Iron phosphate ............ 1.0%
OTHER INGREDIENTS .. 99.0%
Total .................. 100.0%

NET WT./ PESO NETO
4 LB. (1.81 kg)
WHITNEY FARMS®

For organic gardening
Unconsumed bait will degrade and become part of soil
Rain-proof formula

Whitney Farms® Slug & Snail Killer is effective against a wide variety of slugs and snails and will give protection to your garden, borders, lawns, flowers, ornamentals, vegetables, garden, beds, fruits, citrus, and crop plants. The bait can be scattered over the soil or around the base of plants and trees in the garden. Do not use it in buildings or in water bodies. The bait contains a formulation of 30% (w/w) of copper phytosiderate, which is a highly effective slug and snail control agent. This product is safe for use around children and pets, and it is non-toxic to birds and other wildlife.

How to use:
1. Scatter the bait around the base of plants and trees in the garden. Do not use it in buildings or in water bodies.
2. The bait contains a formulation of 30% (w/w) of copper phytosiderate, which is a highly effective slug and snail control agent. This product is safe for use around children and pets, and it is non-toxic to birds and other wildlife.

In order to control slugs and snails, scatter the bait around the base of plants and trees in the garden. Do not use it in buildings or in water bodies.
