INTERLUX®
FIBERGLASS BOTTOMKOTE® AQUA

DIRECTIONS FOR USE

It is a violation of federal law to use this product in a manner inconsistent with its labeling.

PRODUCT DESCRIPTION: FIBERGLASS BOTTOMKOTE® AQUA provides a hard, scuffable finish that will give premium protection from algae, barnacles, oysters, mussels and other forms of fouling. FIBERGLASS BOTTOMKOTE® AQUA is designed for use on either existing or new fiberglass hulls, and for those who want a little extra speed, the surface can be wet-sanded to provide a smooth finishing finish with less drag. FIBERGLASS BOTTOMKOTE® AQUA is also low in Volatile Organic Content (VOC) which limits present, latent emissions into our atmosphere, with the added benefit of easy clean-up with soap and water. FIBERGLASS BOTTOMKOTE® AQUA is for use below the waterline in fresh, salt and brackish waters on fiberglass, wood and properly beamed metal boat hulls and parts. Ground plane calculations.

COMPATIBILITY: FIBERGLASS BOTTOMKOTE® AQUA can be applied over most antifouling paints as long as the old coating is tightly adherent and in good condition. When applying over conventional antifouling paints, thoroughly sand 30 to 60 grit wet-dry sandpaper before applying over stiff-vehicle type antifouling paints. Sanding is required. Soft sailboat based coatings should be removed prior to application of FIBERGLASS BOTTOMKOTE® AQUA.

V.O.C.: Less than 150 grams per liter
THINNING: Thin only if necessary. Do not exceed 10% by volume.
CLEAN UP: Soap and water. Be sure to observe proper disposal procedures for all antifouling paints.
THEORETICAL COVERAGE: 400 sq. ft./gal./coat.
APPLICATION TEMPERATURE: 50° F (10° C) and above.

PREVIOUSLY PAINTED SURFACES - GOOD CONDITION: Remove all loose scale and paint contamination by sanding the entire surface with 80 grit sandpaper then thoroughly sand with 320 grit paper. Apply a coat of FIBERGLASS BOTTOMKOTE® AQUA, allowing proper dry time. See compatibility section for additional information.

PREVIOUSLY PAINTED SURFACES - POOR CONDITION: Completely remove all old antifouling paint with Intersol® Epoxy Surfacing and Filling Compound 417A/4118®, sand and wipe clean. Sanding does not remove contamination.

NO SAND SYSTEM: Prepare surface as described above - Apply one coat of Interlux® Armorprime 200® with brush or roller. Follow label directions for flashing. Apply at least two coats of FIBERGLASS BOTTOMKOTE® AQUA allowing a minimum of 6 hours between coats.

SHADY FIBERGLASS - SANDING SYSTEM: Prepare surface as described above - Sand entire surface with 80 grit sandpaper. Allow to dry until a film is obtained. Wire brush sanding residue with Intersol® Epoxy Surfacing and Filling Compound 417A/4118®, sand and wipe clean. Apply one coat of FIBERGLASS BOTTOMKOTE® AQUA allowing a minimum of 6 hours between coats.

SHADY FIBERGLASS - NO SAND SYSTEM: Prepare surface as described above - Apply two coats of FIBERGLASS BOTTOMKOTE® AQUA allowing a minimum of 6 hours between coats.

AIRLESS SPRAY: Use with certified airless spray gun.

PRECAUTIONARY STATEMENTS HAZARDS TO HUMANS AND DOMESTIC ANIMALS

WARNING

Causes eye irritation. Harmful if absorbed through skin. Avoid contact with skin, eyes or clothing. Wear protective clothing such as gloves, long-sleeved cotton shirt, long pants, and hat. May be flammable if swallowed or inhaled. Do not breathe dust, vapor or spray mist. While spraying and/or sanding boat surface, wear a face mask and respirator. Weekly approved by the Mining Enforcement and Safety Administration and by the National Bureau for Occupational Safety and Health. Rinse contaminated clothing and with soap and water after handling. Wash hands before eating, drinking, smoking or using the toilet.

FIRST AID

If Swallowed:

• Call a poison control center or doctor immediately for treatment advice.
• Have person sip a glass of water if able to swallow.
• Do not induce vomiting unless told to do so by a poison control center or doctor.
• Do not give anything by mouth to an unconscious person.

If on skin or clothing:

• Take off contaminated clothing.
• Rinse skin vigorously with plenty of water for 15 to 20 minutes.
• Call a poison control center or doctor for treatment advice.

Inhalation:

• Move person to fresh air.
• If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably mouth-to-mouth if possible.

• Call a poison control center or doctor for further treatment advice.

In Eyes:

• Hold eye open and rinse slowly and gently with water for 15 to 20 minutes.
• Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye.

• Call a poison control center or doctor for treatment advice.

Other:

• Keep the product container or label with you when calling a poison control center or doctor for further treatment advice.

ENVIROMENTAL HAZARDS

This material is toxic to fish. Do not apply directly to water by cleaning of equipment or disposal of wastes. Do not allow chips and dust generated during sanding to enter water. Disposal of paint is covered by approved landfill. Do not discharge effluent containing this product into lakes, streams, ponds, septic tanks, oceans or other waters unless in accordance with the requirements of a National Discharge Elimination System (NPDES) permit and the permitting authority has been notified in writing prior to discharge. Do not dispose of paint, waste or packaging in refuse system unless previously notifying the local sewage treatment plant authority. For guidance contact your State Water Board or Regional Office of the EPA.

STORAGE AND DISPOSAL

Do not contaminate water, food or feed by storage or disposal. Pesticide Disposal. Pesticide waste is toxic. Open dumping is prohibited. Pesticide, spray mixture, or rinse that cannot be used or chemically treated should be disposed of according to procedures approved by Federal, State, or local authorities.

Container Disposal: Three times (or less) or evaporation and disposed of in an approved landfill. Consult local, State, or local disposal authorities for approved alternative procedures.

For Chemcial Emergency, Spill, Leak, Exposure or Accident, Call TOLL FREE - DAY OR NIGHT - 1-800-423-5430. MEDICAL ADVISORY NUMBER - CONTACT YOUR LOCAL POISON CONTROL CENTER OR CALL 1-800-222-1222.
