Chlorine
CONTROLS BACTERIA IN SPA WATER
Sodium Dichloro-s-Triazinetrione
Active Ingredient:
KEEP OUT OF REACH OF CHILDREN
3. Added colon (:) after "Available Chlorine"
2. Available Chlorine shortened to stand alone as per Master Label.
1. Changed "Inert" to "Other"
Front label changes - April:
6. See back panels for additional precautionary statements and first aid
5. Made Danger 14pt as per EPA regulations
4. Added comma between "open" and "well-ventilated" in "Emergency Handling" section of "First Aid".
3. Added Danger 14pt as per Master Label:
2. Made text Myra Pro or Myra Pro Bold
1. Removed Performance Guaranteed from logo
Back label changes:
1. Made Precautionary statements separate as per master label
2. Revised revision #
3. Added "How to calculate Pool Capacity chart as per master label
4. Added missing precautionary statement as per master label
PHYSICAL OR CHEMICAL HAZARDS
ST RONG OXIDIZING AGENT: Use only clean dry utensils.
Contamination with moisture, dirt, organic matter or other chemicals (including other pool chemicals) or any other foreign matter may start a chemical reaction with generation of heat, liberation of hazardous gases and possible generation of fire and explosion. Avoid any contact with flaming or burning material such as a lighted cigarette. Do not use this product in any chlorinating device which has been used with any inorganic or unstabilized chlorinating compounds (e.g., calcium hypochlorite). Such use may cause fire or explosion.

How to calculate Pool Capacity:

<table>
<thead>
<tr>
<th>Shape of Pool</th>
<th>Gal. of Water (Dimensions in feet)</th>
</tr>
</thead>
<tbody>
<tr>
<td>Rectangular</td>
<td>Average depth x average length x average width x 7.5</td>
</tr>
<tr>
<td>Circular</td>
<td>Diameter x diameter x average depth x 5.9</td>
</tr>
<tr>
<td>Deal with straight sides</td>
<td>Full width x full length x average depth x 6.7</td>
</tr>
<tr>
<td>Irregular</td>
<td>Consult pool builder</td>
</tr>
</tbody>
</table>

DIRECTIONS FOR USE
It is a violation of Federal Law to use this product in a manner inconsistent with its labeling. Read entire label and use strictly in accordance with precautionary statements and directions.

FOR SPA AND HOT TUB DISINFECTANT:
When used as directed, this product is effective as a spa and hot tub water disinfecting agent.
Ensure all spa and hot tub equipment is working properly. Backwash/clean the filter system following manufacturer’s directions. Adjust pH to between 7.2 - 7.6. When using other products, consult the directions for this product, always follow directions on those products.

MAINTENANCE DOSES:
With pumps on, add 1/2 teaspoon of this product per 100 gallons of water (or 5 teaspoons per 1,000 gallons) as an initial treatment. Repeat at 15 to 20 minute intervals until a residual of 3-5 ppm of available chlorine is established as determined by test kit. A test kit must be used regularly to determine the frequency of additional doses of this product needed to maintain the chlorine residual of 3-5 ppm.

SUPERCHELORINATION:
Use one teaspoon of this product per 100 gallons of water (or 1/4 cup per 1,000 gallons). Superchlorination may be needed on a nightly basis in a heavily used spa or as infrequently as once a week in a moderately used spa.

REENTRY:
Reentry into treated spas or hot tubs is prohibited above levels of 3 ppm of chlorine due to risk of body harm.

STORAGE AND DISPOSAL
Do not contaminate water, food or feed by storage and disposal
PESTICIDE STORAGE: Store in a dry, cool and well-ventilated area. Avoid moisture getting into container. Keep off floors. In case of spillage, wash with large amounts of water. After each use, keep container tightly closed. Goggles and mask. Keep away from flames, sparks and all sources of heat. Avoid contact with organic material.
PESTICIDE DISPOSAL: Pesticide wastes are acutely hazardous. Improper disposal of excess pesticide, spray mate or runoff is a violation of Federal Law. If these wastes cannot be disposed of by you according to label instructions, contact your State Pesticide or Environmental Control Agency, or the Hazardous Waste representative at the nearest EPA Regional Office for guidance.
CONTAINER HANDLING: Nonrefillable container. Do not reuse or refill this container. Rinse empty container thoroughly with water to dissolve all material prior to disposal. Offer for recycling, if available.
EMERGENCY HANDLING: In case of contamination or decomposition do not reseal container. If possible, isolate container in open, well-ventilated area. Flood with large volumes of water. Dispose of contaminated material in an approved landfill area.
WARRANTY: Seller warrants that this product conforms to the chemical description and is reasonably fit for the purpose stated on the label when used in accordance with label directions under normal conditions of use. But to the extent consistent with applicable law, neither the warranty nor any other warranty of MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE, expressed or implied, extends to the use of this product contrary to label instructions, or under abnormal conditions, or under conditions not reasonably foreseeable to seller, and seller assumes the risk of any such use.

Front label changes:
1. Removed Performance Guaranteed from logo
2. Removed waves from under logo
3. Made text Myra Pro or Myra Pro Bold
4. Made Keep out of reach of children 10pt as per EPA regulations
5. Made Danger 14pt as per EPA regulations
6. See back panels for additional precautionary statements and first aid
Front label changes - April:
1. Changed “Inert” to “Other”
2. Available Chlorine shortened to stand alone as per Master Label.
3. Added colon (:) after “Available Chlorine”
4. Added line under 1% 5. Added “s” at the end of “Spa & Hot Tub”
