NET WT. / Peso Neto 5 lb (2.26 kg)

EPA Reg No. 62355-5 (5LB)

Miracle-Gro Garden Weed Preventer
It is a violation of Federal Law to use this product in a manner inconsistent with its labeling. Not for use on plants being grown for sale or other commercial use as sod, or for commercial seed production, or for research purposes. For use on plants intended for aesthetic purposes or climatic modification and being grown in ornamental gardens or parks, or on golf course or lawns.

**Entry Restrictions:** Do not allow people or pets to enter the treated area until dusts have settled. If watering-in is required after application, do not enter or allow others to enter the treated areas (except those involved in the watering) until the watering-in is complete and the surface is dry.

**Application Restrictions:** Do not apply this product in a way that will contact any person or pet, either directly or through drift. Keep people and pets out of the area during application.

Use spreader in garden beds only. Do not use Miracle-Gro® Garden Weed Preventer® on lawns. Never use when planting seed except for the vegetables listed. Do not use with flower seeds. Do not apply to Ajuga, Myrtle or Pachysandra as injury may result.

**When and How to Apply for flowers, trees, groundcovers and shrubs:**

This product prevents weeds from germinating. It does not kill existing weeds. If you have visible weeds, remove them first then rake the soil surface level prior to application. Avoid over application to prevent carryover problems with sensitive plants the following season. Do not use in enclosed areas such as greenhouses.

**For Established Plant Application (for listed flowers, groundcovers, trees and shrubs):**

- **When to apply:** Apply anytime during the growing season. Reapply every 3 months. Do not reapply sooner than 60 days after application.
- **How to apply:** Sprinkle around established plants at a rate of 1 oz per 10 sq. ft., rake into the top 1-3 inches of the soil and water lightly to establish the weed barrier (to match example A). It is important to keep the product off the plant leaves. If product is applied to the plant leaves, wash the leaf surface immediately.

**Note:** Established plants are those that have been planted for more than 2 weeks.

**Bulbs**

- **When to apply:** Apply 2-4 weeks after planting bulbs. This product may also be applied after bulb emergence. Reapply every 3 months.
- **How to apply:** Sprinkle around bulbs at a rate of 1 oz per 10 sq. ft. and lightly water in.

---

**How to apply:** Prior to transplanting 2-3" listed flowers, or less than 10 weeks prior to planting listed vegetable seeds apply to medium soil 1 oz. per 60 sq. ft. (use chart below for other soil type rates) to match Example B. Rake into the top 1-3 inches of soil.

**Transplant.**

Do not apply after transplanting, except on Irish potatoes.

**Application Rates for Mixing Into Soil:**

<table>
<thead>
<tr>
<th>Soil Texture Rates*</th>
<th>Light (Sandy)</th>
<th>Medium</th>
<th>Heavy (Clay)</th>
</tr>
</thead>
<tbody>
<tr>
<td>Use 1 ounce (1/4 cup) per</td>
<td>80 sq. ft.</td>
<td>60 sq. ft.</td>
<td>40 sq. ft.</td>
</tr>
<tr>
<td>Or 1 lb. (4 cups) per</td>
<td>1,280 sq. ft.</td>
<td>960 sq. ft.</td>
<td>640 sq. ft.</td>
</tr>
</tbody>
</table>

*1 cup (tightly packed) equals ⅛ pound

**For Use In Vegetable Gardens**

Refer to the chart above for how much product to apply:

1. **From Seed:** Carrots, Celery, Okra, Southern or Cow Peas, Field Peas, Black-Eyed Peas, Green Peas, Lima Beans, Snap Beans, Broccoli, Brussels Sprouts, Cabbage, Cauliflower, Turnip Greens, Mustard Greens, Collard, Kale. **Treat prior to seeding** (up to 10 weeks prior). Lightly rake product into soil and sow vegetable seed. Lightly water.

2. **Before Transplanting:** Celery, Broccoli, Brussels Sprouts, Cabbage, Cauliflower, Peppers, Tomatoes. **Make application to prepared soil and incorporate into the top 1 to 3 inches soil prior to transplanting** (up to 10 weeks prior). Once soil is dry, transplant vegetables.

3. **Post Emergent:** Cantaloupe, Cucumber, Watermelon. Apply after plants have produced 3-4 true leaves.

4. **Asparagus:** Established only. Apply after ferns are removed, but prior to spear emergence. Lightly mix product into soil with rake and water.

5. **Potato (except Maine):** May be applied after planting, before or after potato plant emergence. Use care not to damage seed pieces when mixing product into soil, nor to allow treated soil to contact emerged plant foliage.

In all cases, mix Miracle-Gro® Garden Weed Preventer® into the soil after application, using care not to damage emerged crops.

**Miracle-Gro® Garden Weed Preventer® Prevents the Following Weeds:**

**GRASS WEEDS:** Annual Bluegrass, Barnyard Grass (Watergrass), Brachiaria, Bromegrass, Cheat, Crabgrass, Fall Panicum, Foxtail, Goosegrass, Johnsongrass (from seed), Junglerice, Lovegrass,
If on skin or clothing:
- Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes.

If swallowed:
- Call a poison control center or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by a poison control center or doctor. Do not give anything by mouth to an unconscious person.

If inhaled:
- Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably by mouth-to-mouth, if possible.

Call a poison control center or doctor for treatment advice. Have the product container or label with you when calling poison control center or doctor, or going for treatment.

Environmental Hazards
This pesticide is extremely toxic to freshwater marine and estuarine fish and aquatic invertebrates including shrimp and oyster. Do not apply in a manner which will directly expose canals, lakes, streams, ponds, marshes or estuaries to aerial drift.

To protect the environment, do not allow pesticide to enter or run off into storm drains, drainage ditches, gutters or surface waters. Applying this product in calm weather when rain is not predicted for the next 24 hours will help to ensure that wind or rain does not blow or wash pesticide off the treatment area. Sweeping any product that lands on a driveway, sidewalk, or street, back onto the treated areas of the lawn or garden will help to prevent run off to water bodies or drainage systems.

Storage and Disposal
Do not contaminate water, food, or feed by storage and disposal. PESTICIDE STORAGE: Keep container closed and away from food, eedstuffs and domestic water supplies. PESTICIDE CONTAINER DISPOSAL: If Empty: Nonreifiable container. Do not reuse or refill this container. Place in trash or offer for recycling if available. If Partly Filled: Call your local solid waste agency for disposal instructions. Never place unused product down any indoor or outdoor drain.

Si cae en la piel o ropa:
- Quite la ropa contaminada. Enjuague la piel inmediatamente con abundante agua durante 15 a 20 minutos.

Si se traga:
- Llame inmediatamente al centro de control de envenenamiento o al médico para obtener más recomendaciones de tratamiento. Haga que la persona tome sorbos de un vaso con agua, si puede tragarse. No induzca el vómito a menos que lo indique un centro de control de envenenamiento o el médico. No le dé nada por la boca a una persona inconsciente.

Si se inhala:
- Lleve a la persona al aire fresco. Si la persona no respira llame al 911 o a una ambulancia, luego aplique respiración artificial, preferiblemente de boca a boca, si es posible.

Llame al centro de control de envenenamiento o al médico para obtener recomendaciones de tratamiento. Tenga a la mano el envase del producto o la etiqueta cuando llame al centro de control de envenenamiento o al médico, o al buscar tratamiento.

RIESGOS AMBIENTALES
Este pesticida es altamente tóxico para peces e invertebrados acuáticos de estuario, marinos y de agua dulce incluyendo camarones y ostras. No lo aplique directamente al agua. No lo aplique de forma tal que exponga directamente a las derivas aéreas o estuaries. No contamine el agua al deshacerse de la que usó para limpiar el equipo.

MANTENER FUERA DEL ALCANCE DE LOS NIÑOS

PRECAUCIÓN

AVISOS DE PRECAUCIÓN

Riesgos para humanos y animales domésticos

Causa irritación moderada en los ojos. Evite el contacto con los ojos o con la ropa. El contacto repetido en la piel, prolongado o frecuente, puede causar reacciones alérgicas en algunos individuos. Los usuarios deberán lavarse las manos antes de comer, beber, masticar goma de mascar, usar tabaco o usar el baño. Los usuarios deberán quitarse la ropa inmediatamente si les cae adentro el pesticida. Luego deberá lavarse completamente y ponerse ropa limpia.

PRIMEROS AUXILIOS

Si entra en los ojos:
- Mantenga el ojo abierto y enjuague con agua despalco y con cuidado por 15-20 minutos. Si tuviera lentes de contacto, quitelas después de lavarse con agua los primeros 5 minutos y después continúe enjuagando el ojo.

Si se traga:
- Beba grandes cantidades de agua y luego llame al 911 o a una ambulancia. Luego aplique respiración artificial, preferiblemente de boca a boca, si es posible.

Si se inhala:
- Lleve a la persona al aire fresco. Si la persona no respira llame al 911 o a una ambulancia, luego aplique respiración artificial, preferiblemente de boca a boca, si es posible.

Si entra en contacto con la piel:
- Lave la piel con abundante agua y jabón. Luego aplique respiración artificial, preferiblemente de boca a boca, si es posible.

Si se ingiere:
- Beba grandes cantidades de agua y luego llame al 911 o a una ambulancia. Luego aplique respiración artificial, preferiblemente de boca a boca, si es posible.

Si el producto se derrama sobre la ropa:
- Lave la ropa con abundante agua y jabón. Luego aplique respiración artificial, preferiblemente de boca a boca, si es posible.
