SHAKE WELL BEFORE USING

For use in backyards, patios, decks, and picnic areas. Kills annoying mosquitoes, gnats, flies, wasps, flying moths and ants. Fast knockdown.

DIRECTIONS FOR USE

For outdoor use only.

USE RESTRICTIONS

- Remove or cover exposed food and drinking water before application.
- Do not allow adults, children or pets to enter the treated area until sprays have dried.
- Do not use in enclosed spaces.

SHAKE WELL BEFORE USING.

Point spray nozzle away from face. Hold can at a slight downward angle. For best results, spray when no wind or spray is applied.

TOXIC INSECTS

- Flies, mosquitoes, flying moths, gnats and wasps: Spray area infested with these flying insects. Hold container 5 to 10 ft away from shrubs, bushes and grassy areas. Spray these areas with a slow, sweeping motion at the rate of 1 to 3 seconds per cubic yard of space while moving away from the treated area.

- To reduce annoyance from these pests, treat open porches and patios in a similar manner. Allow fog to drift over area.

- Special attention to breeding areas such as garbage cans and compost piles. Spray only when the air is still. Allow spray to dissipate before occupying the treated area. Repeat as necessary but no more than once per day.

CRAWLING INSECTS

- Ants (except carpenter, fire, pharaoh and harvester ants), crickets, sowbugs and firebrats: Spray infested surface of patio, campsite, dock or picnic area, hatching as many insects as possible. Also spray bases of tables and chairs to repel ants. Spray at hills for best control. Keep 5 to 10 ft away from ornamental plants while spraying.

STORAGE AND DISPOSAL

- Pesticide Storage: Store in a cool place away from heat, direct sunlight, or open flame.

- Pesticide Disposal: Do Not Pour on or into wells, ditches, drains or other bodies of water. Do not use or store in any manner that might contaminate the water supply.

PRECAUTIONARY STATEMENTS

- Hazards to Humans and Domestic Animals

  CAUTION: Harmful if inhaled or absorbed through skin. Do not breathe vapor and spray mist. Do not get on skin or in eyes. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, or using tobacco. Remove and wash contaminated clothing before reuse.

  First Aid: If Swallowed: Immediately call Poison Control Center or doctor. Do not induce vomiting unless told to do so by Poison Control Center or doctor. Do not give any liquid to the person. Do not give anything by mouth to an unconscious person. If on Skin or Clothing: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a Poison Control Center or doctor for treatment advice. If In Eyes: Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes; then continue rinsing eye. Call a Poison Control Center or doctor for treatment advice. If Inhaled: Move person to fresh air. If person is not breathing, call 911 or ambulance. If you experience respiratory irritation, preferably inhale or breathe fresh air. Call a Poison Control Center or doctor for treatment advice.

- Environmental Hazards: This pesticide is highly toxic to fish, birds and other wildlife. Do not apply directly to water, drain and seepage areas from treated sites may be hazardous to fish and aquatic organisms in adjacent waters.

- Physical or Chemical Hazards: Contains under pressure. Do not puncture or incinerate. Do not apply this product around electrical equipment due to the possibility of shock hazard. Exposure to temperature above 131°F (55°C) may cause foaming.

NOTICE: Buyer assumes all responsibility for safety and use not in accordance with directions.
