PERCAUTIONARY STATEMENTS

HAZARDS TO HUMANS AND DOMESTIC ANIMALS

CAUTION: Harmful if swallowed, inhaled or absorbed through skin.
Avoid contact with skin, eyes or clothing. Avoid breathing vapor or spray mist.

STORAGE AND DISPOSAL

Do not contaminate water, food, or feed by storage or disposal.

PESTICIDE STORAGE: Store in a cool, dry and secure area. Store in original sealed container away from food or feed.

PESTICIDE DISPOSAL: Wastes resulting from the use of this product may be disposed of on-site or at an approved waste disposal facility.

CONTAINER DISPOSAL: Non-refillable container. Do not reuse or refill this container. If empty: Place in trash or offer for recycling if available. If partly filled: Call your local solid waste agency for disposal instructions. Never place unused product down any indoor or outdoor drain.

NOTE TO PHYSICIAN: Contains petroleum distillate. May pose an aspiration pneumonia hazard.

FIRST AID

If on Skin or on Clothing:
• Take off contaminated clothing.
• Rinse skin immediately with plenty of water for 15-20 minutes.
• Call a poison control center or doctor for further treatment advice.

If Swallowed:
• Call a poison control center or doctor immediately for treatment advice or transport the patient to the nearest hospital.
• Do not give any liquid to the patient.
• Do not administer anything by mouth.
• Do not induce vomiting unless told to do so by the poison control center or doctor.

If Inhaled:
• Move person to fresh air.
• If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably mouth-to-mouth, if possible.
• Call a poison control center or doctor for further treatment advice.

Have product container or label with you when calling a poison control center, or doctor, or going in for treatment.

For 24-hour emergency information on this product, call 1-800-498-5743 (US & Canada) or 1-651-523-0318 (all other areas).

Keep out of reach of children

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS AND DOMESTIC ANIMALS:
CAUTION: Harmful if swallowed, inhaled or absorbed through skin. Avoid contact with skin, eyes or clothing. Avoid breathing vapor or spray mist.

ENVIRONMENTAL HAZARDS:
This pesticide is extremely toxic to aquatic organisms including fish and invertebrates. To protect the environment, do not allow pesticide to enter or run off into waterbodies, drainageways, ditches, gutters, or surface waters. Applying this product in calm weather when rain is not predicted for 2 hours will help to ensure that wind or rain does not change into clean clothing.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

READ THIS LABEL: Read the entire label and follow all use directions, use restrictions and precautions.

USE RESTRICTIONS

Except when applying to livestock, do not enter or allow others to enter treated areas until the product has dried.

Application Restrictions:
• Except when applying to livestock, do not apply this product in a way that will contact workers or other persons, either directly or through drift.
• Except when applying to livestock, only protected handlers may be in the area during application.

Use of this product for livestock is not permitted in or on animal feed, water, medicated items, or in animal dips.

Other than applications to building foundations, all outdoor applications to impervious surfaces such as sidewalks, driveways, patios, porches, and structural surfaces (such as windows, doors and antennas) should be limited to spot and crack-and-crevice application only.

Application is prohibited directly into sewers or drains, or to any area like a gutter where drainage to sewers, storm drains, water bodies, or aquatic habitation can occur. Do not allow the product to enter any drain during or after application.

When used in dairy barns or facilities:
Close milk bulk tank lids to prevent contamination from spray and from dead or falling insects. Remove or cover milking units before application. Wash teats of animals before milking.

Do not use sponge to apply.

APPLICATION DIRECTIONS & STORAGE AND DISPOSAL on reverse side of leaflet.
APPLICATION DIRECTIONS

Appropriate Animals: Apply 6 fl. oz. (180 ml) per 100 lbs. body weight of animal, up to a maximum of 5.5 fl. oz. for any one animal over a 14 day interval. POUR-ON: Pour along back line and down face. Apply 2 fl. oz. (60 ml) per 50 lbs. body weight of animal, 3 fl. oz. for any one animal over a 14 day period.

For pour-on and ready-to-use applications, repeat treatment as needed but do not exceed 5 fl. oz. for any one animal over a 14 day period. For optimum insecticidal effectiveness against lice, pour along back line and down face. Apply ¼ fl. oz. (7.5 cc) per 50 lbs. body weight of animal, 3 fl. oz. for any one animal over a 14 day period. Use undiluted in a mist sprayer. Apply directly to backrubber use: Mix one pint per gallon #2 diesel or mineral oil. Keep rubbing device charged. Results are improved by daily focused use.

For use as a ready-to-use spot spray or premise spray: for 1 animal, up to a maximum of 5 fl. oz. for any one animal over a 14 day period. For optimum insecticidal effectiveness against lice, pour along back line and down face. Apply ¼ fl. oz. (7.5 cc) per 50 lbs. body weight of animal, 3 fl. oz. for any one animal over a 14 day period.
