**DIRECTIONS FOR USE**

It is a violation of Federal Law to use this product in a manner inconsistent with the labeling. Microban Disinfectant Spray Plus should always be applied by sprayers, foggers, automated metering systems or by drip dispensers as a broad spectrum disinfectant, mold and mildewcide, fungicide and deodorizing agent to previously cleaned surfaces. Spray areas until thoroughly moist, giving special attention to cracks and crevices. Allow to dry for 20 minutes before occupying. It is not necessary to wipe the sprayed surfaces. Microban Disinfectant Spray Plus should not be mixed with other materials not labeled for such use.

**STORAGE AND DISPOSAL**

- **STORAGE:** Keep from freezing. Store in ventilated containers in well-ventilated areas. Keep out of direct sunlight. Avoid self-ignition. Do not store near food, feed, or other products of animal origin. Do not store with oxidizers. Avoid incompatible materials. Use in a well-ventilated area.
- **DISPOSAL:** Disposal in a sanitary landfill, or incineration, or, if allowed by state and local authorities, by burning. If burned, stay out of smoke. Pesticide Disposal: Do not dispose of this product in the unincorporated or unapproved disposable facility.

**LABELING INGREDIENTS**

Inert Ingredients: 99.08%
- Dimethyl benzyl ammonium chloride monohydrate 0.70%
- Diisobutyl phenoxyethoxy ethyl o-Phenylphenol 0.22%
- Other Inert Ingredients: 99.08%

**GENERAL METHOD OF APPLICATION**

Surfaces and objects must be dried by an approved method prior to disinfection. Spray surfaces and objects thoroughly and uniformly until all areas to be treated appear wet. Spray surfaces and objects at least 10 minutes. If a spray or mist is visible, it is not necessary to wipe the sprayed surfaces. Microban Disinfectant Spray Plus should not mix with other materials not labeled for such use.

**AS A BACTERIOSTATIC, FUNGISTAT AND DEODORIZING AGENT**

Apply Microban Disinfectant Spray Plus directed to floors, walls, ceilings and objects that have been damaged by smoke, soot, smoke odor or smoke residue.

DIRECTIONS FOR USE

Microban Disinfectant Spray Plus, when used as directed, is effective in disinfecting bedding, mattresses, textiles, drapes, upholstered furniture, rugs, carpets and in storage areas to control mold, mildew, fungus and odors wherever they are a problem.

Microban Disinfectant Spray Plus should be applied with hand or power-operated sprayers, foggers, automated metering systems or gravity drip dispensers as a broad spectrum disinfectant, mold and mildewcide, fungicide and deodorizing agent to previously cleaned surfaces. Spray until the area is thoroughly moist, giving special attention to cracks and crevices. Allow 10 to 20 minutes for drying. It is not necessary to wipe the sprayed surface. Microban Disinfectant Spray Plus should not clean stains that restained water.

Warnings: For household, farm premises and animal quarters.

Storage: Keep from freezing, store in ventilated containers in temperature stable conditions away from heat, flammable storage and disposal.
