Ready-to-use
Fast-acting
Prevents flies from breeding & multiplying

Common Use Areas: Traps are most effective when placed near breeding sites. Place behind or under kitchen counters, sinks, dishwashers, fruit, tape traps and vegetables, and any other similar items that attract.

www.terro.com
TERRO® Fruit Fly Trap is designed to lure adult fruit flies, using the special food-based liquid lure. Flies that enter the trap can’t escape to continue breeding.

**Filling the Trap:**
2. Place the traps in areas where fruit flies have been seen.
3. Place the traps where they will not be disturbed or tipped.
4. Remove the trap after 30 days of use.

**STORAGE:** Store product in original container.

**DISPOSAL:** Place container in trash receptacle or dispose of in a sanitary landfill. Burning is not a legal form of disposal.

**KEEP OUT OF REACH OF CHILDREN**

**CAUTION:** Avoid eye contact. Wash from skin with soap and water to avoid irritation.
