Supplemental Label

For use on bulb vegetables

Active Ingredient:
boscalid, 3-pyridinecarboxamide, 2-chloro-N-(4’-chloro(1,1’-biphenyl)-2-yl)........................................ 70.0%
Other Ingredients: .............................................................................................................................. 30.0%
Total:  ........................................................................................................................................... 100.0%

EPA Reg. No. 7969-197
Refer to the Endura® fungicide main label, EPA Reg. No. 7969-197, for complete Directions For Use and all applicable restrictions and precautions. This label and the entire Endura container label must be in the possession of the user at the time of pesticide application.

Directions For Use
It is a violation of federal law to use this product in a manner inconsistent with its labeling. DO NOT apply this product in a way that will contact workers or other persons, either directly or through drift. Only protected handlers may be in the area during application. For any requirements specific to your state or tribe, consult the agency responsible for pesticide regulation.

General Information
Endura provides optimum disease control when applied in a regularly scheduled protective fungicide program and used in a spray program that rotates fungicides with different modes of action. Refer to the Endura main label for general resistance management information and to the Crop-specific Use Directions found in this label.

Application Information
Apply Endura according to the rate, timing, and resistance management use recommendations in the Crop-specific Use Directions in this label. Observe the additional application instructions, additive use and mixing order on the Endura main label.

Endura may be applied by ground sprayer, aerial equipment or through sprinkler irrigation systems. Refer to the Endura main label for specific instructions on these methods.

Restrictions and Limitations
Endura is not for use in greenhouse or transplant production systems.
Follow the use restrictions outlined in the Crop-specific Use Directions in this label for:
- Product use rate per acre
- Maximum number of applications per season
- Maximum product rate per acre per season
- Minimum preharvest interval (PHI)

</tbody>
</table>

**Application Directions.** For control of purple blotch and Botrytis leaf blight, begin applications of Endura® fungicide prior to disease development and continue on a 7- to 14-day interval.

Use the shorter interval when disease pressure is high.

**Resistance Management.** To limit the potential for development of resistance, **DO NOT** make more than six (6) applications of Endura per season.

**DO NOT** make more than two (2) applications of Endura before alternating to a labeled fungicide with a different mode of action.

Instructions for In-furrow Use to Aid in the Control of Soilborne White Rot (Sclerotium cepivorum) in Garlic and Onions

<table>
<thead>

<td></td>
</tr>
</tbody>
</table>

**Application Directions.** Apply Endura at planting as an in-furrow spray by directing spray pattern to the soil bed. Use a 4- to 6-inch band spray pattern applied directly over/into the seed furrow before covering with soil. Depending upon the level of potential infection, make additional foliar applications at the 6.8 ozs/A rate. Use a minimum volume of application of 5 gallons of water per acre.

Apply no more than a total of 41 ozs/A per season for a combination of the in-furrow and foliar uses.
Conditions of Sale and Warranty

The Directions For Use of this product reflect the opinion of experts based on field use and tests. The directions are believed to be reliable and must be followed carefully. However, it is impossible to eliminate all risks inherently associated with the use of this product. Crop injury, ineffectiveness or other unintended consequences may result because of such factors as weather conditions, presence of other materials, or use of the product in a manner inconsistent with its labeling, all of which are beyond the control of BASF CORPORATION ("BASF") or the Seller. To the extent consistent with applicable law, all such risks shall be assumed by the Buyer.

BASF warrants that this product conforms to the chemical description on the label and is reasonably fit for the purposes referred to in the Directions For Use, subject to the inherent risks, referred to above.

TO THE EXTENT CONSISTENT WITH APPLICABLE LAW, BASF MAKES NO OTHER EXPRESS OR IMPLIED WARRANTY OF FITNESS OR MERCHANTABILITY OR ANY OTHER EXPRESS OR IMPLIED WARRANTY.

TO THE EXTENT CONSISTENT WITH APPLICABLE LAW, BUYER'S EXCLUSIVE REMEDY AND BASF'S EXCLUSIVE LIABILITY, WHETHER IN CONTRACT, TORT, NEGLIGENCE, STRICT LIABILITY, OR OTHERWISE, SHALL BE LIMITED TO REPAYMENT OF THE PURCHASE PRICE OF THE PRODUCT.

TO THE EXTENT CONSISTENT WITH APPLICABLE LAW, BASF AND THE SELLER DISCLAIM ANY LIABILITY FOR CONSEQUENTIAL, EXEMPLARY, SPECIAL OR INDIRECT DAMAGES RESULTING FROM THE USE OR HANDLING OF THIS PRODUCT.

BASF and the Seller offer this product, and the Buyer and User accept it, subject to the foregoing Conditions of Sale and Warranty which may be varied only by agreement in writing signed by a duly authorized representative of BASF.
