To Use This Product Correctly:

- Do not use in rooms where plants are grown for food. Do not use in closed space for more than two hours.
- Have outside doors and windows shut off for two hours.
- If an odor is still detectable, additional ventilation is required.
- It is a violation of Federal law to use this product in a manner inconsistent with its labeling.
- Contains NYLAR, insect growth regulator.

**DIRECTIONS FOR USE:**

- Shake Fogger well before using.
- Hold can at an angle from the floor or from the distance of one to two feet away from the point of application. Do not use in a room 5 ft. x 5 ft. (27 ft. x 27 ft. with an 8 ft. ceiling). Each can treats a room up to 27 ft. x 27 ft. with an 8 ft. ceiling of 4,000 cubic feet of unobstructed space.

**FIRST AID:**

- In case of contact with eyes, wash thoroughly with water. In case of contact with skin, wash with soap and water. If swallowed, do not induce vomiting. Call your gas utility or management company for treatment advice.

**PRECAUTIONARY STATEMENTS:**

- Harmful if inhaled. Harmful if swallowed. Avoid contact with skin, eyes, or clothing. Causes moderate eye irritation and respiratory irritation. Harmful if inhaled. Harmful if swallowed. Avoid contact with eyes, skin, or clothing.

**INFORMATION FOR VETERINARIANS:**

- NYLAR is an IGR, Insect Growth Regulator. NYLAR has a primary mode of action on the flea and prevents the before pupa stage from hatching. NYLAR is safe for pets and humans when used according to directions. NYLAR is not a pesticide, but rather a growth regulator that does not allow the flea to reproduce, thereby breaking the flea life cycle. NYLAR is classified as a low-risk, non-toxic product. NYLAR is not considered hazardous to humans or pets, and it is safe for use around pets, children, and pregnant women. NYLAR is safe for use in homes, schools, and hospitals.

**SAFETY INFORMATION:**

- Before fogging, cover waxed wood floors and waxed furniture in the immediate area surrounding the fogger. Open interior doors for two hours.
- Place a chair, small table or stand in the center of the treated area to alert family and others with access to the treated area not to enter for two hours.
- Treatments may be repeated after the house has been thoroughly ventilated. The treated house, household articles, and other health and safety measures such as vacuuming, dusting, and the like should be taken care of immediately.

**KEEP OUT OF REACH OF CHILDREN CAUTION:**

- Store in a cool, dry place. Keep out of reach of children. Do not use or store near children.

**Effective Long-Term Control:**

- Use Flea & Tick products as part of an integrated pest management program on your pet, around your home, and in your yard.

- Effective for 7 months.

- Three Pack: 3 x 6 oz (170g) cans.
