Use Scrubbing Bubbles Multi-Purpose Disinfectant on Doorknobs, Faucets and Garbage Cans.

DIRECTIONS FOR USE: Use your hand to apply this product in a manner consistent with its labeling.

SHAKE WELL BEFORE EACH USE.

TO TEMPORARILY REDUCE ODOR CAUSED BY AIRBORNE BACTERIA and eliminate odors in an average room **2 x 2 x 2**, close all doors, windows, and air vents and spray product upwind from room for 10 seconds. For maximum effectiveness, relative humidity should be between 45% and 70%. Allow aired room ventilation after spray has settled.

TO DISINFECT HARD, NON-POROUS SURFACES: Spray pre-cleaned surface until wet. Allow product to remain on surface for 5 minutes.

TO SANITIZE HARD, NON-POROUS SURFACES: Spray pre-cleaned surface until wet. Allow product to remain on surface for 30 minutes.

TO INHIBIT THE GROWTH OF MOLD** AND MILDEW AND THEIR ODORS: Spray pre-cleaned surface until wet. Let treated surface air dry. Re-apply as necessary.

* Staphylococcus aureus and Klebsiella pneumoniae **Asgapollus niger

DO NOT USE ON BEDDING, MATTRESSES, CLOTHING, CARPET, LEATHER, SILK, rayon fabrics, polished wood, painted surfaces, lacquered metals or acrylic plastics. Spray may leave some hard floors slippery. To avoid slips or falls, do not concentrate spray over hard floors. DO NOT SPRAY ON PETS. Not for use on food contact surfaces.

STORAGE AND DISPOSAL:

STORAGE: Store away from heat, sparks and open flame, in an area inaccessible to children.

DISPOSAL: This container may be recycled in the few but growing number of communities where aerosol can recycling is available. Before offering for recycling, empty the can by using the product according to the label. DO NOT PUNCTURE! If emptying is not available, wrap the container and discard in trash.

PRECAUTIONARY STATEMENTS:

HAZARDS TO HUMANS: CAUTION: If exposed to eyes or clothing, wash thoroughly with soap and water after handling and before eating, drinking, chewing gum or using tobacco. Avoid contact with food and foodstuffs. Before using product throughout your home, use in one room and wait 24 hours to be sure that no one has any physical reaction to the product. Some persons may experience allergic reactions. Consult your doctor to ensure that this product is safe for you.

HAZARDS TO DOMESTIC ANIMALS:

If exposed to eyes or clothing, wash thoroughly with soap and water after handling and before eating, drinking, chewing gum or using tobacco. Avoid contact with food and foodstuffs. Before using product throughout your home, use in one room and wait 24 hours to be sure that no one has any physical reaction to the product. Some persons may experience allergic reactions. Consult your doctor to ensure that this product is safe for you.

FIRST AID: IF IN EYES: Hold eye open and rinse slowly with water for 15-30 minutes. Remove contact lenses, if present, after first 5 minutes, then continue rinsing eyes. Call a poison control center or doctor for treatment advice.

IF ON SKIN: Wash thoroughly with soap and water.

IF INHALED: Remove person to fresh air. If symptoms persist, call a poison control center or doctor for treatment advice.

IF SWALLOWED: Rinse mouth thoroughly. Do not induce vomiting. Call a poison control center or doctor for treatment advice.

Have the product container or label with you when calling a poison control center or doctor, or going for treatment.

ATTENTION: Use only as directed. Intentional misuse by deliberately concentrating and inhaling the contents can be harmful or fatal. Help stop inhalation abuse. For more information, visit www.inhalant.org

PHYSICAL/CHEMICAL HAZARDS: EXTREMELY FLAMMABLE! Keep away from fire, sparks and hot surfaces. Contents under pressure. Do not puncture or incinerate container. Exposure to temperatures above 120°F may cause bursting.
