KEEP OUT OF REACH OF CHILDREN

WARNING

PRECAUTIONARY STATEMENTS
HAZARDS TO HUMANS AND DOMESTIC ANIMALS
Avoid contact with skin, eyes or clothing. Harmful if absorbed through skin. Causes moderate eye irritation. Wear chemical resistant gloves and protective eyewear. Avoid contact with skin, eyes or clothing. Harmful if absorbed through skin. Causes moderate eye irritation. Use with care. Avoid breathing dust, mists, or droplets produced by this product or by other pesticides. Wash thoroughly with soap and water after handling. Keep out of reach of children. Do not allow children to use or handle. Do not eat, drink or smoke when using this product. Do not contaminate water when disposing of equipment or waste. Food and feed must not be contaminated. Keep out of reach of children. Do not contaminate surface water when disposing of equipment or waste.

FIRST AID STATEMENT

IF ON SKIN OR CLOTHING:

• Remove contaminated clothing.
• Immediately rinse skin for 15-20 minutes using plenty of water.
• Contact a poison control center or doctor for treatment advice.

IF IN EYES:

• Take out any contact lenses. Rinse eyes for 15-20 minutes with plenty of water. Continue rinsing even if the eye begins to close. Do not put any ointments or dressings on the eyes.
• Hold eyes open, slowly and gently rinse with water for 15-20 minutes. If wearing contact lenses, rinse eyes for 5 minutes, remove contact lenses, then continue rinsing.
• Contact a poison control center or doctor for treatment advice.

HOT LINE NUMBER:

• Have the product container or label with you when contacting a poison control center or doctor, or going for treatment. You can call the poison control centers at 1-800-222-1222 or 1-800-999-1667. You may also call Pacific Biocontrol at 1-800-999-8805 for additional information.

ENVIRONMENTAL HAZARDS
For terrestrial uses: Do not apply directly to water to areas where surface water is present or to intertidal areas below the mean high water mark. Do not contaminate water when disposing of equipment or waste. Do not contaminate equipment or waste with this product.

MADE IN JAPAN
EPA Est. No.: 47265-JPN-01
EPA Reg. No.: 53575-35

ISOMATE® is a registered Trademark of Pacific Biocontrol Corporation.

ACTIVE INGREDIENTS:

(E,E)-8,10-Dodecadien-1-ol.......................... 55.05 %
1-Dodecanol.............................................. 31.22 %
1-Tetradecanol.......................................... 6.30 %
TOTAL.................................................. 92.57 %

OTHER INGREDIENTS .................................. 7.43 %

TOTAL .................................................. 100.00 %

2094.93 mg active ingredients per dispenser

DIRECTIONS FOR USE
IT IS A VIOLATION OF FEDERAL LAW TO USE THIS PRODUCT IN A MANNER INCONSISTENT WITH ITS LABELING.

It is CRITICAL that ISOMATE-CM RING is applied as directed.

Crops
Apples, pears, quince and other pome fruits; walnut, pecan and other tree nut crops; peaches, prunes, plums, nectarines and other stone fruits.

Target Pests
Codling moth (Cydia pomonella), hickory shuckworm (Cydia caryana).

Rate
Minimum of 20 dispensers per acre (1.65 fl oz or 41.90 g a.i. per application). Maximum of 40 dispensers per acre (3.30 fl oz or 83.80 g a.i. per application). Apply maximum rate of dispensers in orchards that are medium to high-risk, such as moderate to heavily infested orchards, or any orchard adjacent to an untreated orchard. Apply double rate of dispensers to edges of orchard. Do not exceed 150 g a.i. (or 72 dispensers) per acre per year.

Application
Place dispensers on lateral branches in upper third of tree canopy. Apply dispensers uniformly in the treated area.

Timing
Apply prior to codling moth emergence in the spring. Consult your local pest control advisor or Pacific Biocontrol representative for proper timing or estimated dispenser longevity in your area.

Note
Isomate-CM Ring suppresses mating of target pests. Immigration of mated female moths of these species from adjacent external sources of infestation will reduce the level of control. Manage by:
• Treatment of external sources of infestation with Isomate-CM Ring.
• Treatment of external sources of infestation with an effective insecticide.
• Treatment of pheromone treated orchard with insecticide.

Areawide application is most effective. Supplementary applications of insecticide are advised when Isomate-CM Ring is used in orchards with high pest populations. All pests must be monitored so that timely intervention with insecticides is possible.

STORAGE AND DISPOSAL
Do not contaminate water, food or feed by storage or disposal.

Pesticide Storage
Store in original unopened package in a dry location at temperatures below 40°F. To prevent contamination with food or feed, store only unopened product packages in cold storage facilities that are used for food or feed.

Pesticide Disposal
Wastes resulting from this product may be disposed of on site or at an approved waste disposal facility.

Container Disposal
Nonrefillable container. Do not reuse or refill this container. Dispose of empty foil packet in the trash.

WARRANTY AND LIMITATION OF DAMAGES
The directions for use of this product are believed to be adequate and must be followed carefully. Pacific Biocontrol Corporation warrants the product complies with the specifications expressed in this label. To the extent consistent with applicable law, Pacific Biocontrol Corporation makes no other warranties, and disclaims all other warranties, expressed or implied, including but not limited to warranties of merchantability and fitness for a particular purpose or otherwise, that extend beyond the statements made on this label. To the extent consistent with applicable law, Pacific Biocontrol Corporation’s liability or default, breach or failure under this label shall be limited to the amount of the purchase price. To the extent consistent with applicable law, Pacific Biocontrol Corporation shall have no liability for damages (special, consequential or incidental) that result from handling, storage and use of this product, which is not in compliance with the label. Use of this product implies all directions on this label have been read carefully. Read all directions carefully.
