DIRECTION FOR USE

It is a violation of Federal law to use this product in any manner inconsistent with its labeling. READ ENTIRE LABEL. USE ONLY IN ACCORDANCE WITH LABEL INSTRUCTIONS.

HOW TO USE
Adjust the nozzle to a coarse spray. Position sprayer tip approximately 1-2 feet away from the weed. Spray weeds until foliage is wet. Flowers and ornamentals may be reseeded or replanted into treated areas the next day.

IMPORTANT: Spray carefully. Avoid spray or drift onto desirable lawn grasses, shrubs, or trees. This product can kill or damage all vegetation contacted. If accidental spray contacts desirable foliage, immediately rinse the foliage with water.

WHEN TO USE
• Use anytime weeds are actively growing.
• For best results, apply on a warm sunny day when daytime temperature is above 60˚ F. Warm, sunny weather will speed up weed control.
• Apply only when air is calm.
• Reapply if it rains within 2 hours after application.
• Hard-to-control weeds such as bermudagrass may require a repeat application if they regrow.
• NOT to be used for spot weed control in lawns since KnockOut Weed & Grass Killer Ready-To-Use kills all green plants, including lawn grass.

NOTE:
All ornamental flowers, trees and shrubs may be planted 1 day after application.
