# Briquets

## SUSTAINED RELEASE 180 DAY MICROBIAL BRIQUETS

### APPLICATION DIRECTIONS

**APPLICATION RATES**

- **For control of mosquito larvae, place one briquet in sites up to 100 square feet of surface area.** For large sites, apply one additional briquet for each additional 100 square feet of water surface, regardless of water depth.

**APPLICATION SITES**

- **FourStar® Briquets** can be applied to areas that contain aquatic life, fish, wildlife, and plants, as well as areas used for or in contact with humans, animals, livestock, fountains, trees, shrubs, and swimming pools. The active ingredient is nonrefractory and, therefore, is not absorbed by aquatic food chains, algae, or other aquatic organisms. Employees, passers-by, and onlookers should avoid exposure to treated water. If exposure occurs, follow the first-aid procedures to the best of their ability. Be sure to call the local emergency medical service or doctor immediately.

**HAZARDS TO HUMANS AND DOMESTIC ANIMALS – CAUTION:**

- **If inhaled:**
  - Move person to fresh air. If not breathing, give artificial respiration promptly. If breathing does not return, give CPR. Call a physician immediately.

- **If on skin or clothing:**
  - Take off and wash contaminated clothing.
  - Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco or going to the toilet. Remove and wash contaminated clothing before reuse. Prolonged or frequently repeated skin contact may cause allergic reactions in some individuals.

- **If in eyes:**
  - Hold open eye and rinse slowly and gently with plenty of water for 15-20 minutes. If irritation persists, consult a physician.

- **If swallowed:**
  - Do not induce vomiting. Call a physician immediately.

**HAZARDS TO ENVIRONMENT – CAUTION:**

- **Do not apply to treated, finished drinking water reservoirs or drinking water facilities when the water is intended for human consumption.** It is a violation of Federal law to apply this product in a manner inconsistent with its labeling.

**NOTICE TO USER**

Safes made to warn, operate in or maintain, fitness and health of the environment are required. Solicit federal, state or local elections. Offer for recycling if available or crush and discard carton in a sanitary landfill or by incineration or, if allowed by state and local authorities, by burning. If burned, stay out of smoke. Do not contaminate water, food, or feed by storage or disposal. Do not allow pest control or application to enter into bodies of water, even if diluted beyond the point of being hazardous. Harmful if inhaled. Causes moderate eye irritation. Avoid contact with eyes, mouth, and skin. Do not apply directly to any water in holding ponds. Prevent contact with eyes, mouth, and skin. Do not contaminate water, food, or feed by storage or disposal.

### PRECAUTIONARY STATEMENTS

**HAZARDS TO HUMANS AND DOMESTIC ANIMALS – CAUTION:**

- **If inhaled:**
  - Move person to fresh air. If not breathing, give artificial respiration promptly. If breathing does not return, give CPR. Call a physician immediately.

- **If on skin or clothing:**
  - Take off and wash contaminated clothing.
  - Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco or going to the toilet. Remove and wash contaminated clothing before reuse. Prolonged or frequently repeated skin contact may cause allergic reactions in some individuals.

**ENVIRONMENTAL HAZARDS**

- Do not allow pest control or application to enter into bodies of water, even if diluted beyond the point of being hazardous. Harmful if inhaled. Causes moderate eye irritation. Avoid contact with eyes, mouth, and skin. Do not contaminate water, food, or feed by storage or disposal.

**NOTICE TO USER**

Safes made to warn, operate in or maintain, fitness and health of the environment are required. Solicit federal, state or local elections. Offer for recycling if available or crush and discard carton in a sanitary landfill or by incineration or, if allowed by state and local authorities, by burning. If burned, stay out of smoke. Do not contaminate water, food, or feed by storage or disposal.

### KEEP OUT OF REACH OF CHILDREN CAUTION

See side panel for additional Precautionary Statements.

### CONTENTS:

- **200 Briquets, 15.0 lbs (6.80 kg)** - weight varies with measurements are not federally standardized.

**ACTIVE INGREDIENTS:**

- **Bacillus thuringiensis israelensis** subspecies **BMP 144** ...................... 1%
- **Bacillus sphaericus** 2362, serotype H5a5b, strain AML614 .......................... 6%
**KEEP OUT OF REACH OF CHILDREN**

CAUTION

KEEP OUT OF REACH OF CHILDREN. May be fatal if swallowed or inhaled. Avoid contact with eyes, skin, eyes, or clothing. Avoid breathing dust. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco or using the toilet. Remove and wash contaminated clothing before reusing. Prolonged or frequently repeated skin contact may cause allergic reactions in some individuals.

If inhaled:

- Move person to fresh air. If inhaled, remove to fresh air immediately. Give 2 L/min of oxygen if breathing is difficult or if breathing has stopped.

- Call poison control center or doctor for treatment.

If on skin:

- Take off contaminated clothing. Wash skin with soap and water for at least 15 minutes.
- Call poison control center or doctor for treatment.

If in eyes:

- Have the product container or label with you when calling a poison control center or doctor. Rinse eyes immediately with plenty of water for 15-20 minutes. Remove contact lenses, after the first 5 minutes, and then continue rinsing eyes.
- Call poison control center or doctor for treatment.

If in mouth:

- Rinse mouth and swallow water for 15-30 minutes. Do not induce vomiting unless instructed to do so by the first aid provider or doctor.
- Call poison control center or doctor for treatment.

FIRST AID

**PRECAUTIONARY STATEMENTS**

HAZARDS TO HUMANS AND DOMESTIC ANIMALS – CAUTION:

It is a violation of Federal law to apply this product in a manner inconsistent with label instructions.

Do not apply to treated, finished drinking water reservoirs or drinking water receptacles when the water is intended for human consumption. It is a violation of Federal law to apply this product in a manner inconsistent with label instructions.

**APPLICATION DIRECTIONS**

FourStar® Briquets are a highly selective microbial insecticide effective against mosquitoes in a variety of habitats for up to 180 days or more. FourStar® Briquets release effective levels of Bacillus thuringiensis israelensis and Bacillus sphaericus, subspecies israelensis, into the water surface over time as the briquets dissolve. New briquet product container or label is used when calling a pest control center or doctor for treatment. The new label also contains 1,000,000 virotoxically effective microbial cells.

**APPLICATION RATES**

- For control of mosquito larvae, place one briquet in sites up to 100 square feet of surface area. For large sites, apply one additional briquet for each additional 100 square feet of water surface, regardless of water depth. When mosquito populations are high, water is heavily polluted, and/or there are a large number of aquatic insects, double the above application rate.

- For control of adult mosquitoes, place one briquet per 50 square feet of water surface. For large sites, apply one additional briquet for each additional 100 square feet of water surface, regardless of water depth. When mosquito populations are high, water is heavily polluted, and/or there are a large number of aquatic insects, double the above application rate.

**ENVIRONMENTAL HAZARDS**

Dr. apply to areas that contain aquatic life, fish or wildlife. Five days or otherwise concerning the use of this product other than as indicated on the label. User assumes all risks of use, storage or handling not in strict accordance with label instructions.

**NOTICE TO USER**

Select a site where wind, waves or tidal currents are expected to carry drift. Do not burn drift or otherwise dispose of packaging materials. Whenever possible, confine the use of this product to areas that do not otherwise contain aquatic life or wildlife. Five days or otherwise concerning the use of this product other than as indicated on the label. User assumes all risks of use, storage or handling not in strict accordance with label instructions.
