KEEP OUT OF REACH OF CHILDREN

DANGER See back panel for additional precautionary statements.

FIRST AID: IF IN EYES:
Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control center or doctor for treatment advice. IF ON SKIN OR CLOTHING:
Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call poison control center or doctor for treatment advice. IF INHALED:
Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably mouth-to-mouth, if possible. Call poison control center or doctor for treatment advice.

IF SWALLOWED:
Call poison control center or doctor immediately for treatment advice. Have the product container or label with you when calling a poison control center or doctor, or going for treatment. IN CASE OF MEDICAL EMERGENCY, CALL 1-877-800-5553.

Note to Physician:
Probable mucosal damage may contraindicate the use of gastric lavage.

INGREDIENTE ACTIVO:
Hipoclorito de calcio .....................................................57.8%

MANTENGA FUERA DEL ALCANCE DE LOS NIÑOS
PELIGRO Refiérase al panel posterior para medidas de precaución adicionales.

PRIMEROS AUXILIOS: SI ENTRA EN CONTACTO CON LOS OJOS: Mantenga los ojos abiertos y enjuague la vista con agua durante 15-20 minutos. Quite los anteojos, si los usa, después de los primeros 5 minutos, y luego continúe enjuagándolo con agua. Llame a un centro de control de envenenamiento o a un médico para tratamiento adicional. SI ENTRA EN CONTACTO CON LA PIEL O LA ROPA: Lave la ropa contaminada. Enjuague suavemente con abundante agua durante 15-20 minutos. Llame a un centro de control de envenenamiento o a un médico para tratamiento adicional. SI SE INHALA: Remueva a la persona al aire libre. Si la persona no respira, llame al 911 o a una ambulancia y administre respiración artificial, preferiblemente boca a boca, si es posible. Llame a un centro de control de envenenamiento o a un médico para tratamiento adicional. SI SE TRAGA: Si la persona puede tragar, lleve al médico. Si la persona no puede tragar, no induzca el vómito. Llame a un centro de control de envenenamiento o a un médico para tratamiento adicional. Si ya traga, no induzca el vómito. Llame a un centro de control de envenenamiento o a un médico para tratamiento adicional. SI SE TRAGA Y NO PUEDE TRAGAR: No induzca el vómito. Llame a un centro de control de envenenamiento o a un médico para tratamiento adicional. SI SE INHALÓ Y NO PUEDE RESPIRAR: Llame a un centro de control de envenenamiento o a un médico para tratamiento adicional. Lleve consigo el envase o la etiqueta cuando llame a un centro de control de envenenamiento o a un médico, o vaya en busca de tratamiento. IN CASE OF MEDICAL EMERGENCY, CALL 1-877-800-5553.

Note para el médico: el daño probable a las mucosas puede contraindicar el uso de un lavado gástrico.

NET WEIGHT: 25 lb (11.3 kg)
ria and aid in the control of algae growth. This product provides a source of residual algae growth.

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling. Read entire label and use strictly in accordance with precautionary statements and directions.

Application Method:

Ensure all pool equipment is working properly. Backwash or clean filter system according to manufacturer's directions. Adjust pH to between 7.2-7.6. Add a minimum of 4-8 hours (24 hours for Algae Kill) following product addition. In pools with potentially bleachable surfaces such as vinyl, paint, fiberglass, or colored plaster, brush any undissolved product from pool surfaces. NEVER ALLOW UNDISSOLVED PRODUCT TO REMAIN IN THE POOL. This pesticide is toxic to fish and aquatic organisms. Do not contaminate waterways. This product is hazardous to fish and aquatic life. All aquatic life may per- 

Initial Chlorination:

Use this method if you are opening your pool in the spring, the pool is being closed, or high levels of combined chlorine are encountered.

1. After two hours, test free available chlorine residual. Repeat dosage until you obtain a free available chlorine residual of 1 - 4 ppm.

SUPERCHLORINATION APPLICATION

To kill algae when algae growth is evident in the pool:

Brush all pool surfaces with a surface compatible brush prior to application of product. Apply this product at a rate of 2 pounds (see Application Method) per 12,000 gallons of water into the circulation system operating continuously for the next 24 hours, then backwash the deep end of the pool when the pool is not in use (preferably at night). Keep the pool equipment operating for 24 hours after this procedure. Do not use pool until the pH is adjusted to between 7.2-7.6 (normal range of 7.2-7.6) and the chlorine level is normal (between 1-4 ppm). If using a filter system, backwash at the proper time. NEVER USE IN POOLS WITH DUAL FILTER SYSTEMS. Prechlorinate after Superchlorination. Do not superchlorinate more than twice in the same week. This product may cause skin irritation. Wear gloves when handling this product, and avoid contact with eyes and clothing. Do not use a 

STORAGE AND DISPOSAL:

Keep this product dry in the original tightly closed container when not in use. Store in a cool, dry, well-ventilated area away from heat or open flame. Moisture may decompose this product and cause a violent reaction leading to fire and explosion. In case of decomposition, isolate container if possible and flood area with large amounts of water to dissolve all material before discarding this container. Do not contaminate food or feed by storage or disposal. Offer for recycling, if available. Triple rinse container (or equivalent) with water and fill with non-polar solvent before discarding this container.

For additional protection of skin, wear long sleeves and long pants. Wash thoroughly after each use.

CAUTION:

This pesticide is toxic to fish and aquatic organisms. Do not contaminate waterways. This product is hazardous to fish and aquatic life. All aquatic life may perish. Use only as directed. This product is not a fish cure. Do not use in drainage ditches. Do not use within 100 feet of a well or pond. Use only as directed.

NOTE: READ AND FOLLOW THE INSTRUCTIONS ON THE LABEL.
