DIRECTIONS FOR USE:

1. Turn on suction.
2. Peel off Remove Before Use sticker.
3. With suction on, place palm of hand on bottom of bottle and gently push down to break membrane.
4. Shake well to thoroughly mix Isolyser LTS-Plus Powder.
5. Remove bottle, and cap open port.
6. Allow sufficient time for solidification.
7. Dispose of encapsulated material according to institutional procedures, State, Federal and Local regulations.
8. Suction will draw the LTS-Plus into the suction canister. Be sure that all LTS-Plus Powder is drawn into the suction canister.
9. Turn off suction and remove patient tubing.
10. Position Saf-T-Top over patient or ortho port on top of suction canister.

ENVIRONMENTAL HAZARDS:

This pesticide is toxic to fish and aquatic organisms. Do not discharge into lakes, streams, ponds, or other waters unless in accordance with the requirements of the National Pollutant Discharge Elimination System (NPDES) permit. Do not discharge effluent containing this product to sewer systems without previously notifying the local sewage treatment plant authority. For guidance contact your State Water Board or Regional Office of the U.S. Environmental Protection Agency.

PESTICIDE DISPOSAL:

Pesticide wastes are acutely hazardous. Proper disposal of excess pesticide is a violation of federal law. These wastes cannot be disposed of in sanitary landfills. Contact your local hazardous waste authorities for proper disposal methods.

PESTICIDE STORAGE:

Store in a cool, dry place.

KEEP OUT OF REACH OF CHILDREN

First Aid:

If swallowed, do not induce vomiting unless told to do so by the poison control center or doctor. Do not give anything by mouth to an unconscious person. If person is not breathing, call 911 or ambulance, then give artificial respiration, preferably mouth to mouth. Call a poison control center or doctor for further treatment advice.

If inhaled:

Move person to fresh air. If person is not breathing, call 911 or ambulance, then give artificial respiration, preferably mouth to mouth. Call a poison control center or doctor for further treatment advice.

If on skin or clothing:

Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control center or doctor for treatment advice.

If in eyes:

Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lens, if present after the first 5 minutes, and then continue rinsing. Call a poison control center or doctor, or when going for treatment.

For emergency medical information worldwide, call 1-651-222-5352. For emergency medical information in the US or Canada, call 1-800-328-0026.

FIRST AID:

The efficacy of this product has been demonstrated in the presence of 20% blood serum.
