Probable mucosal damage may contaminate the use of gastric lavage.

**PHYSICAL OR CHEMICAL HAZARDS:**

**STRONG OXIDIZING AGENT:** Do not mix with other chemicals. Mix only with water. Never add water to product. Always add product to large quantities of water. Use clean dry utensils. Do not add this product to any dispensing device containing remnants of any other product. Such use may cause a violent reaction leading to fire or explosion. Contamination with moisture, organic matter or other chemicals will start a chemical reaction and generate heat, hazardous gas, possible fire and explosion. In case of contamination or decomposition, do not reseal container. If possible, isolate container in open air or well ventilated area. Flood area with large volumes of water.

**ENVIRONMENTAL HAZARDS:**

This pesticide is toxic to fish and aquatic organisms. **NOTE:** Buyer assumes all responsibility for safety and use not in accordance with directions.

---

**ACTIVE INGREDIENT:**

Trichloro-s-triazinetrione ........................................ 99.0%

**OTHER INGREDIENTS** ........................................... 1.0%

**TOTAL INGREDIENTS** ........................................... 100.0%

(Available Chlorine: 90%)

**KEEP OUT OF REACH OF CHILDREN**

**DANGER** See back panel for First Aid statement and additional precautionary statements.

**MADE IN USA**

---

**BioGuard®** has a wide variety of products that solve specific pool situations. These products are designated as “Remedy”. This product is a highly effective, fast-acting black algae destroyer. This product may be used in chlorinated or brominated pools.

Use this product only in WHITE PLASTER POOLS. DO NOT USE this product in painted, vinyl lined, fiberglass or colored plaster surface pools as damage may occur to the pool surface.

Use this product when using the Biolab® UV system to kill black algae.
