BRITEWOOD® 53-C

A Fungicide for Use in Aqueous and Solvent Systems such as Oleo-Resinous and Latex Paints, Wood Products, Cutting Oils, Textiles, Paper Coatings, Inks, Plastics, and Canvas and Cordage.

INDUSTRIAL FUNGICIDE

ACTIVE INGREDIENT:  % WEIGHT
3-Iodo-2-Propynyl Butyl Carbamate  40.0%
INERT INGREDIENTS:  Contains petroleum distillate  60.0%
TOTAL:  100.0%

IN CASE OF EMERGENCY CALL 1-800-424-9300

SOLD FOR INDUSTRIAL USE
See Side Panel for Additional Precautionary Statements

ENVIRONMENTAL HAZARDS
This product is toxic to fish. Do not discharge effluent containing this product into lakes, streams, ponds, estuaries, oceans or other waters unless in accordance with the requirements of a National Pollutant Discharge Elimination System (NPDES) permit and the permitting authority has been notified in writing prior to discharge. Do not discharge effluent containing this product to sewer systems without previously notifying the local sewage treatment plant authority. For guidance contact your State Water Board or Regional office of the EPA. Do not apply directly to water or to areas where surface water is present or to intertidal areas below the mean high water mark. Do not contaminate water when disposing of equipment washwaters or rinsates.

DIRECTIONS FOR USE
It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

GENERAL INFORMATION
PRODUCT: The following are suggested use levels for Britewood 53-C. Typical use levels given for the various applications indicate the approximate levels for the particular application. All suggestions are given in percentage by weight and refer to the product Britewood 53-C.

USE: In order to determine the most cost effective use level for Britewood 53-C in a given field, trial tests are suggested.

GENERAL PRECAUTIONS AND RESTRICTIONS
Do not apply this product in a way that will contact workers or other persons. Britewood 53-C is not to be used in formulations for materials that come into contact with food.

APPLICATION INSTRUCTIONS
PAINTS AND STAINS: Generally use 0.4-1.2% or 4-12 pounds of Britewood 53-C per one hundred gallons. For hot, humid areas use up to 2.0% (20 pounds). For interior paints use 0.1-0.4% (1-4 pounds). For wood protective stains use 0.8-1.2% (8-12 pounds) of Britewood 53-C.

PLASTICS: Use in PVC plastics such as shower curtains, tarpaulins, umbrellas at a level of 0.5-2.5%.

CUTTING OILS: Use 0.05-0.5%.

WOOD: For above ground use only at rates of 0.5-2.0% depending on protection. For sapstain control, use 0.5% within 24 hours of cutting. For millwork, use 0.5%. Do not apply to wood surfaces that come into contact with food.

TEXTILES: Use 0.1-1.0% for coatings or dyes. Not for use in fabrics for human wear.

PAPER COATINGS: For use in non-food contact coatings only. Use in aqueous and solvent-based coated papers applied to paper at 0.05-0.75%.

INKS: Use 0.05-3.0%.

STORAGE AND DISPOSAL
Do not contaminate water, food, or feed by storage or disposal.

PESTICIDE STORAGE: This material has a tendency to crystallize at low temperatures. Storage temperatures below 90°F (32°C) and above 32°F (0°C) are suggested. PESTICIDE DISPOSAL: Pesticide wastes are acutely hazardous. Improper disposal of empty pesticide containers, rinse mixtures, or rinsates is a violation of federal law. In those states where these wastes can not be disposed of by use according to label instructions, contact your State pesticide or environmental control agency or the hazardous waste representative at the nearest EPA regional office for guidance.

CONTAINER HANDLING: Nonrefillable container: Do not reuse or refill this container. Clean container promptly after emptying. Triple rinse (as follows: Empty remaining contents into application equipment or a mix tank. Fill the container ¼ full with water. Replace and tighten closures. Tip container on its side and roll it back and forth, ensuring at least one complete revolution, for 30 seconds. Stand the container on its end and tip it back and forth several times. Turn the container over onto its other end and tip it back and forth several times. Empty the rinseate into application equipment or a mix tank or store rinsate for later use or disposal. Repeat this procedure two more times. Then offer for recycling or reconditioning if available, or puncture and dispose of in a sanitary landfill, or incineration, or, if allowed by state and local authorities, by burning. If burned, stay out of smoke.

PRECAUTIONARY STATEMENTS
HAZARDS TO HUMANS

DANGER
Corrosive. Causes irreversible eye damage. May be fatal if absorbed through skin. Causes skin irritation. Do not get in eyes, on skin or on clothing. Harmful if swallowed or inhaled. Avoid breathing spray mist.

PERSONAL PROTECTIVE EQUIPMENT (PPE):
Applicators and other handlers must wear:
- Goggles or face shield
- Long-sleeve shirt and long pants
- Chemical-resistant gloves such as Nitrile, Viton, Neoprene and/or Barrier laminate
- Shoes plus socks

Follow manufacturer’s instructions for cleaning/maintaining PPE. If no such instructions exist for washables, use detergent and hot water. Keep and wash PPE separately from other laundry.

FIRST AID

IF IN EYES:
- Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after 5 minutes, then continue rinsing.
- Call a poison control center or doctor for treatment advice.

IF ON SKIN OR CLOTHING:
- Take off contaminated clothing.
- Rinse skin immediately with plenty of water for 15-20 minutes.
- Call a poison control center or doctor for treatment advice.

IF SWALLOWED:
- Immediately call a poison control center or doctor. Do not induce vomiting unless told to do so by a poison control center or doctor. Do not give any liquid to the person. Do not give anything by mouth to an unconscious person.
- Call a poison control center or doctor for further treatment advice.

IF INHALED:
- Move person to fresh air.
- If person is not breathing call 911 or an ambulance, then give artificial respiration preferably mouth to mouth.
- Call a poison control center or doctor for treatment advice.

IF SKIN TAINS:
- Do not get in eyes, on skin or on clothing.
- Harmful if swallowed or going for treatment.
- Have the product container or label with you when calling a poison control center.

Note to physician:
Probable mucosal damage may contraindicate the use of gastric lavage. Contains petroleum distillate – vomiting may cause aspiration pneumonia.

PHYSICAL OR CHEMICAL HAZARDS
Do not use or store near heat or open flame.

DISCLAIMER
The manufacturer and distributor make no warranty, expressed or implied, concerning the use of this product other than as directed on the label. The use of this product beyond the control of the manufacturer or distributor, no warranty, expressed or implied, is made as to the effects of such or the results to be obtained if not used in accordance with directions or established safe practice. Upon acceptance of delivery of this product, the buyer assumes all responsibility, including injury or damage, resulting from its misuse as such, or in combination with other materials.
