Maintain Smart Shock®
Multi-purpose Shock

Active Ingredients:
- Sodium dichloro-s-triazinetrione .... 63.05%
- Copper citrate** .................................... 0.73%

Other Ingredients:
- Sodium dichloro-s-triazinetrione  .... 63.05%

**Copper as metallic = 0.26%

Other Ingredients:
- 36.22%

Total Ingredients:
- 100.00%

(Available Chlorine: 39%) ............................ 100.00%

Other Ingredients:
- Copper citrate** .................................... 0.73%
- Sodium dichloro-s-triazinetrione  .... 63.05%

Active Ingredients:
- 36.22%

Maintain Smart Shock®
Multi-purpose Shock

BioGuard® Maintain Smart Shock®

The BioGuard Care System has three important parts that help

- Sanitizer to control bacteria
- Shock to destroy contaminants
- Clarifier to maintain clear water

All parts of the BioGuard Care System are vital to achieve

- beautiful water.

For treatment of light algae:

Vacuum leaves and any other foreign debris
- Afterwards, repeat brushing of pool surfaces. Do not enter the pool until the free available chlorine residual is 1-4 ppm. If necessary repeat the
-Broadcast five pounds of this product per 12,000 gallons of pool water,
