Insect Repellent
Repels Mosquitoes, Gnats, Chiggers, Fleas, Ticks, Biting Flies and Other Biting Insects on Exposed Skin Surfaces.

ACTIVE INGREDIENT:
DEET ..............................................................25.00%
*N-Octyl Bicycloheptene Dicarboximide ............5.00%
**Di-n-propyl isocinchomeronate ......................2.50%
OTHER INGREDIENTS............................................67.50%
TOTAL ..........................................................100.00%

*MGK® 264, Insecticide Synergist **MORPEL® Repellent 326

SAFETY DATA SHEET

PRECAUTIONARY STATEMENTS.
HAZARDS TO HUMANS AND DOMESTIC ANIMALS.
WARNING: Causes substantial but temporary eye injury. Harmful if swallowed. Do not get in eyes. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco, using the toilet. Remove and wash contaminated clothing before reuse.

FIRST AID:
IF IN EYES: Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eyes. Call a poison control center or doctor for treatment advice.
IF SWALLOWED: Call a poison control center or doctor immediately for treatment advice. Have a person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by a poison control center or a doctor. Do not give anything by mouth to an unconscious person. Have the product container or label with you when calling a poison control center or doctor or going for treatment. For information regarding medical emergencies or pesticide incidents, call 1-877-852-0086.

PHYSICAL OR CHEMICAL HAZARDS: Flammable. Contents under pressure. Keep away from heat, sparks and open flame. Do not puncture or incinerate container. Exposure to temperatures above 130 °F may cause bursting.

DIRECTIONS FOR USE:
It is a violation of Federal Law to use this product in a manner inconsistent with its labeling. READ AND FOLLOW ALL DIRECTIONS AND PRECAUTIONS ON THIS PRODUCT LABEL.

To repel the listed insects: Use just enough repellent to cover exposed skin and/or clothing. Do not use under clothing. Avoid over-application of this product. Frequent reapplication and saturation is unnecessary for effectiveness. If used on the face, spray on hands first and then apply sparingly and avoid eyes. Do not spray directly onto face.
Do not apply over cuts, wounds, or irritated skin. Do not apply near eyes and mouth. Apply sparingly around ears. Do not apply to children’s hands. Do not allow children to handle this product. When using on children, apply to your own hands and then put it on the child. Use just enough repellent to cover exposed skin and/or clothing. Do not apply more than 3 times per day to children ages twelve (12) and under. For ticks and chiggers, also apply to shoe tops, socks, and around openings in clothing. After returning indoors, wash treated skin with soap and water. Wash treated clothing before wearing it again. Use of this product may cause skin reactions in rare cases. If you suspect a reaction to this product, discontinue use, wash treated skin, and call your local poison control center. If you go to a doctor, take this product with you.

STORAGE AND DISPOSAL:
PESTICIDE STORAGE: Keep this product in its tightly closed original container, when not in use. Store in a cool, dry (preferably locked) area that is inaccessible to children and animals.
PESTICIDE DISPOSAL AND CONTAINER HANDLING: Do not Puncture or Incinerate! Non-refillable container. Do not reuse or refill this container. If empty. Place in trash or offer for recycling if available. If partly filled: Call your local solid waste agency for disposal instructions.

Hazards
Health: Acute toxicity, oral (Category 4)
- Acute toxicity, dermal (Category 4)
- Skin corrosion/irritation (Category 2)
- Serious eye damage/eye irritation (Category 2B)
- Skin sensitization (Category 1)
Specific target organ toxicity, single exposure (Category 3, narcotic effects)
Ingestion: May be harmful if swallowed.
Inhalation: May cause drowsiness and dizziness, headache, or nausea.
Skin contact: Harmful in contact with skin. Causes skin irritation. May cause allergic skin reactions.
Eye contact: Causes serious eye irritation.
Carcinogenicity: No ingredients listed by NTP, IARC or OSHA
Chronic effects: None known.
Physical: Flammable aerosols (Category 1)
Gases under pressure (Liquefied gas)
Extremely flammable aerosol. Contains gas under pressure; may explode if heated. Do not use or store near heat, sparks, open flame, or any other ignition sources. Do not puncture or incinerate.

First-aid measures
Inhalation: Move to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration. Call a POISON CENTER or physician if you feel unwell.
Skin contact: Remove contaminated clothing. Wash off immediately with plenty of water for at least 15 minutes. If skin irritation or rash occurs: Get medical advice/attention.
Eye contact: Immediately flush eyes with plenty of water for at least 15 minutes. Remove contact lenses, if present and easy to do. Continue rinsing. Get medical attention if irritation develops and persists.
Ingestion: Rinse mouth. If vomiting occurs, keep head low so that stomach content doesn’t get into the lungs. Get medical attention if you feel unwell.

Personal Protection
Eye/face: Wear safety glasses with side shields (or goggles).
Skin: Wear protective gloves and appropriate chemical resistant clothing.
Respiratory protection: No personal respiratory protective equipment normally required.

Safe Handling
General: Do not use near sources of ignition. Avoid breathing mist, vapor or gas. Avoid contact with skin and eyes. Provide adequate ventilation. Observe good industrial hygiene practices. Wash hands thoroughly after handling.
Fire: Suitable extinguishing media are alcohol resistant foam, water fog and carbon dioxide (CO2). Firefighters must use standard protective equipment. Use water spray to cool unopened containers.
Spill clean-up: Eliminate all ignition sources (no smoking, flares, sparks, or flames in immediate area). This material should be prevented from contaminating soil or from entering sewage and drainage systems which lead to waterways. Absorb spillage with non-combustible, absorbent material. Dispose of spent absorbent in an approved industrial waste landfill.
Storage: Store in a cool, dry place out of direct sunlight. Store in a well-ventilated place. Do not expose to heat or store at temperatures above 130°F/54°C as can may burst.
Disposal: D001 – flammable waste. Do not puncture or incinerate container. Dispose of contents/container in accordance with local/regional/national regulations.
Transport: UN1950, Aerosols, flammable, 2.1, Limited Quantity

Properties
Appearance: Clear liquid
Odor: Mild alcohol
Melting point/freezing point: -138.5 °F (-94.7 °C)
Initial boiling point: 132.9 °F (56.1 °C)
Flash point: 75 °F (23.9 °C)
Explosive limit - lower (%) 2% (est)
Explosive limit - upper (%) 12.8% (est)
Evaporation rate: Moderate
Vapor pressure: 1234.3 hPa
Vapor density: > 1 (Air = 1)
Relative density: 0.8
Solubility(ies): Immiscible in water.
Auto-ignition temperature: 700 °F (371.1 °C)
VOC (Weight %): 64.9%
Stability: Stable
Incompatible materials: Acids, strong oxidizers, isocyanates, chlorine
Hazardous decomposition products: Oxides of carbon and nitrogen
