ENVIRONMENTAL HAZARDS
This product is extremely toxic to birds, reptiles, aquatic life, including fish and invertebrates. To protect the environment, do not allow pesticide to enter or run off into storm drains, drainage ditches, gutters or surface waters. Applying this product in calm weather when wind is not prevalent for the next 24 hours will help to ensure that wind or rain does not blow or wash pesticide off the treated area. Timing application to avoid the treated area will help avoid runoff to water bodies or drainage systems. This pesticide is highly toxic to bees exposed to direct treatment on blooming crops or weeds. Do not apply this product or allow it to drift to blooming crops or weeds while bees are actively visiting the treated area.

PHYSICAL OR CHEMICAL HAZARDS
Do not use in or near food or open flame.

DIRECTIONS FOR USE
For Use as a Dip on Dogs to Control Fleas and Ticks:
For spraying of product, use a hand held pump-up sprayer.
Dilution rate:
Dilute 2 to 3 fluid ounces per gallon of water.
To prepare dilutions, the concentrate should first be stirred or agitated well. Do not hold dilutions for more than 24 hours.
PROTECT PRODUCT AND DILUTIONS FROM FREEZING.

For spraying of product, use a hand held pump-up sprayer.

Non-refillable container. Do not reuse or refill this container.

PESTICIDE DISPOSAL AND CONTAINER HANDLING:
Do not use or store near heat or open flame.

PESTICIDE STORAGE:
Stable in original container in a cool, dry place inaccessible to children and pets. Keep containers closed and away from other chemicals. Protect from freezing.

PESTICIDE DISPOSAL AND CONTAINER HANDLING:
Non-refillable container. Do not reuse or refill this container. If empty, Place in trash or offer for recycling, if available. If party filled: Call your local solid waste agency for disposal instructions. Never place unused product down any indoor or outdoor drain.

If party filled: In trash or offer for recycling, if available.
Non-refillable container. Do not reuse or refill this container.

CAUTION
HAZARDS TO HUMANS:
Risk of skin and eye irritation. May cause systemic effects. Avoid contact with the eyes or clothing. Wash thoroughly with soap and water after handling. Remove contaminated clothing and wash before reusing.

HAZARDS TO DOMESTIC ANIMALS:
Use only on dogs. Do not use on cats.

USE ONLY IF DODGE, DO NOT USE ON CATS. Do not use on puppies under 12 weeks of age. Contact a veterinarian before using this product on kittens, aged, medicated, pregnant, or nursing animals. Sensitivities may occur after using any pesticide product for pets. If signs of sensitivity occur, bathe the pet with mild soap and rinse with large amounts of water. If signs continue, consult a veterinarian immediately. Certain medications can interact with pesticides. Consult a veterinarian before using on an immunized animal.

FIRST AID
If Swallowed: Call a poison control center or doctor immediately for treatment advice. Have the product container with you when calling a poison control center or doctor. Do not induce vomiting unless told to do so by a poison control center or doctor. Do not give anything by mouth to an unconscious person.

If on Skin or Clothing: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15 - 20 minutes. Call a poison control center or doctor immediately if inhaled.

HOT LINE NUMBER: Have the product container with you when calling a poison control center. Call your veterinarian or doctor for treatment. You may also contact 1-800-794-4780 for emergency medical treatment information.

NOTE TO PHYSICIAN: Do not administer or instill milk, cream or other substances containing vegetable or other animal fats which enhance absorption of lipophilic substances.
