PRECAUTIONARY STATEMENTS - HAZARDS TO HUMANS

WARNING

Cautions substantial but reversible eye injury. Harmful if swallowed. Avoid breathing of spray mist. Wash hands with soap and water after handling.

FIRST AID

IF IN EYES: Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lens, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control center or doctor for treatment advice.

IF SWALLOWED: Call a poison control center or doctor immediately for treatment advice. Have person drink 1-2 glasses of water if able to swallow. Do not induce vomiting unless told to do so by the poison control center or doctor. Do not give anything by mouth to an unconscious person.

NOTICE NUMBER

Have the product container or label with you when calling a poison control center or doctor, or going for treatment. You may contact 1-800-222-1222 for emergency information.

PHYSICAL OR CHEMICAL HAZARDS

EXTREMELY FLAMMABLE. Contents under pressure. Keep away from heat, sparks, and open flame. DO NOT PUNCTURE OR INCINERATE CONTAINER. Exposure to temperatures above 120°F may cause bursting.

DIRECTIONS FOR USE:

It is a violation of federal law to use this product in a manner inconsistent with its labeling.

For Outdoor Use Only. Do not spray in enclosed areas. Never use repellent over cuts, wounds, or irritated skin. Do not apply near eyes and mouth, and apply sparingly around ears. When using spray, do not spray directly into face; spray on hands first and then apply to face. Do not use on children under 2 years old. Do not allow children to handle this product, and do not apply to children's hands. When using on children, apply to your own hands and then put it on the child. Apply only to exposed skin. Do not use clothing. Do not use clothing, like just enough repellent to cover exposed skin and/or clothing. Heavy application and saturation are unnecessary for effectiveness. If biting insects do not respond to a thin film of repellent, apply a bit more. When returning indoors, wash treated skin with soap and water or bath. This is particularly important when repellents are used repeatedly in a day or on consecutive days. Also, wash treated clothing before wearing it again. Use of this product may cause skin irritations in rare cases. If you suspect a reaction to this product, discontinue use, wash treated skin, and call your local poison control center. If you go to a doctor, take this product with you.

APPLICATION INSTRUCTIONS:

Repellent insects listed on the front panel, hold can at least 12 inches away. Point opening is directed towards skin and outer clothing surfaces, press to spray. For chiggers, also apply to socks, socks, and around ears or clothing.

DO NOT USE ON NITS OR NIT EGGS, DO NOT USE ON NITS OR NIT EGGS, DO NOT USE ON NITS OR NIT EGGS.
