3M 6000 Copper Granules

Built-in control of algae to maintain the beauty of roofing shingles

ACTIVE INGREDIENT
Cuprous oxide ......................... 2.49%
OTHER INGREDIENTS .............. 97.51%
Total ...................................... 100.00%

KEEP OUT OF REACH OF CHILDREN
CAUTION

STORAGE AND DISPOSAL
Do not contaminate water, food, or feed by storage and disposal.

Pesticide Storage:
Store under ambient conditions.

Pesticide Disposal:
To avoid wastes, use all material in this container by application according to label directions. If wastes cannot be avoided, offer remaining product to an approved waste disposal facility. Since regulations vary, consult applicable regulations or authorities before disposal.

Pesticide Container Disposal and Handling:
Where appropriate, return empty 2000 lb bulk bags to 3M for reuse.
Refillable Container. Refill this container with 3M Copper Granules only. Do not reuse this container for any other purpose. Bags should be emptied of any residual granules prior to refilling. When bag condition warrants disposal, dispose of bag in a sanitary landfill or offer for recycling if available or reconditioning if appropriate.

DIRECTIONS FOR USE
It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

If granules are to be stored prior to (and during) use, a copy of this label must be made readily accessible to employees when they are in their work area(s).

3M 6000 Copper Granules contain copper oxide, an effective algaecide for inhibiting the growth of blue-green algae that can stain roofing shingles. The granules are treated roofing granules 1-2 mm in diameter made from rock coated with copper oxide and sealed in a ceramic shell. The ceramic shell allows a timed release of copper to provide long-lasting algae control that extends the useful life of shingles. The granules are colored to match the roofing shingles.

3M 6000 Copper Granules should be mixed with standard roofing granules at the rate of 2-12% by weight and processed normally during manufacture of the shingles.

WARRANTY: 3M warrants that the 3M 6000 Copper Granules conform to the ingredient statement above.
