PRECAUTORY STATEMENTS: HAZARDS TO HUMANS & DOMESTIC ANIMALS
CAUTION: Harmful if swallowed. Avoid contact with skin or clothing. Prolonged or frequently repeated skin contact may cause allergic reactions in some individuals. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, or using tobacco. Remove and wash contaminated clothing before reuse.

FIRST AID: IF SWALLOWED: Immediately call a poison control center or doctor. Do not include vomiting unless told to do so by a poison control center or doctor. Do not give anything by mouth to an unconscious person.

If ON SKIN OR CLOTHING: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control center or doctor for treatment advice.

NOTE TO PHYSICIAN: Contains petroleum distillate—vomiting may cause aspiration pneumonia. HOT LINE NUMBER: Have the product container or label with you when calling a poison control center or doctor, or going for treatment. In case of Medical emergencies, call National Poison Control Center at 1-800-222-1222.

ENVIRONMENTAL HAZARDS: This product is extremely toxic to fish and other aquatic organisms. Do not apply directly to water. PHYSICAL HAZARDS: Contains under pressure. Keep away from heat, sparks and open flame. Do not puncture or incinerate container. Exposure to temperatures above 130°F may cause bursting. Do not apply this product in or on electrical equipment due to the possibility of shock hazard.

DIRECTIONS FOR USE: It is a violation of federal law to use this product in a manner inconsistent with its labeling.
- Do not apply to classrooms when in use.
- Do not apply in hospital patient rooms while occupied or in any room occupied by the elderly or infirm.
- Do not use in aircraft cabins.
- Do not apply to institutions (including libraries, sport facilities) in the immediate area when occupants are present.
- Do not apply as a broadcast application in residences or animal contact areas.

This product works in two ways: 1) It kills bugs fast on contact; and 2) Its residual action keeps on killing German Cockroaches and Houseflies for up to 3 months after spray.

SHAKE WELL BEFORE EACH USE: Hold container upright. Do not spray up into air. Apply to surfaces only. Remove protective cap and direct spray away from face. Hold can 12-15 inches from surface being treated, and spray in a down and spray directed. Test product in an inconspicuous area before applying. Spray surface until slightly wet but not to the point of runoff. Over application may cause damage. This product will not stain surfaces or fabrics where water alone causes no damage. Remove pets, birds and cover fish aquariums before spraying. Do not allow dogs or cats to re-enter treated area until spray deposits have dried. Cover all food processing surfaces before treatment or thoroughly after treatment. Cover or remove food prior to treatment.

MADE IN U.S.A. By
990 Industrial Park Drive • Marietta, GA 30062

This product is intended for use in and around structures and their immediate surroundings. Permitted areas of use include (but are not limited to): basements, bathrooms, boats, barns, campers, garages, kitchens, pet sleeping areas, recreational vehicles, storage areas, apartment buildings, cafeterias, cramatoriums, day care centers, factories, food/feed areas of food processing plants, food service establishments, food manufacturing and warehousing establishments, hotels, hospitals, industrial plants, jails, kennels, motels, mausoleums, masts, marinas, morgues, nursing homes, office buildings, other public buildings, condiments, railroad cars, recreational areas, restaurants, schools, ships, supermarkets, taverns, theaters, trailers, trains, transportation vehicles, trucks, truck trailers, utility rooms, warehouses, wineries, zoos.

Food/Feed Handling Establishments: For control of all labeled pests, applications are permitted in the food/feed areas of food handling and processing establishments as a general surface, spot or crack and crevice treatment. Do not apply as a space spray. Do not apply in the food/feed handling areas of the facility when the facility is in operation or food/feeds are exposed. Do not directly apply to food/products. Cover or remove all food/feeds processing and/or handling equipment prior to application. After application in food/feed processing plants, cafeterias and similar facilities, wash all equipment, benches, shelving and other surfaces that will contact food or feed. After removing all food from these areas, clean all food contact surfaces with appropriate equipment.

Food/feed handling establishments are defined as places other than private residences in which exposed food/feed is held, processed, prepared or served. Included also are areas for receiving, storing, packing (canning, bottling, wrapping, boxing), preparing, edible waste storage and enclosed processing systems (mills, dairies, edible oil plants) and facilities in the immediate area where food/feeds are exposed and the facility is in operation are also considered food/feed areas.

Non-food/feed areas include garbage rooms, lobbies, lobbies, floor drains (to sewers), entries and vestibules, offices, living rooms, bedrooms, bathrooms, floors, family areas, and other rooms, boiler rooms, mop closets and storage (after packaging, canning or bottling). All areas that insects inhabit or through with insects may enter should be treated.

INDOORS: Cockroaches including adult and immature stages of both non-resistant and organophosphate and carbamate resistant species. Press button down and spray directly. Test product in an inconspicuous area before applying. Spray surface until slightly wet but not to the point of runoff. Over application may cause damage. This product will not stain surfaces or fabrics where water alone causes no damage. Remove pets, birds and cover fish aquariums before spraying. Do not allow dogs or cats to re-enter treated area until spray deposits have dried.

Cover all food processing surfaces before treatment or thoroughly after treatment. Cover or remove food prior to treatment.

STORAGE AND DISPOSAL: Do not contaminate water, food or feed by storage and disposal. STORAGE: Store in a cool, dry area away from heat, sparks and open flame. Do not transport or store below 32°F. DISPOSAL: Do Not Puncture or Incinerate! IF EMPTY: Place in trash or offer for recycling if available. IF PARTIALLY FILLED: Call your local solid waste agency or 1-800-CLEANUP for disposal instructions.
