Controls reinestation for up to 9 weeks!

Kills Fleas in as little as 1 hour
Ticks in as little as 3 hours
Flea Eggs
Flea Larvae
Quick Drying Fragrance Free

INSTRUCTIONS FOR USE

Do not use on cats. May be toxic and potentially fatal if ingested by cats. EXTERNAL USE ONLY ON DOGS ONLY. Do not use on puppies under 12 weeks of age. Wrap your dog to be sure you are applying the right dose formulated for the weight of your dog. Do not apply more than one product to a dog at a time. Over dosing your animal can result in serious illness and even death. Read and follow all directions and warnings on label. Consult a veterinarian before using this product on dehydrated, aged, medicated, pregnant, or nursing dogs. Consult a veterinarian before using on dogs with known organ destruction. DO NOT USE ON CATS or other animals other than dogs. Separate the treated dog from all other dogs and cats for 24 hours after treatment has been applied. Cats and other animals may be at risk of serious toxic effects. The most common signs of ingestion are excessive salivation and drooling at the mouth. If these symptoms occur immediately take your dog and contact your veterinarian within 24 hours. If symptoms persist call 1-800-781-4738 to talk to a veterinarian. Cats exhibiting these same symptoms from ingestion should be taken to the veterinarian immediately. If your dog is exhibiting signs of adverse reactions, consult a veterinarian immediately by calling 1-800-781-4738.

Sensitivities may occur after using any pesticide product on pets. If signs of sensitivity occur bathe your dog with a mild soap and rinse with large amounts of water. If signs continue, consult a veterinarian immediately by calling 1-800-781-4738.

HOW TO APPLY: Remove product from tube package. Holding tube with tip and pointing up and away from the face and body, cut off top end, invert over dog and use open end to point dog's nose. Sneak inside by applying all of the solution to the dog's skin, as directed below. Repeat application may be made if necessary, but do not apply more often than once every 4 weeks.

For dogs weighing 40 to 60 lbs.: Apply one tube (4.5 mL) at 1.05 mL oz.) from the back of the neck to a point midway between the neck and tail.

If you have questions or comments about this product, please write: SENTRY Consumer Response, P.O. Box 64399, Omaha, NE 68164-0399.
