FIRST AID

IF IN EYES - Hold eye open and rinse slowly and gently with water for 15-20 minutes. - Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. - Call a poison control center or doctor for treatment advice.

IF SWALLOWED - Do not induce vomiting unless told to do so by the poison control center or doctor immediately for treatment advice. - Have person sip a glass of water if able to swallow. - Do not induce vomiting unless told to do so by the poison control center or doctor. - Do not give anything by mouth to an unconscious person.

IF ON SKIN OR CLOTHING - Take off contaminated clothing. - Rinse skin immediately with plenty of water for 15-20 minutes. - Call a poison control center or doctor for treatment advice.

IF INHALED - Call a poison control center or doctor immediately for treatment advice. - Have person up a glass of water if able to swallow. - Do not induce vomiting unless told to do so by the poison control center or doctor. - Do not give anything by mouth to an unconscious person.

Remedy for Overdose:

Have the product container or label with you when calling a poison control center or doctor. You may also contact 1-800-420-9236 for emergency medical treatment information.

NOTE TO PHYSICIAN: Probable mucosal damage may contraindicate the use of gastric lavage.

TREATMENT INFORMATION

HAZARDS TO HUMANS AND DOMESTIC ANIMALS

DANGER - Causes irreversible eye damage. May be fatal if inhaled. Harmful if swallowed or absorbed through skin. Do not get in eyes, on skin, or on clothing. Do not breathe dust, fumes, or spray mist. Wear protective eyewear (goggles, face shield, or safety glass). Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco or using the toilet. Remove and wash contaminated clothing before reuse.

ENVIRONMENTAL HAZARDS

This pesticide is toxic to fish and aquatic organisms.

PHYSICAL OR CHEMICAL PROPERTIES

This product is a strong oxidizing agent. Use only clean, dry utensils. Mix only into water. Contamination with moisture, dirt, organic matter or other chemicals (including other pool chemicals or any other foreign matter) may start a chemical reaction with generation of heat, liberation of hazardous gases and possible generation of fire and explosion. Avoid any contact with flammable or burning material such as a lighted cigarette. Do not use this product in any anhydrous chlorine device that has been used with any inorganic or unautomated chlorine-producing compounds (e.g., calcium hypochlorite). Such use may cause fire or explosion.

DIRECTIONS FOR USE

In water temperatures less than 70°F, or as an alternate application procedure, pre-dissolve this product prior to applying evenly to the deep end of the pool. Disperse this product outdoors, in a clean plastic bucket stirring with a clean plastic or wooden spout. Add this product to water. NEVER add water to this product. NEVER add more than 1 pound of this product to 3 gallons of cool water. Do not mix with other products when pre-dissolving.

REENTRY: Remedy into treated swimming pools is prohibited above levels of 3 ppm of chlorine due to risk of bodily harm.

FOR SPA AND HOT TUB DISINFECTANT

When used as directed, this product is effective as a spa and hot tub water disinfecting agent. Ensure all spa and hot tub equipment is working properly. Follow all manufacturer’s directions. Adjust pH between 7.2-7.6. When using other products as outlined in the directions for this product, always follow directions on those products.

MAINTENANCE DOSES: With pump on, add 1/2 teaspoon of this product per 100 gallons of water (or 5 teaspoons per 1,000 gallons) as an initial treatment. Repeat at 15-20 minute intervals until a residual of 3-5 ppm of available chlorine is established as determined by test kit. A test kit must be used regularly to determine the frequency of additional doses of this product needed to maintain the chlorine residual of 3-5 ppm. SUPPION DISINCTION: Use one teaspoon of this product per 100 gallons of water (or 1 cup per 1,000 gallons). Superchlorination may be needed on a nightly basis in a heavily used spa or as infrequently as once a week in a moderately used spa.

REENTRY: Remedy into treated spas or hot tubs is prohibited above levels of 3 ppm of chlorine due to risk of bodily harm.

STORAGE AND DISPOSAL

Do not store outside pool or in freezing storage and disposal.

PESTICIDE STORAGE:

Store in a dry, cool and well-ventilated area. Avoid moisture getting into container. Keep off wet floors. In case of spillage, wash with large amounts of water. After each use, keep container tightly closed. Controlling material. Keep away from flames, sparks and all sources of heat. Avoid contact with organic material.

PESTICIDE DISPOSAL:

Pesticide wastes are acutely hazardous. Improper disposal of excess pesticides, spray mixture or rinsate is a violation of Federal Law. If these wastes cannot be disposed of by use according to label instructions, contact your State Pesticide or Environmental Control Agency, the Hazardous Waste representative at the nearest EPA Regional Office for guidance.

CONTAINER HANDLING:

Nonrefillable container. Do not reuse or refill this container. Rinse empty container thoroughly with water to dissolve all pesticide prior to disposal. Offer for recycling, if available.

EMERGENCY HANDLING:

In case of contamination or decommission do not reuse container. If possible, dispose in a sanitary landfill area. Rinse with large volumes of water. Dispose of contaminated material in an approved landfill area.

WARRANTY:

Seller warrants that this product conforms to the chemical description and is reasonably fit for the purpose stated on the label when used in accordance with label directions under normal conditions of use. But to the extent consistent with applicable law, neither this warranty nor any other warranty of MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE, expressed or implied, extends to the use of this product contrary to label instructions, or under abnormal conditions, or under conditions not reasonably foreseeable to Seller, and Buyer assumes the risk of any such use.
