Preliminary and general statements without notifying the local sewage treatment plant authority. For guidance contact your State Water Board or Regional Office of the EPA.

DIRECTIONS FOR USE: IT IS A VIOLATION OF FEDERAL LAW TO USE THIS PRODUCT IN A MANNER INCONSISTENT WITH ITS LABELING. FOLLOW DIRECTIONS BELOW FOR SWIMMING POOL CHLORINATION.

SWIMMING POOL WATER DISINFECTION:

For a new pool or spring start-up, super chlorinate by adding 104 fl. oz. of product for each 10,000 gallons of water to yield an available chlorine residual between 0.6 to 1.0 ppm by weight. Stabilized pools should maintain a residual of 1.0 to 1.5 ppm available chlorine. Test the pH, available chlorine residual and alkalinity of water frequently with appropriate test kits. Frequency of water treatment will depend upon temperature and number of swimmers. Every 7 days or as necessary, super chlorinate the pool with 52 to 104 fl. oz. of product for each 10,000 gallons of water to yield an available chlorine residual between 1.0 to 3.0 ppm. At the end of the swimming season or when water is to be drained from the pool, chlorine must be allowed to dissipate from the treated pool water before discharge. Do not chlorinate the pool within 24 hours prior to discharge.

NOTE: This product degrades with age. Use a chlorine test kit and increase dosage as necessary to obtain the required level of available chlorine.

WARNING: ATTENTION CUSTOMER - FOR YOUR SAFETY CHECK CAP TIGHTNESS BEFORE LEAVING STORE. TRANSPORT IN AN UPRIGHT POSITION IN TRUNK ONLY. DO NOT TRANSPORT INSIDE CAR. PRODUCT WILL DAMAGE CARPETING, CLOTH AND LEATHER.

SAFETY WARNING (TRUNK ONLY): PRODUCT WILL DAMAGE CARPETING, CLOTH AND LEATHER. DO NOT TRANSPORT INSIDE CAR. PRODUCT WILL DAMAGE CARPETING, CLOTH AND LEATHER.

ATTENTION VAN AND SUV OWNERS: After tightening cap, transport in rear storage area of vehicle in a plastic milk crate or cardboard box, blocked to hold upright.

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS AND DOMESTIC ANIMALS

DANGER: Corrosive, may cause severe skin irritation or chemical burns to broken skin. Causes eye damage. Do not get in eyes, on skin or on clothing. Wear goggles or safety glasses and rubber gloves when handling this product. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, or using tobacco. Avoid dermal exposure. Vacate poorly ventilated areas as soon as possible. Do not return until odors have dissipated. Remove and wash contaminated clothing before reuse.

STORAGE AND DISPOSAL: Store in a cool, dry area away from direct sunlight. In case of spill, flush with large quantities of water. Do not contaminate food or feed by discharge effluent containing this product to sewer systems unless in accordance with the requirements of a National Pollutant Discharge Elimination System (NPDES) permit and the permitting authority has been notified in writing prior to the discharge. Do not discharge effluent containing this product to oceans or other waters, unless in accordance with the requirements of the National Pollutant Discharge Elimination System (NPDES) permit and the permitting authority has been notified in writing prior to the discharge. Do not discharge effluent containing this product to sewer systems without notifying the local sewage treatment plant authority. For guidance contact your State Water Board or Regional Office of the EPA.
