Nuosept™ W CONCENTRATE preservative

PRECAUTIONARY STATEMENTS
HAZARDS TO HUMANS AND DOMESTIC ANIMALS

DANGER
Corrosive. Causes irreversible eye damage and skin burns. Harmful if swallowed, absorbed through the skin or inhaled. Do not breathe spray mist. Mixers, applicants and all other users should wash hands with soap and water before eating, drinking, chewing gum, using tobacco, or using the toilet. Remove and wash clothing containing pesticide. If pesticide gets inside clothing, remove clothing immediately, wash thoroughly, and put on clean clothing. This product may cause skin sensitization reactions in some people.

Mixers, loaders, and other handlers must wear long-sleeved shirt and long pants; shoes plus socks; chemical-resistant gloves such as butyl laminate, butyl rubber, nitrile rubber, neoprene rubber, or polyvinyl chloride; protective eyewear such as goggles or face shield; and a chemical-resistant apron. Users should remove personal protective equipment (PPE) immediately after handling this product. Wash outside of clothes before removing. As soon as possible wash thoroughly and change into clean clothing. Follow manufacturer's instructions for cleaning/maintaining PPE. If no such instructions exist for washables, use detergent and hot water. Keep and wash PPE separately from other laundry. Discard clothing or other absorbent materials that have been drenched or heavily contaminated with this product's concentrate. Do not reuse them.

ACTIVE INGREDIENTS:
Bromopropylcarboxylic acid 5-chloro-2,4-dichloro-3-methyl-6-isonicotinoyl-3-one 2-methyl-4-isothiazolin-3-one 0.5% 0.5% 0.5% OTHER INGREDIENTS 84.99% TOTAL 100.00%

EPA Reg. No. 1529-59
EPA Est. No. 74855-CA-001

KEEP OUT OF REACH OF CHILDREN

DANGER

FIRST AID
IF IN EYES: Hold eye open and rinse slowly and gently with water for 15-30 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control center or doctor for treatment advice.
IF ON SKIN OR ON CLOTHING: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-30 minutes. Call a poison control center or doctor for treatment advice.
IF INHALED: Move the person to fresh air. If not breathing, call 911 or get immediate medical attention. Provide artificial respiration if necessary.
IF SWALLOWED: Do not induce vomiting unless told to do so by a poison control center or doctor. Do not give anything by mouth to an unconscious person.

INDUSTRIAL USE ONLY
Nuosept W Concentrate is a liquid in-can preservative and may be added at any point in the production process. For best results add it as early as possible in the manufacturing process. Avoid high temperature/high alkaline conditions. Typical use rates are 0.025 – 0.19% by wt. (36 – 205 ppm bromopropylcarboxylic acid and 5-8 ppm 2-methyl-4-isothiazolin-3-one) for adhesives and tackifiers (such as animal glues, rubber latices, acrylic adhesives), paints and coatings (such as architectural paints, water coatings such as for paper or wood, emulsions), building materials (such as cements, joint cements, grouts, mastics, sealants, spackling, ready-to-mix cement, tape joint compounds), wallboard (drywall and gypsum board), latices (such as synthetic and natural polymer latices, starches and casein derived polymers, protein derived polymers), fountain solutions for lithographic printing operations, paper processing, inks/link components, metal working and metal cleaning fluids, industrial water such as process water, waste water, sewage water, industrial cooling water and air washer systems, consumer household and institutional products (such as dishwashing detergents, laundry detergents, laundry pre-spotter, fabric softeners, laundry spray starch, surface cleaners, all-purpose liquid cleaners, anti-tarnish polishes, waxes, and polishes, as well as for package utility products such as pre-coated sponges and mops; and other aqeous compositions such as emulsions and dispersions, pesticide formulations, pigment dispersions and slurries. *These applications are not approved for use in California.

ENVIRONMENTAL HAZARDS
This pesticide is toxic to terrestrial and aquatic plants, fish, and aquatic invertebrates. Do not discharge effluent containing this product into lakes, streams, ponds, estuaries, oceans or other waters unless in accordance with the requirements of a National Pollutant Discharge Elimination System (NPDES) permit and the permitting authority has been notified in writing prior to discharge. Do not discharge effluent containing this product to sewer systems without previously notifying the local sewage treatment plant authority. For guidance contact your State Water Board or Regional Office of the EPA.

NOTE: READ THE MATERIAL SAFETY DATA SHEET BEFORE USE OF PRODUCT.
