Cis-trans isomers ratio: Min. 35% (+ or -) cis and Max. 65% (+ or -) trans

(butylcarbityl) (6-propylpiperonyl) ether and 2.00% related compounds.

Contains 0.856 lbs. of permethrin per gallon

Permethrin [*(3-Phenoxyphenyl) methyl (+ or -) cis-trans-3-(2,2-dichloroethenyl) 2,2-dimethylcyclopropanecarboxylate]

Piperonyl Butoxide 2.375" 3.750"

KEEP OUT OF REACH OF CHILDREN

CAUTION

See booklet for precautionary statements and directions for use.
PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS AND DOMESTIC ANIMALS

CAUTION: Harmful if swallowed. Harmful if inhaled through skin. Avoid contact with skin, eyes, or clothing. Wash thoroughly with soap and water after handling and before eating, drinking, smoking, gum chewing, or using tobacco. Remove and wash contaminated clothing before reuse.

ENVIRONMENTAL HAZARDS: This product is extremely toxic to fish and other aquatic organisms including frogs and invertebrates. To protect the environment, do not use this product to treat or fumigate drain ditches, irrigation ditches, swales, or surface waters. Applying this product in calm weather when winds are not predicted to last for 24 hours will help to ensure that wind or wind-related factors do not wash pesticide off the treated area.

Rinsing application equipment over the treatment area will help avoid run off to water bodies or drainage systems. Drift and runoff may be hazardous to aquatic organisms in water bodies, streams, or other drainage systems. Do not apply this product or allow it to drift to water bodies or drainage systems.

PESTICIDE DISPOSAL AND STORAGE:

Do not contaminate water, food, or feed by either directly or through drift. For follow-up treatments, do not allow the product to enter treated areas until aerosols, vapors, or fumes have dispersed.
Do not remain in treated area. Exit area immediately and remain outside the treated area for at least 30 minutes before returning.

Do not allow adults, children, or pets to enter the treated area until spray has dried.

Do not apply directly to the skin or clothes, or on any area that is a target for insects.

Do not apply this product to any drain during or after application.

Do not apply this product on or near aquatic areas, wells, or lakes.

Do not allow the product to enter water and blend thoroughly.

Do not remain in treated area. Evacuate area immediately and remain outside the treated area for at least 30 minutes before returning.

Do not apply this product on or near aquatic areas, wells, or lakes.

Do not allow the product to enter water and blend thoroughly.

Do not remain in treated area. Evacuate area immediately and remain outside the treated area for at least 30 minutes before returning.

Do not apply this product on or near aquatic areas, wells, or lakes.

Do not allow the product to enter water and blend thoroughly.

Do not remain in treated area. Evacuate area immediately and remain outside the treated area for at least 30 minutes before returning.

Do not apply this product on or near aquatic areas, wells, or lakes.

Do not allow the product to enter water and blend thoroughly.

Do not remain in treated area. Evacuate area immediately and remain outside the treated area for at least 30 minutes before returning.

Do not apply this product on or near aquatic areas, wells, or lakes.

Do not allow the product to enter water and blend thoroughly.

Do not remain in treated area. Evacuate area immediately and remain outside the treated area for at least 30 minutes before returning.

Do not apply this product on or near aquatic areas, wells, or lakes.

HAZARDS TO HUMANS AND DOMESTIC ANIMALS

CAUTION: Harmful if swallowed. Harmful if inhaled. Avoid contact with skin, eyes, or clothing. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, or using tobacco. Remove and wash contaminated clothing before reuse.

ENVIRONMENTAL HAZARDS: This pesticide is extremely toxic to fish and other aquatic organisms including fish and invertebrates. To protect the environment, do not place treated watercraft into rivers, lakes, or ponds. When treating areas adjacent to water, do not allow pesticide to enter or run off into storm drains, drainage ditches, ditches, or other water bodies. Applying this product in calm weather when rain is not predicted for the next 24 hours will help to ensure that wind or rain does not blow or wash the product off the treatment area. Rinsing application equipment over the treatment area will help avoid soil runoff to water bodies or drainage systems. Do not use this concentrate in or near any food or water preparation surfaces or wash them before use.

STORAGE AND DISPOSAL

Do not contain water, food, or feed by storage and disposal.

PESTICIDE STORAGE:
Store in cool, dry area. Always store pesticides in the original container. Store away from food and pet food.

PESTICIDE DISPOSAL AND CONTAINER HANDLING:
Non-refillable container. Do not reuse or refill this container.

Empty: Place in trash or other secure disposal point available.

Partly filled: Call your local waste agency for disposal instructions. Never release unused product down any liest or drain.

HAZARDS TO DOMESTIC ANIMALS

CAUTION: Properly protect pets, livestock, and other animals. Pet cats, dogs, horses, birds, and other animals may be at risk if located in the treated area. Pets, livestock, or birds exposed to this product may become toxic. Pet owners should keep their animals out of the treated area until the vapors, mists, and aerosols have dried.
