To control ants inside and outside homes:

**Application Instructions:**

- Place ant stations in locations inaccessible to children, pets and other its labeling. It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

**DIRECTIONS FOR USE:**

- Spill proof CONTAINER DISPOSAL:
  - Send empty container to your local recyling center for proper recycling.
  - For household use only. Not for sale, distribution, or use by minors.

- Outdoor drain. PESTICIDE DISPOSAL:
  - Store in cool, dry place inaccessible to children and pets. PESTICIDE STORAGE:
  - Keep out of reach of children. CAUTION: KEEP OUT OF REACH OF CHILDREN.
  - Protect from freezing. Do not use near food or water sources. Ants will enter, feed and return to the nest where they will pass on the carnada. Keeping the opening facing upwards, place ant station on flat surface inside or outside near ant trails or where ants are numerous. Remove the plug to activate.

- Replace stations every 3 months to control any newly invading ant colonies. Monitor regularly for activity, but do not interfere with the ants or stations. Observe bait opening, and replace when it shows signs of activity. Ants are attracted to bait stations for several days. Ants will carry the insecticide to their colony, killing the rest of the colony.
