DIRECTIONS FOR USE
It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

PRODUCT DESCRIPTION.
Flex 1-2-3 AF may be used on vessels in salt, brackish, and fresh waters. It is a very high performance antifouling paint for worldwide service with extended drydocking intervals up to 60 months. C-Flex 1-2-3 AF uses a unique hydration mechanism during operation, resulting in long lasting antifouling protection. Not for specified. For new construction primer. A primer is recommended for wood or fiberglass before applying this product. For painted surfaces, the substrate must be dry, clean, free from rust, grease and loose paint. For maintenance surface must be dry, clean, free from rust, grease and loose paint. For cleaning. Epoxy is recommended. For spray, use Tip No. Graco 619, 721; paint output pressure of 120 – 150 kg/cm² (1700 – 2100 psi); and viscosity of 40 sec. (Ford Cup No. 4). For brush or roller application consult the equipment recommendations or use suitable equivalent. Equipment: Brush: use appropriate size China bristle brush.

WARNING.
Causes eye irritation. Harmful if absorbed through skin. Avoid contact with skin, eyes or clothing. Wear protective clothing such as gloves, long-sleeved cotton shirt, long pants and hat. May be fatal if swallowed or inhaled. Do not breathe spray mist. While spraying paint or sanding or sandblasting boat surfaces, wear a mask or a respirator jointly approved by the Mining Enforcement and Safety Administration and the National Institute for Occupational Safety and Health. Remove contaminated clothing and wash before reuse. Wash thoroughly with soap and water after handling.

KEEP OUT OF REACH OF CHILDREN

ACTIVE INGREDIENT
Cuprous Oxide 49.0%
Capsy Oxide 51.0%
Total 100.0%

EPA Registration No. 48302-7-8169
EPA Est. No. 48302-LA-001, 48302-CHN-001, 48302-CHN-002, 48302-MYS-001, 48302-KOR-001, 48302-JPN-001, 48302-JPN-003, 48302-SGP-001 or 48302-NLD-001

SAFETY.
Prior to use, obtain, consult and follow the Material Safety Data Sheet for this product for added details concerning both product and health and safety information. Read and follow all precautionary notices on the Material Safety Data Sheet and this container label. If you do not fully understand these warnings or instructions or if you cannot strictly comply with them, do not use this product. Proper ventilation and protective measures must be provided during application and drying to keep solvent vapor concentrations within safe limits. Do not contaminate water, food or feed by storage or disposal.

MIXING.
Do not mix or store this product. Do not re-use this container. Prior to container disposal allow any remaining paint residue in the container to air dry. Dispose of the container in accordance with Federal, State or local disposal regulations.

CHEMICAL OR PHYSICAL HAZARDS
FLAMMABLE. Keep away from heat, sparks or open flames.

STORAGE AND DISPOSAL
Do not contaminate water, food or feed by storage or disposal.

PESTICIDE DISPOSAL.
Pesticide wastes are toxic. Open dumping is prohibited. Pesticide, spray mists or runoff that cannot be used or chemically reprocessed should be disposed of according to procedures approved by Federal, State, or local disposal authorities.

CONTAINER DISPOSAL.
Nonhazardous container. Do not reuse or refill this container. Prior to container disposal allow any remaining paint residue in the container to air dry. Dispose of the container in accordance with Federal, State or local disposal regulations.

PRODUCT INFORMATION.

APPLICATION DETAILS.
Applying flex 1-2-3 AF is easy. Airless spray is highly recommended, if spray is chosen. A minimum of two coats is recommended. Refer to the chart on drying times for further guidance.
