FLYING INSECT KILLER

Kills Mosquitos, Biting Flies, Gnats, Moths and Other Biting Insects

DIRECTIONS FOR USE

For Residential Use Only.

General Precautions and Use Restrictions: Cover or remove exposed food, all food processing surfaces and debris before treatment or thoroughly wash before and following treatment, especially surfaces subject to splashing. Do not use in automatic misting systems. Do not use on edible crops. Kills many flying insects including: Flies, houseflies, cluster flies, vinegar flies, fruit flies, gnats, and small flying moths.

INDOORS: Close doors and windows. Direct spray upward to center of room, avoiding light sources. Direct spray at parts of the room especially near light sources. In kitchens, spray areas that attract insects such as window sills and around windows, doors, and garbage cans. Keep spray away from walls, drapes, and furniture. Spray 5-10 seconds for average room. Do not remain in treated area. Keep room closed for 15 minutes. Ventilate thoroughly before reentry.

OUTDOORS: To kill these insects, spray when air is calm using slow, sweeping motion. If a slight breeze is present, spray with the wind. Allow fog to drift over treated area. Spray around porches, patios, screens, doors, window frames and screens, and garbage cans. If spraying around growing plants, keep spray at least 24 inches from foliage to avoid plant injury. Allow spray to dissipate before occupying the treated area.

STORAGE AND DISPOSAL

Do not contaminate water, food or feed by storage and disposal. Precautionary Statements: Harmful if absorbed through skin. Do not get on skin, in eyes, or on clothing. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum or using tobacco. Remove and wash contaminated clothing before reuse. ENVIRONMENTAL HAZARDS: This product is toxic to fish and other aquatic invertebrates. Do not apply directly to water. Do not contaminate water when disposing of equipment wash waters or rinsates.

PHYSICAL OR CHEMICAL HAZARDS: Contents under pressure. Do not use near Dispenser or by open flame. Do not puncture or incinerate container. Exposure to temperatures above 130ºF may cause bursting.

FIRST AID

IF SWALLOWED: Immediately call a poison control center or doctor. Do not induce vomiting unless told to do so by a poison control center or doctor. Do not give anything by mouth to an unconscious person.

IF ON SKIN OR CLOTHING: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control center or doctor for treatment advice. Have the product container or label with you when calling a poison control center or doctor or going for treatment. For information regarding medical emergencies or pesticide incidents, call 1-888-740-8712.

ACTIVE INGREDIENTS:

Tetramethrin . . . . . . . . . . . . 0.10%
3-Phenoxybenzyl-(1RS, 3RS; 1RS, 3SR)-2,2-dimethyl-3-(2-methylprop-1-enyl)cyclopropanecarboxylate . . . . . . . 0.10%
OTHER INGREDIENTS . . . . . . . 99.80%
