FOURSTAR™ Briquets

SUSTAINED RELEASE 45 DAY MICROBIAL BRIQUETS

FIRST AID

If inhaled: Remove person to fresh air. If person is not breathing, call 911 or an ambulance. Then give artificial respiration preferably by mouth to mouth if possible.

If on skin or clothing: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes.

If in eyes: Hold eyes open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, and then continue rinsing eyes.

Have this product container or label with you when calling a poison control center or doctor, or going for treatment. You may also contact 1-800-222-1222 for emergency medical treatment information.

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS AND DOMESTIC ANIMALS - CAUTION:
Harmful if swallowed. Causes moderate eye irritation. Avoid contact with skin, eyes, or clothing. Avoid breathing dust. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco or using the toilet. Remove and wash contaminated clothing before reusing. Prolonged or frequently repeated skin contact may cause allergic reactions in some individuals.

ENVIRONMENTAL HAZARDS:
Do not apply to treated, finished drinking water reservoirs or drinking water reservoirs when the water is intended for human consumption.

NOTICE TO USER
User makes no warranty express or implied, of merchantability, fitness or otherwise concerning the use of this product other than as indicated on the label. User assumes all risks of use, storage or handling not in strict accordance with label instructions.

DIRECTIONS FOR USE

It is a violation of Federal law to apply this product in a manner inconsistent with its labeling.

APPLICATION DIRECTIONS
FourStar™ Briquets are The highly effective microbial inoculants effective against mosquitoes in a variety of habitats for up to 45 days on average. FourStar Briquets release effluent levels of Bacillus subtilis and Bacillus amyloliquefaciens spores to the water surface rather than on the briquet themselves.

APPLICATION SITES
FourStar Briquets can be applied to areas that contain aquatic life. Fish and plants, as well as areas used by or in contact with humans, animals, horses, livestock, pets, birds, or wildlife. Examples of application sites include, but are not limited to, storm drains, catch basins, underground drainage systems, storm water retention areas, retention ponds, abandoned swimming ponds, ornamental fountains and ponds. Fish ponds, water gardens, animal drinking troughs, shallow water, water holding reservoirs, natural ponds, and natural sites where mosquitoes may develop.

APPLICATION RATES
For control of mosquito larvae, place one (1) briquet in sites up to 100 square feet of surface area. For large sites, apply 1 additional briquet for each additional 100 square feet of water surface, regardless of water depth. When mosquito populationsiform, apply or at least 1222 for emergency medical treatment information.

STORAGE AND DISPOSAL

Do not contaminate water, food, or feed by storage or disposal.

Packaging/Dispenser: Store in a cool, dry place.

Pesticide Dispenser: Material results in use of this product may be disposed of on site or at an approved waste disposal facility.

Container/Dispenser: Nonrefillable container. Do not re-use or refill empty container or packaging material. Offer for recycling if available or return and discard container in a sanitary landfill or by incineration or, if allowed by state and local authorities, by burning. If burned, stay out of smoke.
