STORAGE AND DISPOSAL

Do not contaminate water that is being used for drinking or irrigation offense. Do not place near or into vegetation. Do not contaminate water, food, feedstuffs, food or feed handling equipment, or wells or rim feeding equipment or surfaces that come in direct contact with food. (When used in USA inspected facilities, this product must be applied in temperature-controlled facilities. Do not use this product in industrial or institutional settings having less than 4 pounds of product)

APPLICATION DIRECTIONS:

Norway Rats and Roof Rats: Use 2 to 5 oz of bait per placement. Spaces placements at intervals of 15 to 25 feet in infested areas. Marking on untreated supply of food for 2 to 5 days or until there no longer no signs of mouse feeding or bait by rats.

House Mice: Use 1 to 5 oz of 3 to 5 mm pellets (per placement). Spaces placements at intervals of 6 to 12 inches in infested areas. Up to 1 oz of baiting may be used at points of very high mouse activity. Marking on unattended supply of food for 2 to 5 days or until there no longer no signs of mouse feeding or bait by house mice.

FOLLOW-UP: Replace contaminated or spoiled bait immediately. Wearing gloves, collect and dispose of bait. Remove any baiting stations.

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS AND DOMESTIC ANIMALS

CAUTION: Harmful if swallowed. Keep out of reach of children, domestic animals and pets. All handling (including application) must wear shoes, socks and gloves. Any person who removes carcasses or stored bait following application of this product must wash their hands.

ENVIRONMENTAL HAZARDS

This product is toxic to fish, birds, and other wildlife. Avoid application of this product directly to water or to areas where surface water is present or to intertidal areas below the mean high water mark.

NOTE TO VETERINARIAN

NOTE TO APPLICATOR

WARNING: This bait is toxic to fish, birds, and other wildlife. Avoid application of this product directly to water or to areas where surface water is present or to intertidal areas below the mean high water mark.
