FIRST AID

- If swallowed: • Call poison control center or doctor immediately for treatment advice. • Do not induce vomiting unless told to do so by a poison control center or doctor.
- If inhaled: • Hold nose and mouth and get victim to fresh air. • If person is unconscious, call 911 or a doctor.
- If on skin or clothing: • Wash thoroughly with soap and water at least 15-20 minutes. • Call a poison control center or doctor for further treatment advice.
- If in eyes: • Hold eye open and rinse slowly and gently with water for 15-20 minutes. • Call a poison control center or doctor for further treatment advice.

DIRECTIONS FOR USE:

FOR USE ON CATS AND KITTENS OVER 12 WEEKS OF AGE TO KILL FLEAS AND TICKS.

Hold the container upright. Spray at a distance of 8 to 12 inches. Spray over entire hair coat making sure the coat is thoroughly wetted to the skin. As you spray, fluff the hair so the spray will penetrate to the skin. Do not spray into the eyes, face or genitalia. Make sure spray wets ticks thoroughly. Spray against the lay of the hair, roughing the hair on long-haired cats.

FOR USE ON CATS AND KITTENS OVER 12 WEEKS OF AGE TO KILL FLEAS AND TICKS.

Net Contents: 8 fl oz (236 mL)

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.
