PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS AND DOMESTIC ANIMALS

CAUTION

Harmful or poisonous. Harmful if inhaled. May cause nausea, vomiting, dizziness, weakness, convulsions, and death. Avoid contact with eyes, skin or clothing. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, or using tobacco.

PERSONAL PROTECTIVE EQUIPMENT

All industrial workers applying this product must wear coveralls over a long-sleeved shirt and long pants, shoes, socks, and chemical-resistant gloves. During cleaning, a chemical-resistant apron and goggles or face shield/mask also be worn.

ENVIRONMENTAL HAZARDS

This product is toxic to fish. Do not apply for use in watercourses or in areas where drinking water is discharged in the surface water. Do not contaminate water (by cleaning equipment or disposal of waste) or feed or food or livestock or farm equipment. Do not discharge effluent containing this product into lakes, streams, ponds, etc., in accordance with the requirements of a National Pollutant Discharge Elimination System (NPDES) permit and the permitting authority. No permit is required for containing the product to sewer systems without prior notification to the local sewage treatment plant authority. For guidance contact your State Water Board or Regional Office of the EPA.

STORAGE AND DISPOSAL

Do not contaminate water, food, or feed by storage or disposal. Open dumping is prohibited.

PESTICIDE STORAGE: Keep from freezing. Do not store above 120°F.

PESTICIDE DISPOSAL: Pesticide wastes are toxic. Improper disposal of excess pesticide, spray equipment, or empty containers is a violation of federal law. If these wastes cannot be disposed of by use according to label instructions, contact your State Pesticide or Environmental Control Agency or the U.S. Environmental Protection Agency for guidance.

CONTAINER HANDLING

Incompatible container. Do not reuse or refill this container.

Plastic Containers: Store in original container. If original container is not available, store in a suitable container. Place container on a level surface. Do not store in areas where freezing may occur. Keep container tightly closed. Do not store near food or feed.

KEEP OUT OF REACH OF CHILDREN

CAUTION

FIRST AID

IF IN EYES: Hold open eyelids and flush with water for 15 to 20 minutes. Remove contact lenses, if present, after first 5 minutes, then continue flushing eyes.

IF ON SKIN OR CLOTHING: Remove contaminated clothing. Rinse skin immediately with plenty of water for 15 to 20 minutes. Call a poison control center or doctor for treatment advice.

IF INHALATION: Call a poison control center or doctor for treatment advice.

IF SWALLOWED:

- Call a poison control center or doctor for treatment advice.
- Do not induce vomiting.
- Do not give anything by mouth to an unconscious person.
- Wash mouth with plenty of water. Call a poison control center or doctor for treatment advice.

100%

GENERAL PRECAUTIONS AND RESTRICTIONS

Do not apply this product in a way that will contact water or other surfaces or that will cause runoff into public or private storm drains.

USER SAFETY REQUIREMENTS

Follow manufacturer's instructions for cleaning/maintaining PPE. If non-sudsing instructions for sudsing, use detergents for hot water. Keep and wash PPE separately from other laundry.

USER SAFETY RECOMMENDATIONS

Wear gloves when handling this product. Wash the outside of gloves before removing. Be as safe as possible, wash thoroughly, and change into clean clothing. Use only non-flammable solvents for cleaning, and do not clean with pressurized sprays.

ENGINEERING CONTROLS

This product must be used and transported only using a motorized fire system or closed loading/application system for the following use industrial/national in closed storage tanks, and evaporative cooler systems, and all storage. Open or pressurized PPE will be AMERSPERSE® 280 in addition to being a bittering agent and inert ingredient is a highly effective additive for use in controlling the growth of algae, as well as bacteria and fungi in industrial and residential water cooling towers, evaporative condensers, and all condensers.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling. This product must not be used on any food or feed crops or in any方式 for use on food or feed crops.

INDUSTRIAL RECIRCULATING WATER COOLING TOWER AND EVAPORATIVE CONDENSERS

Package for industrial cooling: water cooling tower or evaporative coolers, will depend on the contact of the system prior to treatment with the system. Systems which are heavily contaminated should be treated last. Apply AMERSPERSE® 280 to the cooling tower system within 2 hours of being filled. Apply AMERSPERSE® 280 at a concentration of 2.0 to 3.0 gallons of water to the system (40-60 gallons per 1,000 gallons of water) for 6 to 8 hours. This dose may be repeated once, twice or three times weekly or as required to control the growth of slime-forming organisms. AMERSPERSE® 280 in the system for 36 hours or less.

AIR WASHERS

In treating air washer system, the program with introducing a suitable agent into the system and allow the new system to run for ten or ten-three hours. Check all systems and manually clean those that are plugged. AMERSPERSE® 280 may be fed directly from the drum or fed as a feed system. Initial Dose: Apply 12.0 to 15.0 gallons of water on each 1000 gallons of water in the system (100-200 gallons). This dose may be repeated once, twice or three times weekly or as required to control the growth of slime-forming organisms.

WARRANTY STATEMENT: Seller warrants that the product conforms in all respects to the description on the label and to the description on the label and does not contain any active or inert ingredients that are harmful to the environment. THE PURCHASER ASSUMES ALL RISK AS TO THE USE OF ANY OTHER NARROWS IN WASTE WATER TREATMENT THAN AN EXPRESSLY SET FORTH HEREIN, ARE EXPRESSLY EXCLUDED THEREFROM.

NOTE: The investigator must be thoroughly trained in methods of use of this product.
