**ACT with Slime Fighter**

**PRODUCT DESCRIPTION** ACT with Slime Fighter uses Atlantic Technology to provide excellent oxygen-transmission protection. Atlantic Technology enables it to break away with use and eliminates the build-up of old soil and dust on the surface. The heavy sanding effect is reduced to a minimum. ACT with Slime Fighter is very effective at controlling all forms of marine fouling in waters with moderate to heavy fouling and can be used in fresh, salt and brackish waters.

**THEORETICAL COVERAGE:** 430 gal / gal.

**PRECAUTIONARY STATEMENTS**

- **HAZARDS TO HUMANS AND DOMESTIC ANIMALS**
  - Harmful if ingested through skin or inhaled. Causes moderate eye irritation. Avoid contact with eyes, skin or clothing. Wear protective clothing such as chemical-resistant gloves, long-sleeved cotton shirts, long pants, and water protective eyewear (goggles, safety glasses, or face shield). Avoid breathing spray mist. While spraying paint or sanding or sandblasting, use a mask or respirator jointly approved by the Mine Safety and Health Administration (MSHA) and the National Institute of Occupational Safety and Health. Wash thoroughly with soap and water after handling. Remove contaminated clothing and wash clothing before reuse. May be an explosion or fire hazard.

- **FIRST AID**
  - If on skin or clothing:
    - Take off contaminated clothing.
    - Rinse eyes immediately with plenty of water for 15-20 minutes.
    - Call a poison control center or doctor for treatment advice.
  - If inhaled:
    - More person to fresh air.
    - If not breathing, call 911 or an ambulance, then give artificial respiration, preferably mouth-to-mouth if possible.
    - Call a poison control center or doctor for further treatment advice.
  - If in eyes:
    - Hold eyes open and rinse slowly and gently with water for 15-20 minutes.
    - Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye.
    - Call a poison control center or doctor for treatment advice.
  - If swallowed:
    - Call a poison control center or doctor immediately for treatment advice.
    - Do not give any liquid to the patient.
    - Do not induce vomiting unless told to do so by a poison control center or doctor.
    - Do not give anything by mouth to an unconscious person.
  - Other than the product container or label with you when calling a poison control center or doctor for any treatment.

- **ENVIRONMENTAL HAZARD**
  - This material is toxic to fish. Do not allow direct contact of equipment or disposal tanks. Do not allow fish that have been dislodged during paint removal to enter water. Dispose of paint drums in an approved landfill. Do not dispose of effluent containing this paint into lakes, streams, ponds, estuaries, oceans and other waterways in accordance with the requirements of a National Pollution Discharge Elimination System (NPDES) permit and the applicable authority. Do not discharge effluent by sewer system without previously notifying the local sewage treatment plant authority. For guidance contact your State Water Board or Regional Office of the EPA.

- **PHYSICAL OR CHEMICAL HAZARDS**
  - Flammable. Keep away from heat and open flames.

- **STORAGE AND DISPOSAL**
  - Do not store near water, food or feed by storage or disposal. Open dumping is prohibited.

- **PESTICIDE STORAGE**
  - Store in a cool, dry place.

*Note: All times are based on a flat, noncurved, 10% dry, 90% wet surface.

**APPLICATION**

- **ACT with Slime Fighter**
  - ACT with Slime Fighter can be applied over existing antifouling paint as long as the old coating is lightly adhered and is in sound condition. Soft antifouling paints will need to be removed or overcoated with Pimocane before applying ACT with Slime Fighter.

**HINTS**

- ACT with Slime Fighter can be applied over existing antifouling paint as long as the old coating is lightly adhered and is in sound condition. Soft antifouling paints will need to be removed or overcoated with Pimocane before applying ACT with Slime Fighter.

- Color difference may occur between actual paint and color swatch on front of can.
