Headline®
fungicide

For Use in Sorghum

EPA Reg. No. 7969-186

Active Ingredient*: pyraclostrobin: (carbamic acid, [2-[[1-(4-chlorophenyl)-1H-pyrazol-3-yl]oxy]methyl][phenyl]methoxy-, methyl ester) ........................................................................................................ 23.6%
Other Ingredients**: ........................................................................................................ 76.4%
Total: .......................................................................................................................... 100.0%

* Equivalent to 2.09 pounds of pyraclostrobin per gallon.
** Contains petroleum distillates.

Directions For Use
It is a violation of federal law to use this product in a manner inconsistent with its labeling. DO NOT apply this product in a way that will contact workers or other persons, either directly or through drift. Only protected handlers may be in the area during application. Refer to the Headline® fungicide main label, EPA Reg. No. 7969-186, for complete Directions For Use and all applicable restrictions and precautions. User must have the full Headline container label and this supplemental label in possession at the time of pesticide application.

Restrictions and Limitations
Headline is not for use in greenhouse or transplant production systems.

DO NOT enter or allow worker entry into treated areas during the restricted-entry interval (REI) of 12 hours.

No aerial application in New York State except as permitted under FIFRA Section 24(c), Special Local Need Registration.

General Information
Headline provides optimum disease control when applied in a regularly scheduled protective fungicide program and used in a spray program that rotates fungicides with different modes of action. Refer to the Headline main label for general resistance management information and to the Headline® fungicide Crop-specific Requirements table found in this label.

Application Instructions
Apply Headline according to the rates, timing and resistance management instructions in the Headline® fungicide Crop-specific Requirements table in this label.

Headline may be applied by ground sprayer, aerial equipment or through sprinkler irrigation systems. Refer to the Headline main label for specific instructions on these methods.

</tbody>
</table>

**Application Directions:** For optimal disease control, begin applications of Headline prior to disease development. Use the higher rate when disease pressure is high. Under high disease pressure for Northern leaf blight and Southern leaf blight, apply 9 to 12 fl ozs per acre.

**Resistance Management:** DO NOT make more than one (1) application of Headline per season. If additional fungicide applications are needed, use a labeled non-Group 11 fungicide with a different mode of action.
Conditions of Sale and Warranty

The Directions For Use of this product reflect the opinion of experts based on field use and tests. The directions are believed to be reliable and must be followed carefully. However, it is impossible to eliminate all risks inherently associated with the use of this product. Crop injury, ineffectiveness or other unintended consequences may result because of such factors as weather conditions, presence of other materials, or use of the product in a manner inconsistent with its labeling, all of which are beyond the control of BASF CORPORATION ("BASF") or the Seller. To the extent consistent with applicable law, all such risks shall be assumed by the Buyer.

BASF warrants that this product conforms to the chemical description on the label and is reasonably fit for the purposes referred to in the Directions For Use, subject to the inherent risks, referred to above.

To the extent consistent with applicable law, BASF makes no other express or implied warranty of fitness or merchantability or any other express or implied warranty.

To the extent consistent with applicable law, Buyer's exclusive remedy and BASF's exclusive liability, whether in contract, tort, negligence, strict liability, or otherwise, shall be limited to repayment of the purchase price of the product.

To the extent consistent with applicable law, BASF and the Seller disclaim any liability for consequential, special or indirect damages resulting from the use or handling of this product.

BASF and the Seller offer this product, and the Buyer and User accept it, subject to the foregoing Conditions of Sale and Warranty which may be varied only by agreement in writing signed by a duly authorized representative of BASF.
