NOTES:

1. DO NOT USE PRINT AS TEMPLATE FOR FINAL ARTWORK. USE DIMENSIONS ONLY.

2. BEE# NJ-2592 Rev-5

3. COPY AREA SHOWN

4. Was a 42.6 oz bottle. This bottle is .450" shorter from base to under handle. Label layout is based on a sample of the taller bottle and a bottle drawing (S-237 Rev-F) of this 38 oz version.

5. UPC bars need to be horizontal (parallel to base) and should be in from leading edge of the layout (left side) 1.5 to 2 inches.

6. Rec'd production bottles. Label fit is good. OK to proceed with artwork to fit this layout.
