### FIRST AID

<table>
<thead>
<tr>
<th>Condition</th>
<th>Instructions</th>
</tr>
</thead>
</table>
| If in eyes | - Hold eye open and rinse slowly and gently with water for 15-20 minutes.  
- Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye.  
- Call a poison control center or doctor for treatment advice. |
| If swallowed | - Call a poison control center or doctor immediately for treatment advice.  
- Have person sip a glass of water if able to swallow.  
- Do not induce vomiting unless told to do so by the poison control center or doctor.  
- Do not give anything by mouth to an unconscious person. |
| If on skin or clothing | - Take off contaminated clothing.  
- Rinse skin immediately with plenty of water for 15-20 minutes.  
- Call a poison control center or doctor for treatment advice. |
| If inhaled | - Move person to fresh air.  
- If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably by mouth-to-mouth, if possible.  
- Call a poison control center or doctor for further treatment advice. |

### NOTE TO PHYSICIAN

If ingested, induce emesis or lavage stomach. Treat symptomatically.

Have the product container or label with you when calling a poison control center or doctor, or going for treatment.

### HOT LINE NUMBER

CONDITIONS OF SALE AND LIMITATION OF WARRANTY AND LIABILITY

NOTICE: Read the entire Directions for Use and Conditions of Sale and Limitation of Warranty and Liability before buying or using this product. If the terms are not acceptable, return the product at once, unopened, and the purchase price will be refunded.

The Directions for Use of this product should be followed carefully. It is impossible to eliminate all risks inherently associated with the use of this product. Crop injury, ineffectiveness or other unintended consequences may result because of such factors as manner of use or application, weather or crop conditions, presence of other materials or other influencing factors in the use of the product, which are beyond the control of Gulfstream Home and Garden or Seller. All such risks shall be assumed by Buyer and User, and Buyer and User agree to hold Gulfstream Home and Garden and Seller harmless for any claims relating to such factors.

Gulfstream Home and Garden warrants that this product conforms to the chemical description on the label and is reasonably fit for the purposes stated in the Directions for Use, subject to the inherent risks referred to above, when used in accordance with directions under normal use conditions. This warranty does not extend to the use of the product contrary to label instructions, or under abnormal conditions or under conditions not reasonably foreseeable to or beyond the control of Seller or Gulfstream Home and Garden, and Buyer and User assume the risk of any such use. GULFSTREAM HOME AND GARDEN MAKES NO WARRANTIES OF MERCHANTABILITY OR OF FITNESS FOR A PARTICULAR PURPOSE NOR ANY OTHER EXPRESS OR IMPLIED WARRANTY EXCEPT AS STATED ABOVE.

To the extent allowable under State law, Gulfstream Home and Garden or the Seller shall not be liable for any incidental, consequential, or special damages resulting from the use or handling of this product. THE EXCLUSIVE REMEDY OF THE USER OR BUYER, AND THE EXCLUSIVE LIABILITY OF GULFSTREAM HOME AND GARDEN AND SELLER FOR ANY AND ALL CLAIMS, LOSSES, INJURIES OR DAMAGES (INCLUDING CLAIMS BASED ON BREACH OF WARRANTY, CONTRACT, NEGLIGENCE, TORT, STRICT LIABILITY OR OTHERWISE) RESULTING FROM THE USE OR HANDLING OF THIS PRODUCT, SHALL BE THE RETURN OF THE PURCHASE PRICE OF THE PRODUCT OR, AT THE ELECTION OF GULFSTREAM HOME AND GARDEN OR SELLER, THE REPLACEMENT OF THE PRODUCT.

Gulfstream Home and Garden and Seller offer this product, and Buyer and User accept it, subject to the foregoing Conditions of Sale and Limitation of Warranty and Liability, which may not be modified except by written agreement signed by a duly authorized representative of Gulfstream Home and Garden.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.
Shake well before using.

STORAGE AND DISPOSAL

Do not contaminate water, food, or feed by storage or disposal.

Pesticide Storage
Store in a cool, dry place, away from heat or open flame.

Pesticide Disposal
If empty: Do not reuse this container. Place in trash or offer for recycling if available.
If partly filled: Call your local solid waste agency or call 1-866-945-5033 for disposal instructions. Never place unused product down any indoor or outdoor drain.
GENERAL INFORMATION
Maxide Dual Action Disease Killer stops and prevents diseases without harming lawns or delicate blooms and buds. Treats up to 3,840 sq. ft.

GENERAL USE PRECAUTIONS
Specially formulated for residential use.
Do not use fruit from treated crab apple trees for food purposes.
Do not apply to “Stanley” type plums.

APPLICATION INSTRUCTIONS
ESTABLISHED LAWNS
When to Mow
Apply after mowing or allow sprayed lawn to completely dry before mowing.

How to Apply
• Measure lawn. Calculate square feet by multiplying length times width.
• Spray evenly over measured area. Treat entire lawn.

How to Use the Ready-Spray System
Connect
1. Shake well before using
2. Connect sprayer to hose
3. Turn on water

Spray
1. To begin spraying, point nozzle in the direction you want to Spray.
2. Bend small plastic tab back and turn knob clockwise to ON position.
3. Spray evenly over measured area. See table below for “AREA to COVER.”

Finish
1. To stop spraying, turn knob counter clockwise to OFF position.
2. Turn off water.
3. Relieve water pressure by bending plastic tab back and turning knob to ON position until water slows to a drip. Then turn knob back to OFF position.
4. Disconnect sprayer from hose.

Area to Cover
38.4 oz. treats up to 3,840 sq. ft.

ESTABLISHED LAWN DISEASE CONTROL
When to Apply
This product is highly effective when it is used at the first sign of disease. Unless otherwise specified, treat at the first sign of disease. Reapply as directed in “COMMENTS” until lawn shows signs of recovery. Resume applications if disease reoccurs.

ADDITIONAL USE - GROWTH STIMULATOR

In addition to preventing and stopping major diseases on roses, lawns, trees, shrubs and flowers, Maxide Dual Action Disease Killer promotes faster establishment of newly planted cool season lawns.

Area to Spray for Newly Planted Cool Season Lawns
Amount to Use: 38.4 oz. treats up to 3,840 sq. ft.
1. Follow “How to use the Ready-Spray System” instructions from page 4.
2. Spray evenly over 3,840 sq. ft.

When to Apply
Lawn Seedlings: Apply at the 2 to 3-leaf stage of growth for faster root development and top growth.

ORNAMENTAL PLANTS (ROSES, FLOWERS, SHRUBS, AND SHADE TREES)

When used as directed, this product is safe to plants and controls the diseases listed. This product may injure African violets, begonias, Boston fern, geraniums or other unlisted plants, and it may not control unlisted diseases.

How to Apply
• Follow “How to use the Ready-Spray System instructions from page 4.
• Apply product to the point just when it begins to run off the leaves.
• Spray thoroughly to cover all plant surfaces (upper and lower leaf surfaces, flowers, stems and branches) including new growth.
• Allow spray to completely dry before watering.

When to Apply
This product is highly effective when it is used at the first sign of disease. Unless otherwise specified (in SPECIAL COMMENTS), treat at the first sign of disease and reapply every 21 days until plant shows signs of recovery. Resume applications if disease reoccurs.

BEARING FRUIT AND NUT TREES
When used as directed, this product is safe to plants and controls the diseases listed.

How to Apply
- Apply 4 tsp. (1 1/3 ounce) of product to 250 to 500 square feet of bearing fruit and nut trees. Apply spray mixture to the point just when it begins to run off the leaves.
- Spray thoroughly to cover all plant surfaces (upper and lower leaf surfaces, flowers, stems and branches) including new growth.
- Allow spray to completely dry before watering.

When to Apply
This product is highly effective when it is used at the first sign of disease. Unless otherwise specified (in SPECIAL COMMENTS), treat at the first sign of disease and reapply every 21 days until plant shows signs of recovery. Resume applications if disease reoccurs.

IMPORTANT
- Maxide Dual Action Disease Killer is a preventative fungicide. Applications should be made before diseases occur for best results.
- This product does not repair plants or lawns damaged by diseases. Maxide Dual Action Disease Killer stops disease(s) and prevents reinfection of treated areas. As treated plants and lawns grow they recover from disease.
- If you need more information about lawn and ornamental diseases, contact your local County Extension Service.
- People and pets may enter treated area after spray has dried.

GUARANTEE
If for any reason you are not satisfied with this product, mail us proof of purchase to obtain a full refund of your purchase price.
