PRECAUTIONARY STATEMENTS

Hazards to Humans and Domestic Animals

CAUTION

Harmful if swallowed. Causes moderate eye irritation. Wash hands thoroughly with soap and water after handling and before eating, drinking, chewing gum or using tobacco. Avoid contact with eyes or clothing.

Environmental Hazards

This product is extremely toxic to fish. Do not apply directly to water. Drift and runoff from treated areas may be hazardous to aquatic organisms in neighboring areas. Do not contaminate water when disposing of equipment wash water.

This product is highly toxic to bees exposed to direct treatment or residues on blooming crops or weeds. Do not apply this product or allow it to drift to blooming crops or weeds if bees are visiting the treatment area.

CONDITIONS OF SALE AND DISCLAIMERS OF WARRANTY AND LIMITATIONS OF LIABILITY

Gulfstream Home and Garden warrants that this product conforms to the chemical description on the label and is reasonably fit for the purposes stated in the Directions for Use, when used in accordance with the directions under normal use conditions. You assume any and all risk of using, storing, or handling this product contrary to label instructions, or under abnormal conditions or conditions not reasonably foreseeable to Seller or Gulfstream Home and Garden. TO THE EXTENT CONSISTENT WITH APPLICABLE LAW, NEITHER GULFSTREAM HOME AND GARDEN NOR SELLER MAKE ANY WARRANTY OF MERCHANTABILITY OR ANY OTHER EXPRESS OR IMPLIED WARRANTIES EXCEPT AS STATED ABOVE.

FIRST AID

If swallowed
• Call a poison control center or doctor immediately for treatment advice.
• Have person sip a glass of water if able to swallow.
• Do not induce vomiting unless told to do so by a poison control center or doctor.
• Do not give anything by mouth to an unconscious person.

If in eyes
• Hold eye open and rinse slowly and gently with water for 15-20 minutes.
• Remove contact lenses, if present, and after the first 5 minutes, then continue rinsing eye.
• Call a poison control center, doctor, or 1-800-420-9347 immediately for treatment advice.

Have the product container or label with you when calling a poison control center or doctor, or going for treatment.

HOT LINE NUMBER

For 24 Hour Medical Emergency Assistance (Human or Animal), Call 1-800-420-9347. For Chemical Emergency Assistance (Spill, Leak, Fire, or Accident), Call 1-800-424-9300.
To the extent consistent with applicable law, in no event shall Gulfstream Home and Garden or Seller be liable for any incidental, consequential, or special damages resulting from the use, storage, or handling of this product.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

- Read entire label before using this product.
- People and pets may re-enter after the treated area has been allowed to dry.
- This product is non-staining to most home siding depending on age and cleanliness. However, before using in areas where the spray may contact home siding (vinyl siding in particular), test in an inconspicuous area and recheck in a few hours. Do not use if any staining is observed.
- Do not allow applications to contact water bodies, particularly those inhabited by aquatic organisms, such as ornamental fish ponds.

HOW TO APPLY

- Shake container well before each use.
- Connect a garden hose to the Maxide Dual Action Insect Killer Ready To Spray nozzle. Make sure the dial on the hose end sprayer is in the “OFF” position.
- Turn on water at faucet. Extend hose to the farthest area to be treated and work back toward the faucet so you don’t come in contact with the treated area.
- To begin spraying, point nozzle toward treatment area and 1.) bend the safety tab back with your thumb, 2.) hold safety tab back while turning dial clockwise until it stops, turning the hose end sprayer to the “ON” position. Water will automatically mix with the product.
- Spray until wet. Walk at a steady pace while spraying using an even sweeping motion, slightly overlapping treated areas.
- To stop spraying, quickly turn the hose end sprayer to the “OFF” position. Turn water off at faucet. To relieve pressure before removing nozzle from hose, bend the safety tab back and turn dial “ON” until water stops spraying.

Where to Apply

- Home lawns
- Landscape plantings, flower beds

Benefits

- Dual-action with contact control plus long-lasting residual control
- Waterproof within 1 hour.
- Broad spectrum control.
- For use on home lawns and all major landscape plantings

How it Works

The dual-action of Maxide Dual Action Insect Killer Ready To Spray controls many insects two ways: through direct contact and by ingestion. One ingredient starts working right away killing insects that come in contact with the product. The other ingredient is absorbed into the plant, moves rapidly throughout, and causes insects to stop feeding and die. Maxide Dual Action Insect Killer Ready To Spray keeps insects from reestablishing for up to 30 days.
