DIRECTIONS FOR USE:

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

This product is designed for use in all Black Flag® ‘Burgess’, Cutter® or Repel™ thermal powered foggers (sold separately). Use Black Flag® Fogging Insecticide Formula 2 to kill mosquitoes that may carry West Nile Virus and flies including house flies, stable flies, black flies and taking nectar. Works in and around your yard, home, deck, garage or swimming pool. When used in Black Flag® Burgess, Cutter® or Repel™ thermal foggers, Black Flag® Fogging Insecticide Formula 2 becomes a virtually odor-free fog that moves through the air to penetrate dense foliage to kill listed insects where they live and hide.

USE RESTRICTIONS: Do not apply adults, children or pets to enter until vapors, mists and residue have dispersed. Do not apply this product in a way that will contact adults, children or pets either directly or through drift. Do not remain in treated area. Exit area immediately and remain outside the treated area until vapors, mists and residue have dispersed. Remove or cover exposed food or outdoor water before application. Application is prohibited directly into water sources or on areas like a gutter where it can seep or drain; adjacent water bodies, or aquatic habitat can occur. Do not allow the product to enter any drain during or after application. Do not apply when windy. To prevent product runoff, do not overwater the treated area or apply prior to heavy rainfall. Do not apply more than 1 time per day. Do not use in outdoor residential settings for pets, livestock, or ornamental fish ponds before stocking, and turn aquariums systems off.

WHEN AND HOW TO FOG:

1. Fog in late afternoon or early dusk when wind is calm and insect activity is increasing. Do not treat if wind is greater than 5 mph because the fog will disperse quickly.
2. Use Black Flag® Fogging Insecticide Formula 2 and/or Repel® as directed by the Black Flag® Burgess, Cutter® or Repel™ thermal fogger label separately.
3. Fog at the rate of 1.5 fluid ounces per 1,000 sq. ft. (27 x 40’ area). (0.75 fluid ounces per 500 sq. ft. (15 x 20’ area).) For best results, thoroughly fog structures, foundations, and areas surrounding the areas you wish to control. Do not apply directly to pot of soil or dirt. Apply to a “fogger buffer zone” as your space allows. Apply one pint of the fogger trigger every 3 to 4 seconds to obtain the best fog quality. You will typically apply 0.666667 ounces of the fogger trigger to fog 1,000 sq. ft. If your pump sits for the fogger trigger every 3 to 4 seconds you should obtain the best fog quality. You will typically apply 0.666667 ounces of the fogger trigger to fog 1,000 sq. ft. If your pump sits for the fogger trigger every 3 to 4 seconds you should obtain the best fog quality. PRECAUTIONARY STATEMENTS:

HAZARDS TO HUMANS AND DOMESTIC ANIMALS

CAUTION: Harmful if absorbed through skin. Avoid contact with skin, eyes, or clothing. Harmful if swallowed. Wear protective eyewear such as goggles, face shield or safety glasses. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco or using the toilet. Remove and wash contaminated clothing before reuse.

USER SAFETY RECOMMENDATIONS: User should remove clothing immediately if possible to get skin. Then wash thoroughly and put on clean clothing.

ENVIRONMENTAL HAZARDS: This pesticide is highly toxic to fish and aquatic invertebrates. Do not apply directly or near water. Drain and refill may be hazardous to fish in water adjacent to treated areas. Do not contaminate water when disposing of equipment, washwater or waste. See Directions for Use for additional precautions and requirements. This product is highly toxic to bees exposed to direct treatment on blooming crops or weeds. Do not apply this product or allow it to drift onto blooming crops or weeds unless bees are actively working the area.

PHYSICAL OR CHEMICAL HAZARDS: Do not use or store near open flames or open fireplaces.

FIRST AID:

• Take off contaminated clothing. • Skin: Wash skin immediately with plenty of water for 15-30 minutes. • Call a poison control center or doctor for treatment advice. • IF SWALLOWED: • Immediately call a poison control center or doctor. • Do not give any liquid to the person. • Do not induce vomiting unless told to do so by a poison control center or doctor. • Do not give anything by mouth to an unconscious person.

IF IN EYES: • Hold open eye and rinse slowly under running water for 15-30 minutes. • Remove contact lens, if present, after the first 5 minutes. Then continue rinsing eyes. • Call a poison control center or doctor for treatment advice.

NOTE TO PHARMACIST: Contains petroleum distillates - varying may cause aspiration problems. • Keep this product container or label with you when calling a poison control center or doctor for treatment advice. For information regarding medical emergency or pesticide incidents, call 1-888-746-8772.
