PRECAUTIONARY STATEMENTS

Hazards to Humans and Domestic Animals

CAUTION

Harmful if swallowed. Causes moderate eye irritation. Wash hands thoroughly with soap and water after handling and before eating, drinking, chewing gum or using tobacco. Avoid contact with eyes or clothing.

FIRST AID

If swallowed
• Call a poison control center or doctor immediately for treatment advice.
• Have person sip a glass of water if able to swallow.
• Do not induce vomiting unless told to do so by a poison control center or doctor.
• Do not give anything by mouth to an unconscious person.

If in eyes
• Hold eye open and rinse slowly and gently with water for 15-20 minutes.
• Remove contact lenses, if present, and after the first 5 minutes, then continue rinsing eye.
• Call a poison control center, doctor, or 1-800-420-9347 immediately for treatment advice.

Have the product container or label with you when calling a poison control center or doctor, or going for treatment.

HOT LINE NUMBER

For 24 Hour Medical Emergency Assistance (Human or Animal): Call 1-800-420-9347. For Chemical Emergency Assistance (Spill, Leak, Fire, or Accident): Call 1-800-424-9300.

Environmental Hazards

This product is extremely toxic to fish. Do not apply directly to water. Drift and runoff from treated areas may be hazardous to aquatic organisms in neighboring areas. Do not contaminate water when disposing of equipment wash water.

This product is highly toxic to bees exposed to direct treatment or residues on blooming crops or weeds. Do not apply this product or allow it to drift to blooming crops or weeds if bees are visiting the treatment area.

CONDITIONS OF SALE AND DISCLAIMERS OF WARRANTY AND LIMITATIONS OF LIABILITY

NOTICE: Read the entire Directions for Use and Conditions of Sale and Disclaimers of Warranty and Limitations of Liability before buying or using this product. If the terms are not acceptable, return the product at once, unopened, and the purchase price will be refunded.

Gulfstream Home and Garden warrants that this product conforms to the chemical description on the label and is reasonably fit for the purposes stated in the Directions for Use, when used in accordance with the directions under normal use conditions. You assume any and all risk of using, storing, or handling this product contrary to label instructions, or under abnormal conditions or conditions not reasonably foreseeable to Seller or Gulfstream Home and Garden. To the extent consistent with applicable law, neither Gulfstream Home and Garden nor Seller make any warranty of merchantability nor any other express or implied warranties except as stated above.
To the extent consistent with applicable law, in no event shall Gulfstream Home and Garden or Seller be liable for any incidental, consequential, or special damages resulting from the use, storage, or handling of this product.

**DIRECTIONS FOR USE**

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

- Read entire label before using this product.
- People and pets may re-enter after the treated area has been allowed to dry.
- This product is non-staining to most home siding depending on age and cleanliness. However, before using in areas where the spray may contact home siding (vinyl siding in particular), test in an inconspicuous area and recheck in a few hours. Do not use if any staining is observed.
- Do not use measuring utensils such as cups and spoons for food purposes after use with pesticides.
- Do not allow applications to contact water bodies, particularly those inhabited by aquatic organisms, such as ornamental fish ponds.

**HOW TO APPLY**

- **Shake container well** before each use.
- **Determine size of spraying job.** For lawns, measure the area to be sprayed. For landscape plantings, estimate the amount of spray mixture to provide thorough coverage of the foliage. For outdoor nuisance pests, estimate the square footage of the treatment area.
- **Carefully measure and mix** the amount of product and water as indicated in the use directions. To use the squeeze and pour bottle, remove cap and inner seal from the calibrated dosing chamber. Gently squeeze bottle to fill chamber to the appropriate dose. Pour concentrate directly into sprayer and slowly add the appropriate amount of water. Replace cap.
- **Spray as directed.** Thorough coverage is important. Spray just enough to cover treated area. Avoid over wetting.
- **Flush sprayer with clean water after each use.**

**Where to Apply**

- Home lawns
- Landscape plantings, flower beds
- Outdoor areas around the home

**Benefits**

- Dual-action with contact control plus long-lasting residual control
- Waterproof within 1 hour.
- Broad spectrum control.
- For use on home lawns and all major landscape plantings
- Provides a barrier to insect pests outside your home

**How it Works**

The dual-action of Maxide Dual Action Insect Killer Concentrate controls many insects two ways: through direct contact and by ingestion. One ingredient starts working right away killing insects that come in contact with the product. The other ingredient is absorbed into the plant, moves rapidly throughout, and causes insects to stop feeding and die. Maxide Dual Action Insect Killer Concentrate keeps insects from reestablishing for up to 30 days.
**LAWNS**

**How to apply**
- Mix the specified amount of product, listed in the *How Much to Apply* column of the table below, in 1 gallon of water to treat 500 sq. ft.
- 38.4 fl. oz. of Maxide Dual Action Insect Killer Concentrate treats up to 4,800 sq. ft.

*Scale insects (crawlers)
For best control of scale insects, spray leaves, stems, and trunks thoroughly.

** Spray directly on the bagworm larvae after they hatch. Control is most effective when the larvae are young.

** OUTDOOR NUISANCE PESTS

Where to apply
- around doors and window frames
- around light fixtures, utility entry points
- soffits, eaves, and vents
- other areas where pests may enter the home, alight, trail or congregate
- along foundations

How to Apply
- Mix 8 fl. oz. in 4 gallon of water to treat 1,000 sq. ft.
- Mix 2 fl. oz. in 1 gallon of water to treat 250 sq. ft.
- Spray uniformly over the surface.
- Ants: thoroughly wet ant hills and ant trails.

* * Ants, Argentine, Southern, Field, Allegheny Mound, Florida Carpenter, Black Carpenter, Cornfield, Honey, Pavement, Nuisance.

** * Pillbugs and scorpions must be sprayed directly to be killed.

** STORAGE AND DISPOSAL

Do not contaminate water, food, or feed by storage and disposal.

Pesticide Storage
Store in a cool, dry place. Keep container closed and away from food, feedstuffs, and domestic water supplies.

Pesticide Disposal and Container Handling
Nonrefillable container. Do not reuse or refill this container.

If empty: Place in trash or offer for recycling if available.

If partly filled: Call your local solid waste agency or 1-866-945-5033 for disposal instructions. Never place unused product down any indoor or outdoor drain.
