Ingredients
Active Ingredients ........................................ 2.00%
Rosemary ............................................. 2.00%
Other Ingredients..................................... 98.00%
Water, Polyglyceryl Oleate, Lauric Acid
Total...................................................... 100.00%

How it Works
Natural salts and fatty acids derived from
Rosemary extracts and oils disrupt the insect cell
structure causing the insect to dehydrate and die.
SNS-217™ kills spider mite eggs by coating them
with an oily shield which prevents respiration.
Therefore no hatching will occur, they will just dry out.

Directions for Use: Shake Well Before Use
Foliar Spray - Plant Site Use For All Plants
(Leaves “Foliage”, Stems, Stalk, Fruit and around
Flowers), Coverage = 1 gallon solution will cover
approximately 550 square feet. No restricted entry
interval (REI)=0.

Depending upon severity of infestation several
applications may be required. If needed spray
every 3-5 days until you have control of the
problem. Complete coverage of all plant tissue is
necessary for control. Make sure to spray under
the leaves where spider mites hide and lay their
eggs. To reduce the chance of burning do not use
under direct sunlight or grow lamps. Use on a 7-14
day schedule as preventative maintenance. May
be used up to the day prior to harvest.

Sierra Natural Science
Spider Mite Control

Kills and Repels Spider Mites
and their Eggs

Ready to Use

Use in Herb, Vegetable & Flower Gardens,
Greenhouses and Hydroponics

Caution
Keep Out of Reach of Children

1 Gallon (3.79L) 2.5 Gallons (9.47L) 5 Gallons (18.9L) 50 Gallons (189L) 250 Gallons (945L)

This product has not been registered by the United States
Environmental Protection Agency. Sierra Natural Science
represents that this product qualifies for exemption from
registration under the Federal Insecticide Fungicide, and
Rodenticide Act. FIFRA 25(b)

Precautionary Statements: Use Eye Protection,
Chemical Rated Gloves & Long Sleeve Shirt. Not
intended for human consumption. Avoid contact with
eyes and skin. Thoroughly wash all food areas and food
materials contacted with soap and water. Do not use
near heat or open flame. Store in cool location out of
direct sunlight. Do not freeze.

First Aid: If in eyes, flush eyes with water for a minimum of 15-20
minutes. If on skin, wash skin with soap and water. If
irritation persists contact a physician. Have the product
container or label with you when calling a poison control
center or doctor, or going in for treatment. Poison control
center hotline 1-800-222-1222 if over exposure occurs.

Storage and Disposal:
Store in a cool, dry area away from heat or open flame.
Do not reuse container. Dispose in trash or offer for
recycling if available.
